

CITY OF HENDERSONVILLE AGENDA ITEM SUMMARY

SUBMITTER:	Jamie Carpenter, Downtown Manager	MEETING DATE:	10/11/2022
AGENDA SECTION:	NEW BUSINESS	DEPARTMENT:	Community Development - Downtown
TITLE OF ITEM:	Earth Day Festival		

SUMMARY:

Several groups have approached the City regarding an Earth Day festival – BJ Ramer (Team ECCO), The Environmental Sustainability Board, and an Electric Car Club. Downtown Staff have met with this group and together we came up with a proposal to close the 400 and 500 blocks and 5th Avenue E for an Earth Day event on Earth Day – April 22, 2022.

The proposed event policy that is slated to be updated and adopted in early 2023 would include recommendations for standard street closures – either ALL of Main Street or a 1-2 block closure maximum for smaller events. This would fall under the proposed 1-2 block closure for smaller scale events.

Representatives will be attending the meeting to summarize and request feedback.
