NARRATIVE				
<p>On Friday June 20th, 2025, Chief Niedert asked me to go around to Music Station, The Spot Smoke and Vapor and King Tobacco to see if they had any signs on their door that denied access to anyone under the age of 21 years old and to also look for any glass or metal smoking devices in plain view. Around 13:00 hours I left the police department and began my investigation. My first stop was the Music Station, the only sign I noticed on the door that mentioned the age 21 was the (We card Under 21 no tobacco no vapor), I entered the Music Station and walked over to wear the vapes are, I did not see any violations there, I walked around to the other side of the glass case where they sell other items and did not see any glass or metal smoking devices there either. I walked around the rest of the store and did not see any glass or metal smoking devices anywhere else, Music Station did not have any violations. I left the Music Station and went to The Spot Smoke and Vapor, the only sign I saw on the door was the same thing I saw at Music Station (We card under 21 no tobacco no vapor). I walked into the store and went to my right and then to the front of the store, that is where they have all of the glass smoking devices either on the wall or in a glass case out in the open where anyone who walks in can see, I continued down to the other side of the store and could see more glass and metal smoking devices in another glass case. The Spot Smoke and Vapor is in violation. My next stop was King Tobacco, I did not see anything on their door about being 21 to enter and as soon as you walk in there is a glass case and that is where they have all of their glass and metal smoking devices, Kind Tobacco is in violation. Nothing further at this time.</p>
