Estimated Costs as of April 11, 2025	\$ 24,638.98
--------------------------------------	--------------

*In addition to the fixed costs associated with election administration, there are variable costs that can impact the overall budget—specifically, the costs related to mail returned with postage due and undeliverable mail.

When vote-by-mail ballots are sent out, there is a risk that some may be returned as undeliverable or with insufficient postage. These returns generate additional expenses not accounted for in the fixed cost estimates. For example, if we assume that 10% of ballots are returned as undeliverable and with postage due, this would result in approximately **546** ballots requiring additional processing.

At a postage due rate of \$0.76 per ballot, this would result in an added cost of **\$414.96**. This cost is purely for the return postage and does not include labor or materials associated with processing the returned mail.

In the event of a recount, there would be an **additional flat-rate cost of \$480.00**. This cost would be incurred regardless of the number of ballots and represents the cost of staffing for an additional 1.5 days.

The City agrees to consolidate all elections administration functions and decisions in the office of the County Clerk to ensure the successful conduct of multiple, simultaneous municipal elections.

The County will provide a good faith estimate for budgeting purposes. Election costs are based upon the offices scheduled for election, the number of voters, and the number of jurisdictions participating. The City will be invoiced for its share of the actual costs of the elections.

In the event of a state or county special election being held in conjunction with a municipal election, the scope of services and associated costs, and the method of calculating those costs, will remain unchanged.
