SUMMARY:

The City of Hendersonville has received an application for a Conditional Zoning District from WGLA Engineering, PLLC on behalf of Carolina Village. The existing Carolina Village property is currently zoned PRD-CZD (Planned Residential Development Conditional Zoning District). The applicant proposes to rezone the subject property, along with three additional parcels currently zoned R-15. Carolina Village is a retirement community.

If approved, all parcels would be rezoned to Urban Village. However, the scope of review for this application was only conducted in the area directly surrounding the proposed new building. Any existing buildings that do not conform to Urban Village standards would be considered nonconforming and would fall under the city's nonconforming structures ordinance.

The proposed project includes the construction of a 60 unit multifamily building to serve as an independent living facility, along with an 8,000 square foot wellness center located within the building.
