

City of Hendersonville

Green Partnership Initiative

December 19th 2024

Recap of Green Partnership

The intention of the Green Partnership Initiative is to invite businesses to share their sustainability practices similar to our five focus areas

To demonstrate how their practices have similarities with the Strategic Sustainability Plan, City of Hendersonville

Please add link to Strategic Sustainability Plan City of Hendersonville

Promote a Healthy Place to Live and Work

Attract Economical Growth in our community

Five Focus Areas

Energy: Initiatives to improve energy efficiency and increase the use of renewable energy sources.

Transportation: Efforts to promote sustainable transportation options and reduce emissions from vehicles.

Waste Management: Strategies to minimize waste generation and enhance recycling and composting programs.

Five Focus Areas Continued

Land Management: Policies to protect natural resources, maintain green spaces, and promote sustainable land use.

Water: Measures to conserve water, improve water quality, and manage stormwater effectively.

These focus areas aim to reduce the city's greenhouse gas emissions by 30% by 2035

Otherwise known as 30/35
