Procedures for Reviewing Applications for Certificates Appropriateness

The City's Historic Preservation Ordinance provides that no one may erect, alter, restore, move, or demolish the exterior portion of any building or other structure, nor undertake significant modifications to landscaping and other site features, without a Certificate of Appropriateness (COA) which must be approved prior to the commencement of work. The COA application is processed through the city of Hendersonville Planning Department by the Commission Coordinator (828-697-3010).

All COA applications are **due 30 days prior** to the next regular Commission meeting date. The Historic Preservation Commission meets the **third Wednesday of each month at 5pm in the 2nd Floor Meeting Room located at City Hall (160 6th Ave E.).**

Application Contact Information			
Applicant Name: PEACOCK ARCHITECTS	Property Address: 129 3RD AVENUE W HENDERSONVILLE, NC 28792	Applicant Email: TAMARA@PEACOCKARCHITECT.COM	Phone Number: (828)6969-4000
Property Owner Name (if different from Applicant) HVL PROPERTY MANAGEMENT	Mailing Address: PO BOX 786 ARDEN NC 28704	Owner Email: JOSHDISRAEL@GMAIL.COM	Phone Number: (828)606-3453

COA Project Description – The burden of proof is on the Applicant to prove the proposed work is in keeping with the historical character of the district. Please list specific references in the Design Standards that support your application.

Request for Approval: Renovation of the Front Façade – 344 Main Street (J.C. Penney Building), Hendersonville, NC
Peacock Architects respectfully submits this proposal for approval to renovate the front façade of 344 Main Street, also known as the J.C. Penney building, in Hendersonville, NC. In conjunction with the interior redesign, which includes subdividing the space into two leasable units, we propose installing a new storefront.
The proposed design features two double-door entries, each serving one of the units, integrated into a glass storefront reminiscent of the building's historical character. This design includes a recessed entry canopy, consistent with the historical storefront typology prevalent in Hendersonville.
Our attached drawings and photographs document our investigation of the existing façade materials beneath the current metal screen. We have confirmed that the underlying brick is in excellent condition.
Additionally, we seek approval to replace the existing double doors in the back alley, which measure 4' in width by 6'-1" in height. The replacement will use standard flat-panel metal doors while maintaining the original door opening dimensions. This change is necessary to enhance security and meet current fire code requirements.
Throughout the design process, we have adhered to the guidelines outlined in the Main Street Guidelines Manual as follows:
Preservation of Historic Features: Retain entryways, display windows, doors, transoms, and corner posts (Section 3.1.1).
Avoid removing or altering historical features: Avoid removing or altering historical features (Section 3.1.2).
Historical Accuracy: Base the new storefront design on historical research and evidence (Section 3.1.5).
Retention of Façade Details: Preserve historic façade details and materials, especially on side and rear elevations (Section 3.3.1).

CERTIFICATE OF APPROPRIATENESS APPLICATION

Community Development Department
100 N King St.
Hendersonville, NC 28792

Property Owner Signature

I, the undersigned, certify that all information in this application and in any attachments thereto is accurate to the best of my knowledge. Furthermore, I understand that should a certificate of appropriateness be issued, such certificate will be valid for a period of six months from the date of issuance. Failure to procure a building permit within that period will be considered as failure to comply with the certificate, and the certificate will become invalid. If a building permit is not required, the authorized work must be completed within six (6) months. Certificates can be extended for six (6) months by requesting an extension in writing prior to their expiration from the Commission Coordinator.

GENERAL APPLICATION REQUIREMENTS (FOR MINOR & MAJOR WORKS):	
Note: These items are <u>required</u> as part of a complete application package. Incomplete application packages <u>will not</u> move forward in the review process and will result in additional processing and review time.	
<input type="checkbox"/>	Pre-Application Meeting with City Staff (Required for Major Work only)
<input type="checkbox"/>	Detailed Project Description
<input type="checkbox"/>	Color/Labeled Photographs of Subject Property
<input type="checkbox"/>	Property Owner(s) Signature
MINOR WORK REQUIREMENTS	
Fences and Walls	
<input type="checkbox"/>	Site Plan showing proposed location of fencing or wall (include dimensions)
<input type="checkbox"/>	Rendering of proposed fence or wall style.
<input type="checkbox"/>	Material Information (i.e. <i>brickwork, stucco, stone, concrete, wood, cast iron, and wrought iron</i>)
Landscaping Projects	
<input type="checkbox"/>	Site Plan showing location of proposed unit.
<input type="checkbox"/>	Mechanical Unit & Pad Specifications clearly indicating dimensions.
<input type="checkbox"/>	Image showing location of unit and any proposed lines.
<input type="checkbox"/>	Screening type - i.e. shrubbery, fencing, or other.
Rooftop Construction	
<input type="checkbox"/>	Manufacturer Specifications , including material color.
<input type="checkbox"/>	Roof Plan , showing location of rooftop mounted utility, access, or safety structures
Installation of Mechanical and Utility Equipment	
<input type="checkbox"/>	Site Plan , showing location of proposed equipment
<input type="checkbox"/>	Screening type , i.e. shrubbery, fencing, or other.
Foundation Repairs	
<input type="checkbox"/>	Photographs showing existing conditions.
<input type="checkbox"/>	Material information for any new material.
Masonry Repairs	
<input type="checkbox"/>	Photographs showing existing conditions.
<input type="checkbox"/>	Material information for any new material.
Awnings	
<input type="checkbox"/>	Rendering showing location of awning.
<input type="checkbox"/>	Material information , cloth, canvas, acrylic, or other
Removal of Artificial Siding	
<input type="checkbox"/>	Photographs showing existing conditions.
<input type="checkbox"/>	Original siding information and description of work , repair, repaint or replacement of original siding

Three Taverns Imaginarium - Atlanta, GA

YES 45 TU Front

Thermally Broken and Front Set Storefront System

The **YES 45 TU Front** was designed for excellent thermal performance with standard Low-E insulating glass. Hinged mullions coupled with 90° or 135° inside/outside corners allow creative freedom when curves and angles are part of the design. The glass is set to the front to maximize energy performance and blend with the aesthetics of a curtain wall.

- Outside, Inside and SSG Glazing options
- ThermaBond Plus[®] pour and de-bridged break for better thermal performance
- High Performance Sill Flashing
 - ◆ No blind seals
 - ◆ Tall back leg for enhanced water resistance
 - ◆ Patented 3-point attachment of end dam
- Stick built assembly with concealed fasteners by Screw Spline or Shear Block
- Integrates with our YKK AP Entrances and Sun Control Systems

Configuration:

Glazing	Glass Setting	Installation
Outside, Inside and SSG	Front Set	Screw Spline or Shear Block

Thermal Values:

U-Factor:	Values as low as 0.32*
CRF:	Minimum 68 _{frame} and 64 _{glass}

*Based on AAMA 507. Lower values may be achieved through further simulation.
