

## How the AARP + BRBC Grants Advance the 2018 City of Hendersonville Bike Plan + SRTS

The Map below shows the recommended projects from the City's 2018 Bicycle Plan.

**Yellow Highlighted Routes** are part of the AARP + BRBC Funded Project

The Route of the Sharrows creates a north-south connection that links Patton Park with the Ecusta Trail. This will help to create a "Hendersonville Bike Loop" using the Oklawaha Greenway. This route will be further enhanced by the future "Above the Mud" project.

The Route of the Sharrows will also link the City's 4 centrally-located public schools and help to advance Safe Routes to School (SRTS) efforts.
