TITLE OF ITEM: Public Hearing to Consider Plan to Apply for the Department of Commerce ReNew NC Grant Program – for Patton Park, Wastewater Treatment Plant Facility Mitigation Project and Whitmire Activity Center Project, *Blake Fulgham, Environmental Services Manager*

SUGGESTED MOTION(S):

n/a

SUMMARY:

The purpose of this public hearing is to consider the potential to apply for CDBG-DR funds for three projects: the Patton Park project, the Wastewater Treatment Plan Facility Mitigation Project, and the Whitmire Activity Center Project.

The United States Department of Housing and Urban Development announced that North Carolina will receive $1.4 billion dollars in funding to support long-term recovery efforts following Hurricane Helene. The Community Development Block Grant Disaster Recover (CDBG-DR) funding program is designed to address needs that remain after all other assistance has been exhausted. We plan to submit a grant application for

(1) The Waste Water Treatment Facility Mitigation Project to complete necessary repairs and reconstruction activities to restore the damaged Waste Water Treatment Facility infrastructure back pre-disaster standards;

(2) Patton Park & Pool Restoration Project to complete necessary repairs and reconstruction activities to restore the damaged Patton Park & Pool infrastructure back to the necessary codes and standards to be reopened to the public; and

(3) Whitmire Activity Center Project to complete necessary repairs and reconstruction activities to restore the damaged Whitmire Activity Center infrastructure back to the necessary codes and standards to be reopened to the public.

No action is required.
