PETITION OVERVIEW

SITE PLAN AND DESIGN

This site is zoned D-8 and is undeveloped. The site was rezoned in 2024 (2024-CZN-803) to allow for single-family attached dwellings. This plat would divide the parcel the southern portion of the parcel into two lots to provide for development of an attached single-family dwelling.

The proposed plat would subdivide the property into two lots, with each of the lots being 2,800 square feet. A variance for a proposed three-foot building setback was denied (2024-CVR-803), therefore, new development would require a five-foot setback along the north and south property lines. The proposed plat meets the standards of the D-8 zoning classification and the subdivision regulations.

STREETS

Both lots would be located along Columbia Avenue, with rear access to proposed garages from a 15-foot alley. No new streets are proposed as part of this petition.

SIDEWALKS

Sidewalks are existing along Columbia Avenue; however, the sidewalk is in poor condition with no curbs. A curb cut to the street exists. The sidewalk must be rebuilt to DPW standards, with performance and maintenance bonds required.
