

CITY OF HENDERSONVILLE AGENDA ITEM SUMMARY

SUBMITTER: Brent Detwiler **MEETING DATE:** May 6, 2021
AGENDA SECTION: CONSENT **DEPARTMENT:** Engineering
TITLE OF ITEM, Presenter Name, Title: French Broad River Intake Project Engineering Amendment 6 – *Brent Detwiler, City Engineer*

SUGGESTED MOTION(S): I move that City Council adopt the Resolution By The City Of Hendersonville City Council To Authorize The City Manager To Enter Into An Amendment To An Agreement With Black & Veatch International Company As Part Of The French Broad River Intake Project.

SUMMARY:

The French Broad River Intake Project was recently bid, and all bids were over the estimate. Staff decided to reject all bids and investigate and implement Value Engineering (VE) options to try to reduce the construction cost of the project. When the design documents are revised, the project will be re-bid. This triggers the need for additional services not planned or budgeted for in the original contract. The additional services include a review of current design documents to identify options and/or alternatives to reduce the construction cost of the project; revision of the design calculations and drawings; preparation and submission of appropriate documents to modify permits as required based upon the VE options implemented; and bidding and award services.

The proposed amendment is attached for your reference. We welcome any questions that you may have.

BUDGET IMPACT: \$92,000

Is this expenditure approved in the current fiscal year budget? YES

If no, describe how it will be funded.

N/A
