

CITY OF HENDERSONVILLE AGENDA ITEM SUMMARY

SUBMITTER: Adam Steurer **MEETING DATE:** November 5, 2026

AGENDA SECTION: CONSENT **DEPARTMENT:** Water & Sewer

TITLE OF ITEM: Water Shortage Response Plan Update and Article VI. Water Shortage Response and Conservation Ordinance Revisions – *Adam Steurer, Utilities Director, Water & Sewer*

SUGGESTED MOTION(S):

I move City Council adopt the Water Shortage Response Plan dated November 2026 and approve revisions to Chapter 52 Article VI. Water Shortage Response and Conservation Ordinance.

SUMMARY:

The City's public water system is required to develop and implement water conservation measures to respond to drought or other water shortage conditions. Due to the recent completion of the French Broad River Intake, which provides additional water supplies and improves drought resiliency, staff are recommended revisions to the Water Shortage Response Plan. Staff presented revisions to the Plan to City Council and the Water and Sewer Advisory Council in July 2026.

Staff also recommend revisions to the Code of Ordinances Chapter 52 Article VI. Water Shortage Response and Conservation to improve implementation and enforcement of the Water Shortage Response Plan measures and procedures.

BUDGET IMPACT: N/A

Is this expenditure approved in the current fiscal year budget? N/A

If no, describe how it will be funded. N/A
