Subject: Emergency Loan Award for Hurricane Helene Water Infrastructure Damage

Dear Mr. Steurer:

I am very pleased to award you interest-free financing that should act as a cash flow bridge between your immediate needs and federal reimbursement of disaster expenses.

I have never seen such severe and extensive damage in the western part of our state. The force of water it took to sweep away infrastructure, carve out river channels, and deposit silt across our riverside streets and buildings was astounding. I am similarly amazed by the hard work and dedication that you and your community demonstrated in the aftermath to take care of each other and begin to put things right again.

For our part, as soon as the reports came in on the devastation, I directed my staff to do everything we could to support you in rebuilding. Upon their recommendation, I activated emergency loan funding and waived program fees. The Legislature authorized and Governor Cooper signed into law the disaster relief package that provided additional funding to the program.

As a loan that bridges the time gap between your current expenses and federal reimbursement, you will not repay the loan until the earlier of June 2030 or receipt of federal disaster relief. You may also ease cash flow demands by submitting invoices to us for your incurred costs prior to paying your contractors. Federal agencies may reimburse emergency loans, including this loan. I and my staff will continue to partner with you and with federal agencies to ensure this works seamlessly for you and eases the burden of rebuilding public infrastructure.

Your partner in natural disaster recovery,

Subject: Letter of Intent to Fund and Funding Offer Transmittal
Emergency Bridge Loan for Hurricane Helene Damages
DWI Project No.: HEL-0017

Dear Adam Steurer:

The Division of Water Infrastructure (Division) has received your local government unit's (Recipient's) *Request for Emergency Loan Funding* to repair damages to your drinking water and/or wastewater infrastructure resulting from Hurricane Helene. The Division is offering up to \$3,000,000, repayable at 0% interest from the DEQ Water Infrastructure Emergency Bridge Loan Program as established in Session Law (S.L.) 2024-53 Section 4C.7. Projects must meet applicable State laws, rules and guidance for the expenditure of these funds. If additional emergency loan funds are needed, please submit another *Request for Emergency Loan Funding* to the Division with a project scope and project budget demonstrating the need for additional funds.

Eligible Costs:

DEQ Water Infrastructure Emergency Bridge Loan (Emergency Loan) funds can only be used to cover eligible costs arising from damage caused by Hurricane Helene to the drinking water and/or wastewater system of the Recipient. Eligible costs under the Emergency Loan are limited to those allowed under Session Law 2024-53, Section 4C.7, to conduct emergency repairs to restore operational capacity until receipt of federal disaster relief and for any other purpose specifically provided by an act of the General Assembly. If there are questions about the eligibility of potential costs, please contact the Division's project manager for discussion prior to incurring the costs.

Emergency Loan Terms:

There is no fee for the Emergency Loan. Per S.L. 2024-53, Section 4C.6, this Emergency Loan does not require the approval of the Local Government Commission that is required under NC G.S. 159G-40.

Per S.L. 2024-53, Section 4C.7.(a), the Emergency Loan costs must be encumbered by the Division by October 31, 2028. **The Recipient must submit all requests for Emergency Loan disbursements for eligible costs to the Division by October 31, 2028.** The Division will not make any disbursements on the Emergency Loan for which eligible disbursement requests were not received from the Recipient by that date.

Per S.L. 2024-53, Section 4C.7.(j)(2), the Emergency Loan matures upon the earlier of the receipt of federal disaster relief by the Recipient or June 30, 2030. The Emergency Loan repayments are not amortized for the Recipient by the Division. **The Recipient is responsible for repaying the full balance of the Emergency Loan to the Division by June 30, 2030 or upon receipt of federal disaster relief, whichever comes first.**

Alternative Funding:

The Recipient should and is encouraged to obtain alternative funds to cover the losses or needs for which the Emergency Loan funds are provided, including any available federal disaster aid (e.g., FEMA Public Assistance). Alternative funds, including federal disaster relief funds, received by the Recipient to cover the same losses or needs for which this Emergency Loan was issued must be used to repay the Emergency Loan.

Project Scope and Budget:

Upon acceptance and execution of the Emergency Loan offer, the Recipient must submit a preliminary scope and budget to the Division via the Laserfiche link below. The preliminary scope and budget must be received by the Division at the time or prior to the request for first disbursement of Emergency Loan funds. The preliminary scope and budget can be amended by the Recipient as the repairs and project progresses. Documented, eligible costs incurred by the Recipient prior to the execution of the funding offer can be included in the preliminary scope and budget and in the disbursement requests. Please note that the accompanying funding offer is being issued before the Division has received a preliminary scope and budget from the Recipient.

Disbursement of Emergency Loan Funds:

These funds will be disbursed to the Recipient after relevant costs are incurred and invoices are submitted to the Division. Funds will be disbursed as invoices for incurred pre-construction and construction costs are submitted by the Recipient during construction/repairs, which may be submitted prior to or after paying the contractors for the incurred costs. Only costs eligible under Session Law 2024-53 may be covered by these funds.

Electronic Document Submittal through Laserfiche:

Recipients should submit all project documents via the supporting documentation submittal form located at <https://edocs.deq.nc.gov/Forms/DW-Document-Upload-Form>. The link and a list of frequently asked questions can also be accessed from the Division's I Have Funding page, <https://www.deq.nc.gov/about/divisions/water-infrastructure/i-have-funding>.
