Total					500,000					3,185,000
Description of Project (200 words or less): Using grant funds available from DEP, to install gravity flow sewer mains throughout Howey in the Hills to connect all existing houses to new sanitary sewer lines. Connect new line and a small lift station at each side intersecting streets to the existing force main on west side of South Florida Avenue. Properly abandon all septic tanks currently installed throughout Howey. Require all property owners with existing houses or residences to hook up. Any vacant lots must hook up to sanitary sewer system upon construction. Town Utility Fund will cover any grant matching or ineligible costs with sewer impact fees. Residents will pay standard monthly sewer charges per utility fund rate schedule in the future to maintain system. Costs were estimated by Councilor Miles.										
Justification and Urgency for the Project (When is it required to be complete and why?): This project will use existing available grant funds to continue the Town's efforts to provide sanitary sewer service to all properties within Town Boundaries. This is in keeping with County, State, and Federal goals to keep our environment clean and healthy for all residents.										
Is It related to other projects? If yes, list them. Center Street Sanitary Sewer System.										
What Department Will Be Responsible For The Project?: Public Works							Department Point of Contact: Morgan Cates
