### Report on Matters Identified as a Result of the Audit of the Basic Financial Statements

Honorable Mayor and Members of the City Council City of Independence Independence, Iowa

In planning and performing our audit of the financial statements of the governmental activities, business-type activities, each major fund, the aggregate remaining fund information and the discretely presented component unit of the City of Independence, as of and for the year ended June 30, 2025, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, (Government Auditing Standards) we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the basic financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that have not been identified. In addition, because of inherent limitations in internal control, including the possibility of management override of controls, misstatements due to error, or fraud may occur and not be detected by such controls. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the City's basic financial statements will not be prevented, or detected and corrected, on a timely basis. A reasonable possibility exists when the likelihood of an event occurring is either reasonably possible or probable as defined as follows:

- Reasonably possible. The chance of the future event or events occurring is more than remote but less than likely.
- Probable. The future event or events are likely to occur.

We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. The significant deficiencies identified are stated within this letter.

The accompanying memorandum also includes financial analysis provided as a basis for discussion. The matters discussed herein were considered by us during our audit and they do not modify the opinion expressed in our Independent Auditor's Report dated November 17, 2025, on such statements.

The purpose of this communication, which is an integral part of our audit, is to describe for the management and the City Council and management and others within the City and state oversight agencies the scope of our testing of internal control and the results of that testing. Accordingly, this communication is not intended to be and should not be used for any other purpose.

Bergankov, Ltd.

Minneapolis, Minnesota November 17, 2025

## City of Independence Significant Deficiencies

# Lack of Segregation of Accounting Duties

### A. Independence Fire Department - A Blended Component Unit

#### Criteria:

An effective internal control system provides for adequate segregation of duties so no one individual handles a transaction from its inception to completion. In order to maintain proper internal control, duties should be segregated so the authorization, custody and recording of transactions are not under the control of the same employee. The segregation of duties helps prevent losses from employee error or dishonesty and maximizes the accuracy of the Fire Department's financial information.

### Condition:

All accounting functions are handled by the Treasurer.

### B. Independence Public Library Foundation - A Discretely Presented Component Unit

#### Criteria:

An effective internal control system provides for adequate segregation of duties so no one individual handles a transaction from its inception to completion. In order to maintain proper internal control, duties should be segregated so the authorization, custody and recording of transactions are not under the control of the same employee. The segregation of duties helps prevent losses from employee error or dishonesty and maximizes the accuracy of the Foundation's financial information.

#### Condition:

All accounting functions are handled by one or two individuals without adequate compensating controls.

We have audited the basic financial statements of the governmental activities, each major fund, and discretely presented component units of the City as of and for the year ended June 30, 2025. Professional standards require that we advise you of the following matters related to our audit.

#### Our Responsibility in Relation to the Basic Financial Statement Audit

As communicated in our engagement letter, our responsibility, as described by professional standards, is to form and express opinions about whether the basic financial statements prepared by management with your oversight are presented fairly, in all material respects, in accordance with the basis of cash receipts and disbursements. Our audit of the basic financial statements does not relieve you or management of its respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the basic financial statements are free of material misstatement. An audit of the basic financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of the City solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgement, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Our responsibility for the supplementary information accompanying the basic financial statements, as described by professional standards, is to evaluate the presentation of the supplementary information in relation to the basic financial statements as a whole and to report on whether the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Our responsibility with respect to the other information in documents containing the audited basic financial statements and auditor's report does not extend beyond the basic financial information identified in the report. We have no responsibility for determining whether this other information is properly stated. This other information was not audited, and we do not express an opinion or provide any assurance on it.

#### Our Responsibility in Relation to Government Auditing Standards

As communicated in our engagement letter, part of obtaining reasonable assurance about whether the basic financial statements are free of material misstatement, we performed tests of the City's compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of basic financial statement amounts. However, the objective of our tests was not to provide an opinion on compliance with such provisions.

#### Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

## Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, our firm, and our network firms have complied with all relevant ethical requirements regarding independence.

## Significant Risks

We addressed the following significant risks of material misstatement identified in our planning procedures:

- Management Override of Controls Overall Financial Statements Management override of internal control is considered a risk in substantially all engagements as management may be incentivized to produce better results.
- Improper Revenue Recognition Revenue recognition is considered a fraud risk on substantially all engagements as it generally has a significant impact on the results of the governments operations. In addition, complexities exist surrounding the calculation and recording of various revenue sources including property taxes and certain charges for services.
- Risk of Misappropriation of Assets If accounting duties cannot be appropriately segregated, there is a risk of unauthorized disbursements being made from the City.
- Pension Valuation Net pension liability, deferred outflows of resources related to pensions, and deferred inflows of resources related to pensions are generally material to the financial statements and involve significant estimates.

## **Qualitative Aspects of the City's Significant Accounting Practices**

#### Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the City is included in the notes to the basic financial statements. There have been no initial selection of accounting policies and no changes to significant accounting policies or their application during 2025. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

#### Significant Accounting Estimates and Related Disclosures

Accounting estimates and related disclosures are an integral part of the basic financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the basic financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the basic financial statements relate to:

 Net Pension Liability, Deferred Outflows of Resources Related to Pensions and Deferred Inflows of Resources Related to Pension - These balances are based on an allocation by the pension plans using estimates based on contributions.

We evaluated the key factors and assumptions used to develop the accounting estimates and determined that they are reasonable in relation to the basic financial statements taken as a whole and in relation to the applicable opinion units.

# Qualitative Aspects of the City's Significant Accounting Practices (Continued)

#### Financial Statement Disclosures

Certain basic financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The basic financial statement disclosures are neutral, consistent, and clear.

#### Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

#### **Uncorrected and Corrected Misstatements**

For the purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effects of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the basic financial statements taken as a whole and each applicable opinion unit.

Management did not identify, and we did not notify them of any uncorrected financial statement misstatements.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. None of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the basic financial statements taken as a whole.

#### Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the City's basic financial statements or the auditor's report. No such disagreements arose during the course of our audit.

### Representations Requested from Management

We have requested certain written representations from management, which are included in the management representation letter.

#### Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management has informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

#### Other Significant Matters, Findings, or Issues

In the normal course of our professional association with the City, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, operating, and regulatory conditions affecting the City, and operational plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the City's auditor.

## Other Information Included in Annual Reports

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the basic financial statements or to the basic financial statements themselves.

We were not engaged to report on the other information accompanying the basic financial statements but are not RSI. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the basic financial statements.

The following pages provide graphic representation of select data pertaining to the financial position and operations of the City for the past five years. Our analysis of each graph is presented to provide a basis for discussion of past performance. We suggest you review each graph and document to see if our analysis is consistent with yours.

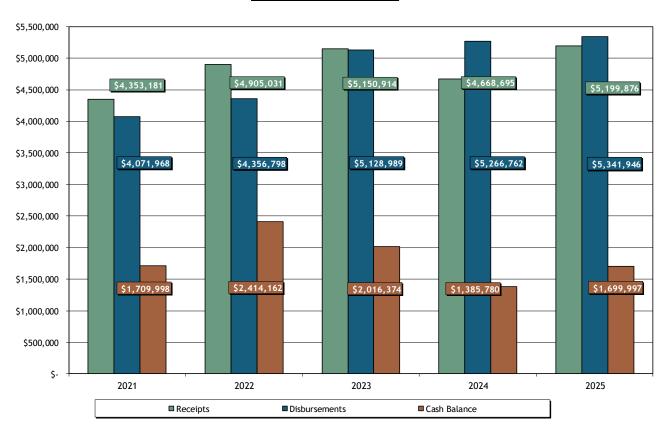

#### General Fund

Disbursements exceeded receipts by \$142,070 in 2025, after transfers in and out, the General Fund cash balance increased by \$405,645.

The following bar graph highlights the General Fund operations for the past five years. The receipts and disbursements below do not include other financing sources or uses, such as operating transfers and debt proceeds.

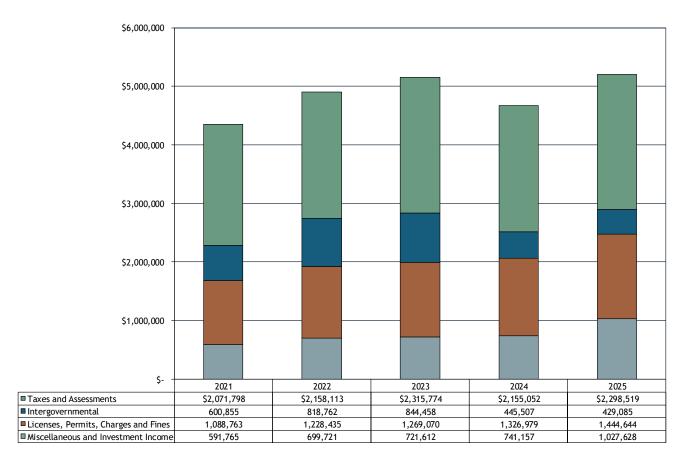

The City's fund balance policy states that the City will have 25% of operating expenditures in unassigned fund balance. Unassigned fund balance of \$1,398,518 at June 30, 2025, represents 26.2% of expenditures based on 2025 expenditure levels.

# **General Fund Activity**

## **General Fund Receipts**

# General Fund Receipts

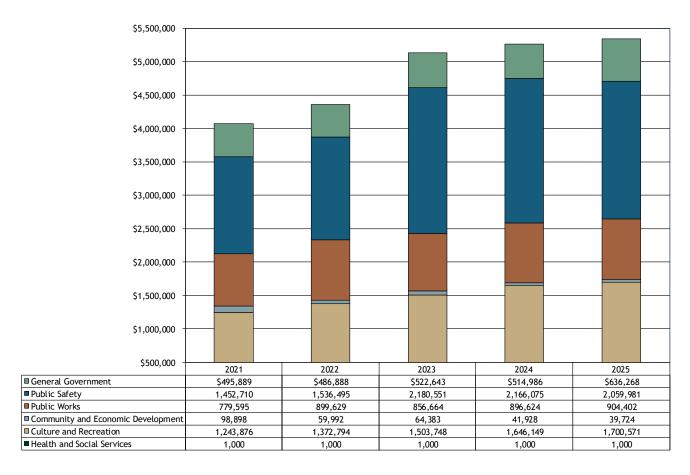

General Fund receipts increased 11.4%, or \$531,181, during 2025. Taxes and assessments receipts increased due to an increase in the property tax levy. Uses of money and property receipts increased due to better market conditions. Charges for services receipts increased due to increased parks and recreation tournaments. Other sources of revenue were consistent with prior year amounts.

In addition to the receipts discussed above, the General Fund also received cash in the form of transfers from other funds totaling \$765,854 and insurance proceeds of \$91,428 in 2025.

#### **General Fund Disbursements**

## **General Fund Disbursements**

General Fund disbursements increased in 2025, from \$5,266,762 in 2024 to \$5,341,946 in 2025. This was an increase of \$75,184 or 1.4%. General government increased due to increase in IT projects. Public safety decreased due to spending American Rescue Plan Act funding in 2024. All other categories of expenditures were similar to the prior year.

In addition to the disbursements discussed above, the General Fund also transferred out cash to other funds totaling \$309,567 in 2025.

## **Enterprise Funds**

■Water

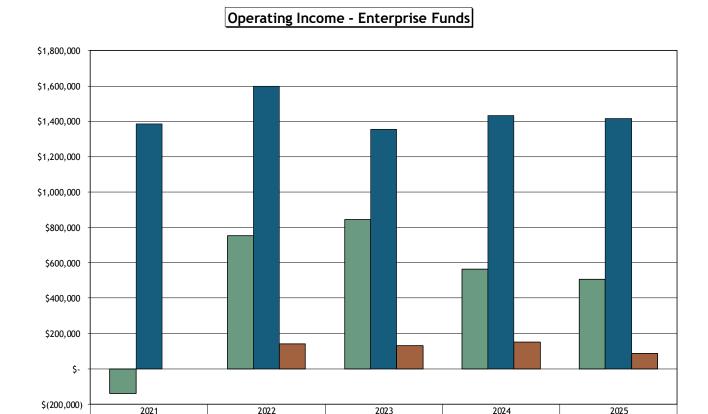

■ Sewer

■Storm Water

\$(141,027)

1,386,361

The following graph shows the operating income for the Enterprise Funds for the last five years:

In 2025, the Water Fund had an operating income of \$507,500, which is a decrease of \$57,527 from 2024. The operating income decreased due to decreased usage. In addition, there were non-operating disbursements for debt service and capital projects of \$93,275 and \$545,602, respectively. There were also net transfers in of \$51,400.

\$844,409

129,834

\$565,027

1,431,267

152,299

\$507,500

1,417,140

88, 357

\$751,707

1,599,261

140,589

The Sewer Fund's 2025 operating income was \$1,417,140, which is a decrease of \$14,127 from 2024. This decrease in operating income was primarily due to less usage. In addition, there were non-operating disbursements for capital projects of \$726,357 and debt service of \$607,614. There were also \$2,075,670 in debt proceeds for capital project. There were also net transfers out of \$19,150.

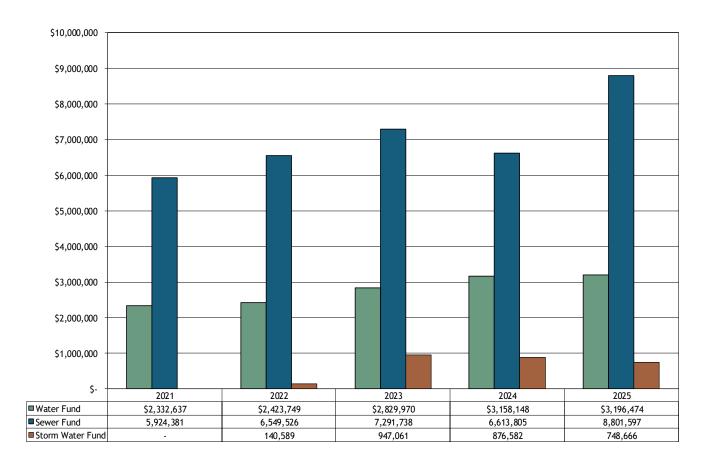

The Storm Water Fund's 2025 operating income was \$88,357, which is a decrease of \$63,942 from 2024. This decrease in operating income was primarily due to an increase storm water drainage repairs. In addition, there were non-operating disbursements for capital projects of \$11,273. There were also transfers out of \$205,000.

We recommend the City continue to monitor operating costs in the Enterprise Funds to ensure rates are sufficient to provide continued operating income and to cover debt payment requirements.

# **Enterprise Funds (Continued)**

The following graph illustrates the total cash and cash equivalents for the Enterprise Funds for the last five years:

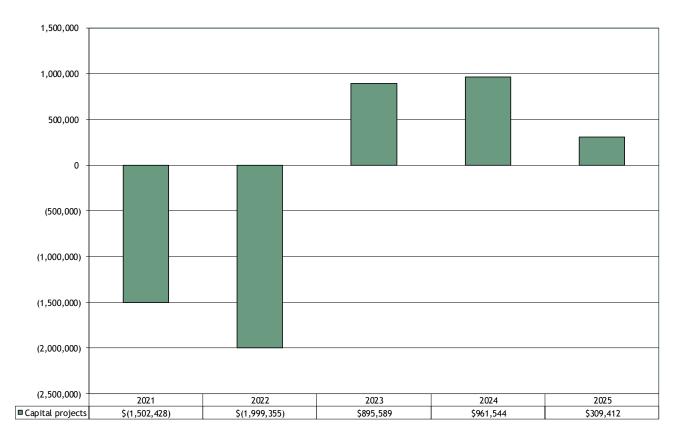

# Enterprise Fund Cash Position

Cash balances of the Sewer Fund increased in 2025 due to receiving a Iowa Finance Authority loan reimbursement and for future capital projects. Cash balances of the Water Fund have been steadily increasing since 2021. Cash balances of the Storm Water Fund decreased in 2025 due to drainage repairs.

## Capital Projects Fund

# Capital Projects Fund Cash Position

The cash balance of the Capital Projects fund has fluctuated the five years presented due to timing of bond issuances, project expenditures, grants, and transfers. This fund ended the year with a cash position of \$309,412. Within this fund, there are individual capital project funds that have negative cash balances of \$1,235,058. We recommend monitoring this fund to ensure that capital projects are appropriately and sufficiently funded.
