**SUMMARY:**

*The City of Hendersonville is in receipt of an application for preliminary site plan review and building design review from Satis Patel of Upward Road Hospitality, LLC. The applicant is proposing to construct a 45,797 square foot, 95 room hotel on the subject property.*

*The project received preliminary site plan approval from the Planning Board at the June 8<sup>th</sup> meeting. The applicant did not provide a preliminary building design to be reviewed alongside the preliminary site plan. It was decided during that meeting that the project would follow section 18-3-1.1 Site plan review only. The applicant would then be required to go through the building design review process during the final site plan review stage in accordance with section 18-3-2.1 Compliant final plan review.*

*However, staff was recently notified that the applicant could not meet all design standards in the CHMU zoning district and would be proposing an alternative design. Since the applicant's final plans are not to a level where they can be approved, the project could not follow section 18-3-2.2 Alternative final plan review. Due to this, the applicant will be going back through the preliminary site plan and building design review process in accordance with section 18-3-1.2 Joint site plan and design review*
