

## STAFF REPORT

### Department of Metropolitan Development Division of Planning Current Planning Section

**Case Number:** 2023-UV3-017  
**Address:** 5420 McFarland Road (approximate address)  
**Location:** Perry Township, Council District #24  
**Zoning:** D-1  
**Petitioner:** David Smithmeyer, by Jerry Hornback  
**Request:** Variance of use and development standards of the Consolidated Zoning and Subdivision Ordinance to allow:

#### On Parcel One

- a) Two primary dwellings (only one primary dwelling permitted per lot); and
- b) The westernmost dwelling maintaining a zero-foot northern side yard setback (eight-foot side yard setback required)

#### On Parcel Two

- a) An accessory structure without a primary dwelling (primary dwellings must be erected prior to accessory structures); and
- b) Legally establish a lot with a street frontage and width of 43-feet wide (minimum 45-foot-wide street frontage and lot width of 90 feet required).

### **ADDENDUM FOR SEPTEMBER 19, 2023**

This petition was continued from the August 15, 2023, hearing, to the September 19, 2023, hearing, at the request of the petitioner.

Due to being out of town at the time of the September 19, 2023, hearing, the petitioner is requesting this petition **be continued from the September 19, 2023, hearing to the October 17, 2023, hearing.**

Staff has no objection to this request but will not support any further continuances.

### **August 15, 2023**

### **RECOMMENDATIONS**

### **SUMMARY OF ISSUES**

#### **LAND USE**

##### **EXISTING ZONING AND LAND USE**

Compact	D-1	Single-family dwelling, barn, and a detached accessory dwelling.
---------	-----	--

##### **SURROUNDING ZONING AND LAND USE**

North	D-5	Single-family dwelling / Two-family dwellings
South	C-3	Commercial Offices
East	SU-1	Religious use grade school athletic fields
West	D-5	Two-family dwellings

COMPREHENSIVE PLAN	The Comprehensive Plan recommends suburban neighborhood uses for the site.
--------------------	--

- ◇ The subject site was originally developed with a single-family dwelling and a barn. A detached accessory dwelling with a garage was added to the site sometime between 1972 and 1978 according to aerial photos. Living space was added to the barn around 1956, according to Assessor's records, however, the living space as a use appears to have been abandoned and vacant for a number of years. Therefore, it would no longer be considered legally non-conforming. The petitioner plans to renovate the living space within the barn and turn it into a second primary dwelling on parcel one.
- ◇ After a Staff site visit, it was determined that parcel two would have a single-family dwelling on it after the parcel split, as the structure was mislabeled on the submitted site plan as a garage. Therefore, the portion of the request to provide for a parcel with an accessory structure without a primary dwelling could be withdrawn. Another variance may be needed if the structure does not meet the minimum square footage required for a single floor single-family dwelling.

#### **VARIANCE OF USE**

- ◇ Per Table 743-1: Use Table, a single-family dwelling is permitted in the D-1 District. However, two single-family dwellings are not permitted on a single lot in this district.
- ◇ Staff believes that the site is large enough to be divided appropriately to provide for two single-family dwellings on separate lots without the need for variances, or provide for two-family dwellings if rezoned, similar to surrounding properties. However, with the variances as proposed, the site would negatively impact surrounding properties. In Staff's opinion, by granting the requested variances to allow two single-family dwellings on an original single-family lot, with reduced setbacks, with an increase in density over the previous structure's use on a single lot, would provide for increased intensity and negatively impact adjacent properties.
- ◇ There is no practical difficulty with the site, as the site is large enough to be split into two parcels while meeting all required development standards. The strict application of the Ordinance would not constitute an unnecessary hardship since there are multiple options for residential development without the need for a variance of use.

### **VARIANCE OF DEVELOPMENT STANDARDS**

- ◇ The grant of this petition would allow for the parcel to be split, with the westernmost dwelling maintaining a zero-foot northern side yard setback on parcel one and provide for a lot with a street frontage and width of 43-feet wide on parcel two after the split.
- ◇ Development Standards of the Consolidated Zoning and Subdivision Ordinance, specifically those relating to building setbacks and lot widths, are intended to ensure orderly development and protect surrounding property values, by providing for sufficient space, open buffer areas along lot lines and to ensure adequate access around buildings, as well as to prevent fires from spreading between buildings.
- ◇ There is no practical difficulty with the site, as the site is large enough to be split into two parcels while meeting all required development standards. The strict application of the Ordinance would not constitute an unnecessary hardship since there are multiple options for residential development on this site without the need for the requested variances.
