SUMMARY OF ISSUES

LAND USE

EXISTING ZONING AND LAND USE

Compact	D-5	Undeveloped
---------	-----	-------------

SURROUNDING ZONING AND LAND USE

North -	D-5	Single-family dwellings
South -	D-5	Undeveloped
East -	D-5	Single-family dwellings
West -	D-5	I-65 Interstate exit ramp / Single-family dwellings

COMPREHENSIVE PLAN	The Comprehensive Plan recommends traditional neighborhood uses for the site, with an overlay for the Red Line Transit Oriented Development.
--------------------	--

- ◇ After filing the petition, the petitioner indicated that a revised site plan and findings of fact would be submitted to amend the petition to a specific request. No additional information has been submitted to date.

VARIANCE OF DEVELOPMENT STANDARDS

- ◇ Staff believes that any proposed new construction should adequately align with modern development standards in order to better preserve the intent of each development standard. Given the size of the proposed structure and attached garage, along with the number of requested variances, in Staff’s opinion, this site would be overdeveloped.
- ◇ Staff feels the requested two-unit multi-unit home would be out of character for the area, as no other multi-unit dwellings are located nearby. In addition, with the number of variances requested for an undeveloped site, the proposed two-unit multi-unit home would be an overdevelopment of the small site.
- ◇ The proposed single-family dwelling with seven variances requested for an undeveloped site, presumably using the same submitted site plan, as no updated site plan has been submitted, would also be an overdevelopment of the site.

STAFF REPORT 2023-DV2-032 (Continued)

- ◇ Staff has recommended to the petitioner that the request be amended to provide for a single-family dwelling only, and to eliminate at least four or five of the original requested variances. No additional information has been submitted in a timely manner to amend the petition or update the site plan.
- ◇ Therefore, Staff recommends this petition be continued so that the petitioner can submit an amended petition and related elevations, and to allow time to review the amended information. New notice may also be required.
