

Independence Airport

FBO Manager

Airport Board,

Traffic:

- ✘ The first half of September there was higher rate of transit traffic compared to the last two years.
- ✘ The second half of this September has been significantly slower in both training and traffic.

Testing Center:

- ✘ The test center hours are now Monday-Wednesday and Friday, 8AM-4PM.
- ✘ This month we administered 11 tests.
- ✘ We had a test center inspection earlier in the month.
 - Fire escape routes are posted on the door inside the testing rooms.
 - Added three maintenance technician test supplement books and on A&P IA test supplement book.

Training:

- ✘ Our Piper Warrior is currently getting updated avionics, equipped for instrument flight and training.
- ✘ Between our Cessna 172 and Piper Warrior, our aircraft flew a total of 37.2 hour this month.

Maintenance:

- ✘ We are still offering a 15% discount for first time customers.
- ✘ This month our mechanics finished up worked on two planes from tenants in Marion.
