

CITY OF HENDERSONVILLE AGENDA ITEM SUMMARY

SUBMITTER: Adam Steurer **MEETING DATE:** January 8, 2025
AGENDA SECTION: Consent Agenda **DEPARTMENT:** Utilities
TITLE OF ITEM: Amendment 1 - Construction Phase Services to support the WWTF Biosolids Thermal Dryer Project– *Adam Steurer, Utilities Director*

SUGGESTED MOTION(S):

I move City Council to adopt the Resolution By the City Council authorize the City Manager approve Amendment 1 of the Engineering Services Contract for Construction Phase Services related to the WWTF Biosolid Thermal Dryer Project.

SUMMARY:

The Wastewater Treatment Facility (WWTF) Biosolids Thermal Dryer project will produce a high-quality, thermally dried product that is safe for beneficial reuse through distribution or land application. The thermal dryer equipment, once operational after completion of the project, will reduce the utility's current solids hauling and disposal costs and reduce the utility's vulnerability on reliance of the volatile private hauling and landfills disposal markets.

The engineering services included in this Amendment 1 generally include construction administration, construction observation, and materials testing.

Staff previously completed a qualifications-based selection for engineering services and selected engineering firm McKim and Creed as most qualified to provide the services. These services are consistent with the previous professional services.

BUDGET IMPACT: \$877,538.00

Is this expenditure approved in the current fiscal year budget? YES

If no, describe how it will be funded. Funds are allocated through a CPO. Project #16036.
