

## CITY OF HENDERSONVILLE AGENDA ITEM SUMMARY

---

<b>SUBMITTER:</b>	Jamie Carpenter, Downtown Manager	<b>MEETING DATE:</b>	June 14, 2022
<b>AGENDA SECTION:</b>	NEW BUSINESS	<b>DEPARTMENT:</b>	Community Development - Downtown
<b>TITLE OF ITEM:</b>	Façade Grant Approvals		

---

### SUMMARY:

Currently, the noise ordinance (Sec. 20-33. - Noises prohibited, nuisances) includes the following section that is not being enforced. Staff recommends that instead of removing the ordinance in its entirety that hours are added (highlighted). This should have minimal impact on current operations while providing the ability to enforce late night nuisance as we encourage downtown residential living.

9)Any business situated within the municipal services district that permits to be played within its building any electronically amplified music or speech, regardless of whether such music is live, shall not permit any door from any street or alley into such building to be or remain open during such amplification except while persons or goods are actively entering or exiting the building through such door, nor shall it permit any window to be or remain open during such amplification during the hours of 12AM to 11AM.
