

CITY OF HENDERSONVILLE AGENDA ITEM SUMMARY

SUBMITTER: Brent Detwiler **MEETING DATE:** May 6, 2021
AGENDA SECTION: CONSENT **DEPARTMENT:** Engineering
TITLE OF ITEM, Presenter Name, Title: Etowah Water Improvements Engineering Amendment 3 – *Brent Detwiler, City Engineer*

SUGGESTED MOTION(S): I move that City Council adopt the Resolution By The City Of Hendersonville City Council To Authorize The City Manager To Enter Into An Amendment To An Agreement With Black & Veatch International Company As Part Of The Etowah Water Improvements Project.

SUMMARY:

An engineering agreement with Black and Veatch was executed in November 2016 to complete the design, permitting, bidding and award work associated with the Etowah Area Water System Improvements Project. Amendments 1 and 2 were later executed to cover construction administration and additional design work associated with the tank access drive, respectively.

Based upon the contractor's progress to date a time extension will be required to complete the work. Schedule delay and the excessive resubmission of shop drawings has consumed the fee amount budgeted for Construction Phase Services. We propose an engineering amendment to provide construction phase services for an additional 3-month duration. The tasks associated with this extension of time include: Contractor Submittal and Shop Drawing Review, Request for Information and Change Order Support, Record Drawing Production (Contractor to provide red-lined markups), and Site Visits/Inspections including Substantial and Final Completion punchlists.

The proposed amendment is attached for your reference. We welcome any questions that you may have.

BUDGET IMPACT: \$39,000

Is this expenditure approved in the current fiscal year budget? YES

If no, describe how it will be funded.
