SUGGESTED MOTION(S):

I move City Council approve city staff's plan to accept the Federal Transit Administrations Enhanced Mobility of Seniors and Individuals with Disabilities Program (Section 5310) grant award to the City of Hendersonville.

SUMMARY:

The Federal Transit Administration began the Section 5310 program in 1975 as a "capital assistance program" to support public transportation providers. The goal of the program is to improve mobility for disabled individuals and senior citizens by innovation and expanding transportation opportunities. The city of Hendersonville is interested in improving and expanding our current pedestrian transportation technology to improve accessible mobility opportunities for pedestrian travelers and increase overall safety for all.

BUDGET IMPACT: **We will be required to agree to a 20% match.**

This can mean up to $37,563.80 in matching funds required by the city, with the primary source deriving from our project force labor.
