

LIBRARY BOARD ITEM DESCRIPTION

DATE OF MEETING: April 16, 2026

ITEM TITLE: Technology Plan

BACKGROUND:

The library has not had a Technology Plan, but it is a goal on our long-term plan. We have come up with a general plan that covers the major areas, but is general enough that it probably won't need to be updated more than once a year.

RECOMMENDATION:

Read, discuss, and modify the technology plan as needed.
