Petitioner:	Joy's Helping Hand Child Care, by Jamika J. Cooper
Current Zoning:	I-1
Request:	Variance of use of the Consolidated Zoning and Subdivision Ordinance to provide for the operation of a Daycare facility for children up to 12 years of age (daycare facilities limited to those less than six years of age).
Current Land Use:	Commercial
Staff Recommendations:	Staff recommends approval of this petition
Staff Reviewer:	Noah Stern, Associate Planner

PETITION HISTORY

This is the first public hearing for this petition.

STAFF RECOMMENDATION

Staff **recommends approval** of this petition.

PETITION OVERVIEW

- This request would provide for the operation of a daycare facility for children up to 12 years of age (daycare facilities limited to those less than six years of age).
- Daycares typically provide services for children that are not yet old enough to attend formal schooling (usually around age six and below). With the proposed daycare requesting to provide services for children up to 12 years of age, a variance of use is needed. The proposal does not call for any changes to the building itself, nor will there be any changes to the existing landscaping. The proposal calls for a six-foot fence to enclose a small playground area (shown in site plan) that will be located west of the building footprint. This playground will not be located in the front yard of the site, meaning no variances are needed for the fence height. Staff is unopposed to this request.

Helping Children Reach for the Stars!

Plan of Operation:

The mission of Joy's Helping Hand Childcare (JHHCC) is to provide affordable, safe, and high-quality childcare services that support families' efforts to work and/or attend school. JHHCC offers a learning environment for children aged six weeks to 12 years, encouraging them to learn through play in a clean, secure, and developmentally appropriate atmosphere.

JHHCC has provided childcare services for almost 15 years and is a licensed childcare center of Level 1 PTQ in Indiana. After relocating to a new facility, we plan to apply for a Level 3 rating. We will offer our enrolled children a curriculum-based kindergarten readiness education and actively participate in the On My Way PreK program.

Our childcare center meets all the required staff-to-child ratios per licensure requirements. We are excited to announce that we are acquiring a new facility that can hold 110 children and employ 15 to 20 staff to be aligned with our children-to-staff ratio. To better serve the needs of working parents, we will modify our operating hours. Our new hours will be from 5 am to midnight, Monday through Friday, to accommodate parents who work non-traditional hours and late-shift business entities, including hospitals.

We anticipate reaching our capacity within six months of opening our center. The need for quality childcare in the area and need-based services for parents who work nontraditional hours has been increasing. Our daycare center serves children, and our current customers are their parents. We occasionally receive learning materials, such as curriculum booklets, via standard US mail. We strictly avoid handling any hazardous materials in our facility and only use approved sanitary cleaning solutions for daily cleaning. We purchase appropriate school supplies for the proper age from educational vendors to complement our curriculum. With our new center, we are installing a hardwired security system that will provide 24/7 surveillance of our building's grounds. We will also have indoor cameras to ensure the safety of our staff and children. Moreover, we will have an intercom system at the main entrance to our facility.
