The City has received verification from legal staff that the Council can now proceed further with the disposition of the property located at 204 3<sup>rd</sup> St NE, a property recently obtained through 657A.10b.

The Council has several options in no order or priority, to consider regarding the future of this property.

1. As-is sale
2. Sell property with development agreement (Demolition and/or construction starts within xx months)
3. City clearing of all structures and then sale of the parcel (requires asbestos survey and removal)

Note: Staff has discussed City conducted demolition with other departments and have determined the City will not be able to conduct demolition of the structures on this lot due to the size and locations of such structures.

**RECOMMENDATION:**
