City Clerk Lampe stated she is aware of what Council Member Prusator is talking about but can't remember the exact details. He stated that he feels it needs to be looked at before the request is approved. Council Member O'Loughlin asked Police Chief Lau to come up and speak about the chasing of livestock. Police Chief Lau did say he and another officer chased some chickens in the SW area for about two hours before they called someone else in to catch them. The Police Department would not be the ones catching livestock in Independence and that could be an added expense at some point. Council Member Weber spoke that he feels allowances for an exemption should be made based on the location and the circumstances at the time.
