

RESOLUTION NO. 2023-E-014

CONFIRMATORY RESOLUTION OF THE METROPOLITAN DEVELOPMENT COMMISSION OF MARION COUNTY, INDIANA, RELATED TO THE NORTH MERIDIAN ECONOMIC DEVELOPMENT AREA

WHEREAS, on December 7, 2022, the Metropolitan Development Commission of Marion County, Indiana, acting as the Redevelopment Commission of the City of Indianapolis, Indiana (the “Commission”), adopted Declaratory Resolution No. 2022-E-052 (the “Declaratory Resolution”), (i) declaring that the North Meridian Economic Development Area (the “Area”) in the City of Indianapolis (the “City”) is an economic development area, which declaration was supported by a factual report and findings contained within the Declaratory Resolution, (ii) establishing an allocation area whose boundaries and certain parcels are coterminous with the Area (the “Allocation Area”), and (iii) declaring that the Area is subject to economic development activities pursuant to Indiana Code 36-7-15.1 *et seq.*, and all acts supplemental and amendatory thereto (collectively, the “Act”);

WHEREAS, the Commission also approved an Economic Development Plan (the “Plan”) for the Area which contained specific recommendations for certain projects as further described in the Declaratory Resolution (collectively, the “Project”);

WHEREAS, on April 3, 2023, the City-County Council of the City of Indianapolis and of Marion County, Indiana (the “City-County Council”) approved the Declaratory Resolution pursuant to the Act;

WHEREAS, the Commission published notice on March 31, 2023, of the adoption and substance of the Declaratory Resolution in accordance with the Act and Indiana Code 5-3-1 which public notice also gave notice of a public hearing that was held on April 19, 2023, on the adoption of the Declaratory Resolution by the Commission at which public hearing the opportunity to have remonstrances and objections heard by the Commission was provided;

WHEREAS, the public notice described in the preceding paragraph was also filed in the office of the Department of Metropolitan Development and any other departments, bodies or officers having to do with City planning, variances from zoning ordinances, land use or the issuance of building permits;

WHEREAS, copies of the public notice were also filed with the officer authorized to fix budgets, tax rates and tax levies under Indiana Code 6-1.1-17-5 for each taxing unit that is either wholly or partly located within the proposed Area, together with a statement disclosing the impact of the Area, which includes:

- (A) The estimated economic benefits and costs incurred by the Area, as measured by increased employment and anticipated growth of real property assessed values; and
- (B) The anticipated impact on tax revenues of each taxing unit;

WHEREAS, certain estimates contained in the Declaratory Resolution and Plan have been refined, which refinements do not require additional notices or proceedings under I.C. 36-7-15.1 and which were described at the below referenced public hearing; and

WHEREAS, prior to the adoption of the resolutions hereinafter set forth, and at such meeting, the Commission conducted a public hearing at which the Commission heard all persons interested in the proceedings and considered all written remonstrances and objections that were filed;

WHEREAS, after being fully advised in the matter,

NOW, THEREFORE, BE IT RESOLVED by the Commission, as follows:

1. The Commission has considered the evidence presented and now finds and determines that it will be of public utility and benefit to proceed with the Project, with the establishment and creation of the Area and Allocation Area, and with the inclusion of certain right of ways, parcels and property as part of the Area and Allocation Area, as described in the Declaratory Resolution.

2. The Commission hereby finds that the Area and Allocation Area are necessary and that the adoption of the allocation provision in the Declaratory Resolution will result in new property taxes in the Area that would not have been generated but for the adoption of the allocation provision and is supported by the finding of fact, evidence, testimony and other information provided to the Commission as part of its determination to establish the Area and the Allocation Area pursuant to the Declaratory Resolution and the Act.

3. The Declaratory Resolution and Plan approved by the Commission on December 7, 2022, are hereby confirmed as described in the Act and are incorporated herein and shall be kept on file with the Secretary of the Commission and the Clerk of the City.

4. The Secretary of the Commission is hereby directed to record the final action taken by the Commission, notify the Indiana Department of Local Government Finance of the designation of the Area and Allocation Area within the Area, and to file this Confirmatory Resolution with the Marion County Auditor.

5. This Confirmatory Resolution shall be effective upon passage.

RESOLUTION NO. 2022-E-052
DECLARATORY RESOLUTION OF THE
METROPOLITAN DEVELOPMENT COMMISSION OF
MARION COUNTY, INDIANA,
CREATING THE NORTH MERIDIAN ECONOMIC DEVELOPMENT
AND ALLOCATION AREAS

WHEREAS, the Metropolitan Development Commission of Marion County, Indiana, acting as the Redevelopment Commission of the City of Indianapolis, Indiana ("Commission"), organized and acting pursuant to the provisions of Indiana Code 36-7-15.1, as amended (the "Act"), has investigated, studied and surveyed economic development within the consolidated city boundaries of the City of Indianapolis and County of Marion, Indiana ("City"); and

WHEREAS, the Commission has identified an area in need of economic development, to be known as the North Meridian Economic Development Area (the "Economic Development Area"), in accordance with its powers and duties under the Act, a map and list of parcels of which area are attached hereto as Exhibit A, and has prepared a plan for development of the Economic Development Area (the "Economic Development Plan") and additional findings, which Economic Development Plan and additional findings are attached hereto as Exhibit B; and

WHEREAS, the Commission now desires to adopt this Declaratory Resolution and Economic Development Plan, and to designate certain parcels of property within the Economic Development Area, as identified in Exhibit C, as an allocation area to be known as the "North Meridian Allocation Area" (the "Allocation Area") pursuant to Section 39 of the Act; and

WHEREAS, the Commission has caused to be prepared:

- (1) A map and plat showing: the boundaries of the Economic Development Area and Allocation Area in which property would be acquired for, or otherwise affected by, the establishment of an economic development area; the location of various parcels of property, streets, alleys, and other features affecting the acquisition, clearance, remediation, replatting, replanning, rezoning, or redevelopment of the Economic Development Area and Allocation Area, and any parcels of property to be excluded from the acquisition or otherwise excluded from the effects of the establishment of the Economic Development Area and Allocation Area; the parts of the Economic Development Area and Allocation Area acquired, if any, that are to be devoted to public ways, levees, sewerage, parks playgrounds, and other public purposes under the Economic Development Plan; and
- (2) List of the various parcels of property that may be affected, including the parcels of the project not in the Economic Development Area and Allocation Area, other than by acquisition, by the establishment of the Economic Development Plan; and
- (3) An estimate of the cost of acquisition, redevelopment and economic development.

WHEREAS, the Economic Development Plan, additional findings and supporting data were reviewed and considered by the Commission at this meeting; and

WHEREAS, Sections 29 and 30 of the Act permit the creation of “economic development areas” and provides all of the rights, powers, privileges and immunities that may be exercised by this Commission in a redevelopment area or urban renewal area may be exercised in an economic development area, subject to the conditions set forth in the Act; and

WHEREAS, Section 26 of the Act permits the creation of “allocation areas” to provide for the allocation and distribution of property taxes for the purposes and in the manner provided in said section.

NOW, THEREFORE, BE IT RESOLVED by the Metropolitan Development Commission of Marion County, Indiana, governing body of the City of Indianapolis Redevelopment District, as follows:

Section 1. The foregoing recitals are hereby incorporated by reference.

Section 2. It will be of public utility and benefit to adopt the Declaratory Resolution and the Economic Development Plan for the Economic Development Area in the manner provided for in the Resolution and to develop the Economic Development Area pursuant to the Act.

Section 3. The Economic Development Plan conforms to other development and redevelopment plans of the City of Indianapolis.

Section 4. The Declaratory Resolution is reasonable and appropriate when considered in relation to the Economic Development Plan, as well as the purposes of the Act.

Section 5. The Commission created the Economic Development Plan and finds that the Economic Development Plan for the Economic Development Area:

- (A) Assists in the promotion of significant opportunities for the gainful employment of the citizens of the City;
- (B) Assists in the attraction of major new business enterprises to the City;
- (C) Benefits the public health, safety, morals and welfare of the citizens of the City;
- (D) Increases the economic well-being of the City and the State of Indiana; or
- (E) Serves to protect and increase property values in the City and the State of Indiana.

Section 6. The Commission finds that the Economic Development Plan cannot be achieved by regulatory processes or by the ordinary operation of private enterprise without resort to the powers allowed the Commission under the Act because of:

- (A) The lack of local public improvement necessary to achieve the level of quality of development described in the Economic Development Plan;
- (B) Existence of improvements or conditions that lower the value of the land below that of nearby land;
- (C) Multiple ownership of land; or
- (D) Other similar conditions, specifically, challenges resulting from existing private party easements and other land conditions.

Section 7. The Commission finds that the accomplishment of the Economic Development Plan will be of public utility and benefit as measured by:

- (A) The attraction of construction and retention of permanent jobs;
- (B) An increase in the property tax base;
- (C) Improved diversity of the economic base; or
- (D) Other similar benefits, specifically, accomplishment of the Economic Development Plan will serve as a basis for making future public improvements.

Section 8. The Economic Development Plan for the Economic Development Area and Allocation Area conforms to the comprehensive plan of development for the consolidated city.

Section 9. The current estimated costs to the Commission of implementing the Economic Development Plan will not exceed \$1,600,000,000.

Section 10. The Commission finds that the current assessed value for the Allocation Area is \$168,185,700 and the estimated annual tax increment revenue applicable to such property is \$1,740,000 based on projected plans at this time.

Section 11. The Commission finds that no residents of the Economic Development Area will be displaced by any project resulting from the Economic Development Plan and, therefore, the Commission finds that it does not need to give consideration to transitional and permanent provisions for adequate housing for the residents.

Section 12. In support of the findings and determinations set forth above, the Commission hereby adopts the specific findings set forth in the Economic Development Plan and the additional findings attached hereto as Exhibit B.

Section 13. The Commission does not at this time propose to acquire any specific parcel of land or interests in land within the boundaries of the Economic Development Area. If at any time the Commission proposed to acquire specific parcels of land, the required procedures for amending the Plan under the Act will be followed, including notice by publication and to affected property owners and a public hearing.

Section 14. The parcels described in Exhibit C are hereby designated as an “allocation area” pursuant to Section 26 of the Act to be known as the “North Meridian Allocation Area” for purposes of the allocation and distribution of property taxes for the purposes and in the manner provided by Section 26 of the Act. Any taxes imposed under IC 6-1.1 on real property subsequently levied by or for the benefit of any public body entitled to a distribution of property taxes on taxable property in the Allocation Area shall be allocated and distributed in accordance with Section 26 of the Act as follows:

Except as otherwise provided in Section 26, the proceeds of taxes attributable to the lesser of the assessed value of the property for the assessment date with respect to which the allocation and distribution is made, or the base assessed value, shall be allocated to and when collected paid into the funds of the respective taxing units. Except as otherwise provided in said Section 26, property tax proceeds in excess of those described in the previous sentence shall be allocated to the redevelopment district and when collected paid into an allocation fund for the Allocation Area hereby designated as the “North Meridian Allocation Fund” and may be used by the redevelopment district to do one or more of the things specified in Section 26(b)(3) of the Act, as the same may be amended from time to time. Said allocation fund may not be used for operating expenses of this Commission. Except as otherwise provided in the Act, before June 15 of each year, the Commission shall take the actions set forth in Section 26(b)(4) of the Act.

Section 15. The base assessment date of the Allocation Area shall be January 1, 2022.

Section 16. The provisions of this resolution shall be subject in all respects to the Act and any amendments hereto and the allocation provision herein relating to the Allocation Area shall expire on the date that is twenty-five (25) years after the date on which the first obligation is incurred to pay principal and interest on bonds or lease rentals on leases payable from tax increment revenues derived in the Allocation Area. The Commission shall notify the Indiana Department of Local Government Finance of the designation of the Allocation Area as an allocation area.

Section 17. All of the rights, powers, privileges, and immunities that may be exercised by the Commission in a redevelopment area or urban renewal area may be exercised by the Commission in the Economic Development Area, subject to the limitations in IC 36-7-15.1-30.

Section 18. The Commission shall cause to be prepared a statement disclosing the impact of the Allocation Area, including the following:

- (A) The estimated economic benefit and costs incurred by the Allocation Area, as measured by increased employment and anticipated growth of real property, personal property and inventory assessed values; and
- (B) The anticipated impact on tax revenues of each taxing unit that is either wholly or partly located within the Allocation Area. A copy of this statement shall be forwarded to each such taxing unit with a copy of the notice required under Section 10 of the Act at least ten (10) days before the date of the public hearing described in this resolution.

Section 19. The Commission hereby finds that the adoption of the foregoing allocation provisions will result in new property taxes that would not have been generated but for the adoption of the allocation provisions. Specifically, the capture of new property taxes in the Allocation Area as tax increment will assist the Commission in its capacity to fund or bond for future projects, including, without limitation, public infrastructure improvements to support the development of the Allocation Area, and the surrounding Economic Development Area, which will generate new property taxes.

Section 20. The Declaratory Resolution is hereby in all respects approved, and shall be effective as of the date of its adoption.

Section 21. This resolution and the Economic Development Plan shall be submitted to the City-County Council for its approval of the Economic Development Plan and the establishment of the Economic Development Area and Allocation Area as provided in the Act.

Section 22. The Commission hereby directs the presiding officer of the Commission, after receipt of approval by the City-County Council, to publish notice of the adoption and substance of this resolution in accordance with IC 5-3-1-4 and to file notice with the office of the Commission, board of zoning appeals, works board, park board, and any other departments, bodies or officers of the City having to do with planning, zoning variances, land use or the issuance of building permits. The notice must state that maps and plats have been prepared and can be inspected at the office of the City's department of redevelopment and must establish a date when the Commission will receive and hear remonstrances and objections from persons interested in or affected by the proceedings pertaining to the proposed project and will determine the public utility and benefit of the proposed project.

Section 23. The Commission further directs the presiding officer to submit this resolution to the City-County Council for its approval of the establishment of the Economic Development Area and Allocation Area.

Section 24. If any section, paragraph or provision of this resolution shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such section, paragraph or provision shall not affect any of the remaining provisions of this resolution.

Section 25. This resolution shall be effective as of its date of adoption.

ADOPTED AND APPROVED at a meeting of the Metropolitan Development Commission of Marion County, Indiana, held on December 7, 2022, 1:00 p.m. at the City-County Building, 2nd floor, Public Assembly Room (Room 230), Indianapolis, Indiana.

**NORTH MERIDIAN ECONOMIC DEVELOPMENT PLAN
AND ADDITIONAL FINDINGS**

ALIGNING RESOURCES WITH NEED.

North Meridian

ECONOMIC DEVELOPMENT AREA

PREPARED BY THE CITY OF INDIANAPOLIS

DEPARTMENT OF METROPOLITAN DEVELOPMENT

ADOPTED BY THE METROPOLITAN DEVELOPMENT COMMISSION

DECLARATORY RESOLUTION 2022-X-XXX EXHIBIT X | X/XX/2022

ABOUT THIS PLAN

This plan describes the need for a North Meridian Economic Development Area (EDA). Infrastructure such as Interstate 65 and many north to south corridors have divided the area and isolated it from downtown and surrounding communities. A new Academic Health Center is catalyzing private investment around the campus, and district-wide opportunities have arisen.

To capitalize on this investment, infrastructure and other investment needs to occur at the district scale. New green spaces will improve quality of life, shared parking facilities will catalyze real estate investment, and re-imagining public infrastructure will improve mobility for pedestrians. Without the necessary

government action, normal economic activity will be constrained, and coordination among redevelopment in the area will not reach its full potential.

Designation as an EDA is an important step in enhancing infrastructure, improving the area's connectivity, attracting new investment, and increasing area employment and the county's tax base. This plan contains documentation of existing conditions, descriptions of factors that pose challenges to the economic development of the area, and assets valuable for future revitalization.

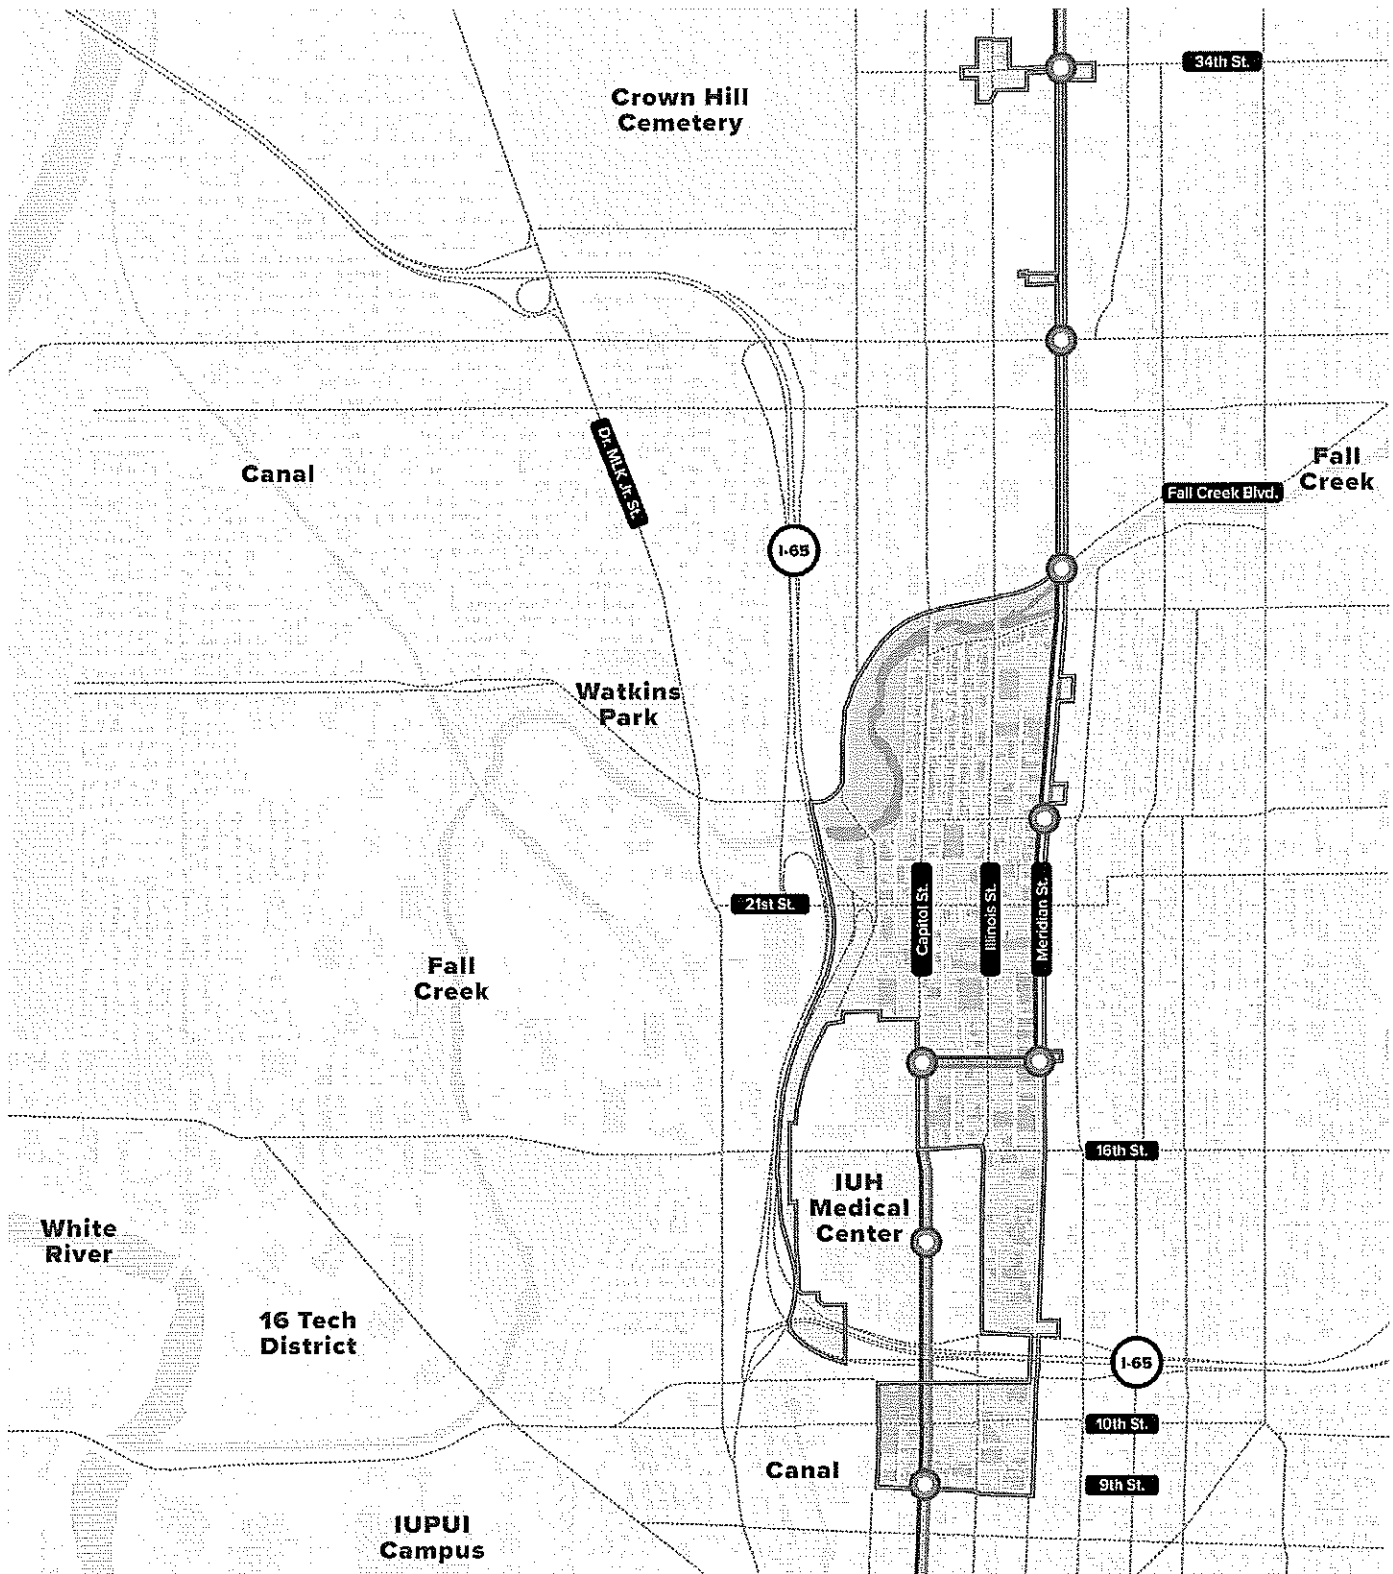

AREA BACKGROUND

The neighborhoods and commercial areas of the North Meridian EDA Plan date back to the late 1800s. Early uses include a wide variety of manufacturing uses, including Indianapolis' early automobile industry. Numerous institutions including Methodist's Wile Hall, workhouses, homes for the elderly, orphanages, and other social institutions were also an early fixture in the area. Street cars and numerous railroads served the area before the automobile, eventually displaced by the further development of roads and the interstate.

Despite disinvestment over recent decades, the continued public and private community development efforts of numerous organizations has begun to stabilize the area. The IndyGo Red Line Bus Rapid Transit has significantly improved access to the rest of the city for area residents, and easier access to local jobs for those living

elsewhere. Near North Development Corporation, Indianapolis Neighborhood Housing Partnership and others have invested in affordable housing, workforce development efforts, and other social support programs. The Near North corridor was named a 2021 Lift Indy recipient, supporting these efforts with another \$3.5 million.

The announcement of the IU and IU Health's multi-billion investment in the Academic Medical Center has already resulted in some commercial investment on key parcels near the Red Line.

THE SURROUNDING AREA

Residents of Near North living within the EDA boundary have suffered from disinvestment and resulting health and economic outcomes. Life expectancy is low, at 70 years, compared to over 80 elsewhere in Central Indiana. While some housing and other community development efforts

have made progress, more is needed for the neighborhood to reach its potential as a place of high quality of life with improved health outcomes.

TRANSPORTATION

The area's predisposition to automobile travel provides easy access to the interstate and nearby areas via high-capacity corridors. Large parking lots serve these users around the periphery of the Academic Health Center.

IndyGo's Red Line provides strong public transit options north and south.

A Planned Health Connector Trail will connect the area to regional trail systems, including Fall Creek Trail, the Cultural Trail, and the Monon Trail.

Pedestrian connections to any of these elements, however, are often unsafe and uninviting. Dark,

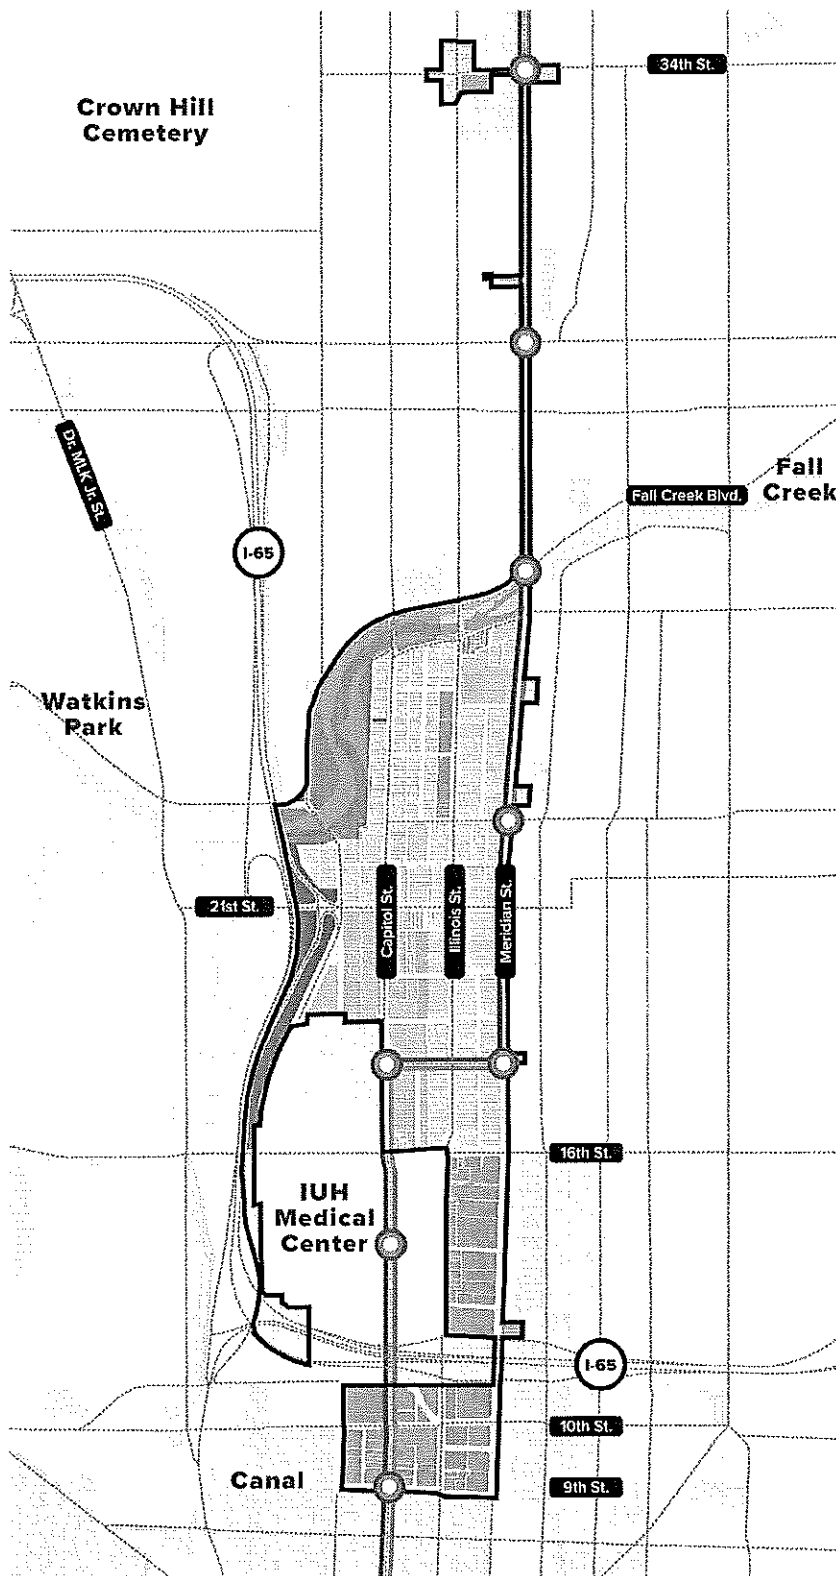

narrow sidewalks without buffer from vehicle travel lanes, crosswalks across many lanes of fast-moving traffic spaced at long intervals, and poor building orientation have made getting around as a pedestrian, wheelchair user, or other active mode difficult and dangerous.

	EDA Boundary	Downtown	Marion County
Median Household Income	\$40,284	\$57,599	\$54,745
Unemployment Rate	5.0%	1.8%	2.8%
Median Home Value	\$133,333	\$326,662	\$182,898
Vacant Housing Units	15.5%	15.7%	8.9%

Table 1. Median Household Income, Unemployment Rate, Median Home Value, Vacant Housing Units for EDA Boundary, Downtown, and Marion County (2022)

Data Source: Esri

CURRENT LAND USE PLAN

Mapping: City of Indianapolis GIS

The land use plan is driven primarily by the Academic Health Center and its immediate supportive and affiliated uses, including the IU School of Medicine, medical office, corporate office, and other services. Secondly, the remainder is either urban residential or urban commercial mixed use areas meant to serve both the immediate neighborhood and surrounding areas. IndyGo's Red Line serves and strengthens both of these major functions, bringing employees and visitors to the area. As the area grows, some of the proposed land uses may warrant an increase in density and intensity so that the residential and commercial properties are aligned with the expected growth from the new hospital campus and The Red Line.

EVIDENCE OF NEED

FOR ECONOMIC DEVELOPMENT

The following section contains analyses that confirm the need for an Economic Development Area within the Near North area.

ESTABLISHING

AN ECONOMIC DEVELOPMENT AREA

Indiana state law allows the Metropolitan Development Commission (MDC) to establish an EDA if it finds that doing so will help:

- Promote significant opportunities for gainful area employment
- Attract major new business enterprises to the area, and
- Retain or expand a significant business enterprise existing in the boundaries of the area.

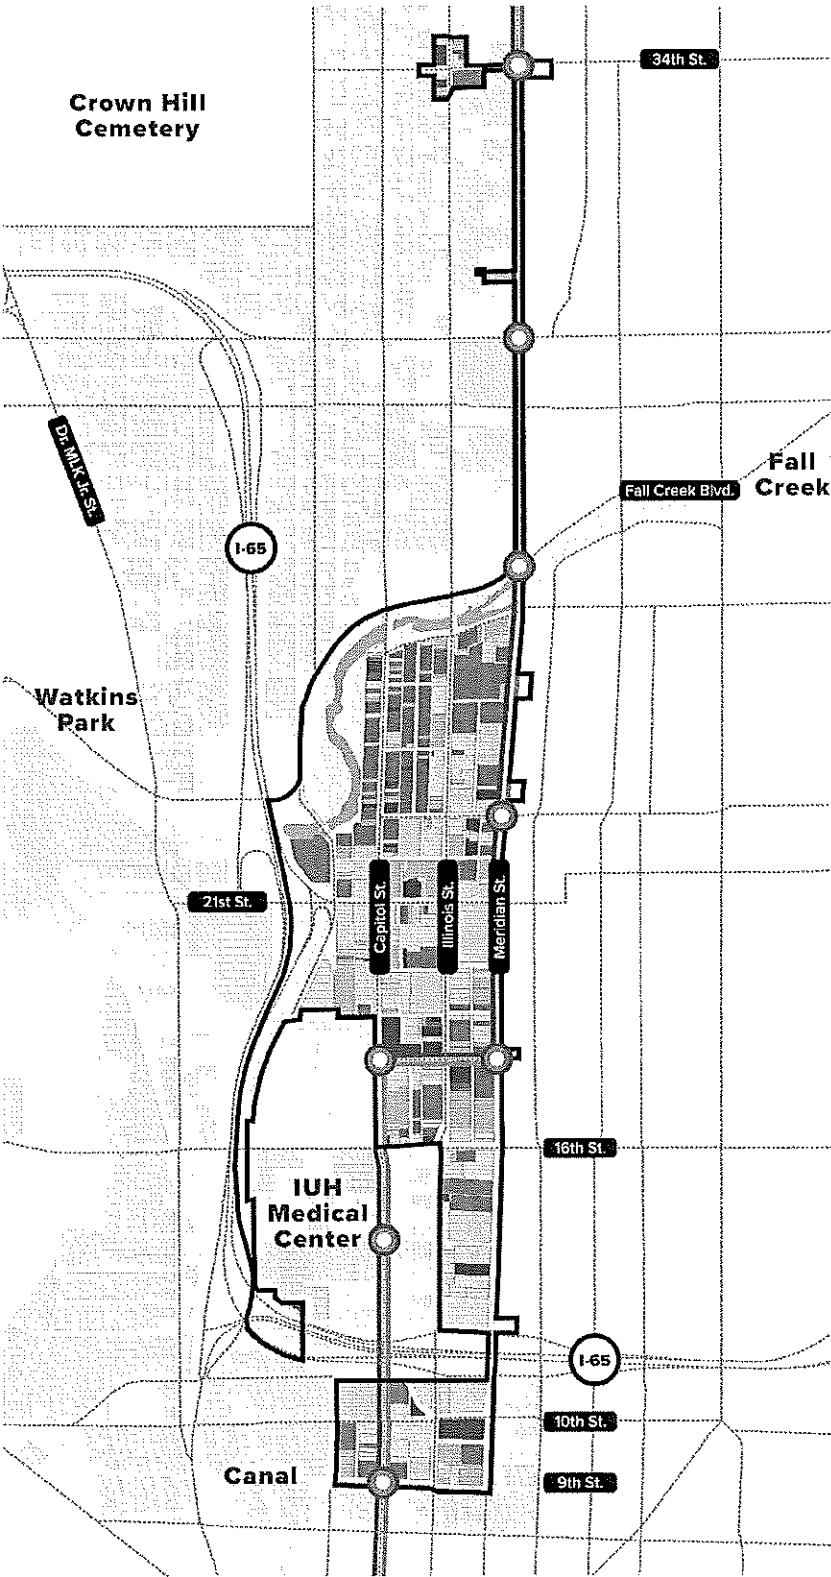

Additionally, state law allows the MDC to establish an EDA if it finds that the area's revitalization cannot be achieved by regulatory processes or by the ordinary operation of private enterprise because of conditions such as the following:

- Lack of local public improvement,
- Existence of improvements or conditions that lower the value of the land below that of nearby land, or
- Multiple ownership of land.

EDA projects that would be stimulated in part by the designation of the EDA will help:

- Attract or retain permanent jobs,
- Increase the property tax base, and
- Improve the diversity of the economic base.

ASSESSED VALUE CHANGE

Mapping: City of Indianapolis GIS

The assessed values of properties in the Economic Development area have had varied from significantly increasing to significantly decreasing over the past ten years.

Smaller single-family lots to the north and property at the Upper Canal location has increased by more than 25%, while properties shown in orange and red have lost value. A number of these happen to occur within a couple of blocks of 16th and 18th Streets.

LEGEND

Assessed value change from 2012 to 2022

- Greater than -25%
- 25% to 0%
- 0% to +10%
- +10% to +25%
- Greater than +25%
- EDA boundary

CONNECTIVITY

Mapping: City of Indianapolis GIS

Strong transit and pedestrian activity enhances new investment and development potential. The City of Indianapolis' recent investments in trails have been shown to drive economic development, particular in mixed-use areas.

These infrastructure investments are crucial for residents and visitors to see the health benefits associated with active modes of transportation. This is particularly important in the EDA area where health outcomes and life expectancy are low.

SITE PHOTOGRAPHS

EXISTING CONDITIONS

Large Expanses of Surface Parking

This aerial photograph demonstrates the pattern of large surface parking lots that dominate the properties west of Meridian Street. To the east of Meridian there is an obvious pattern of a finer grain of streets and buildings and more abundant tree canopy. Walking and crossing the street is easier and more comfortable.

Dark, Imposing Area Under Interstate

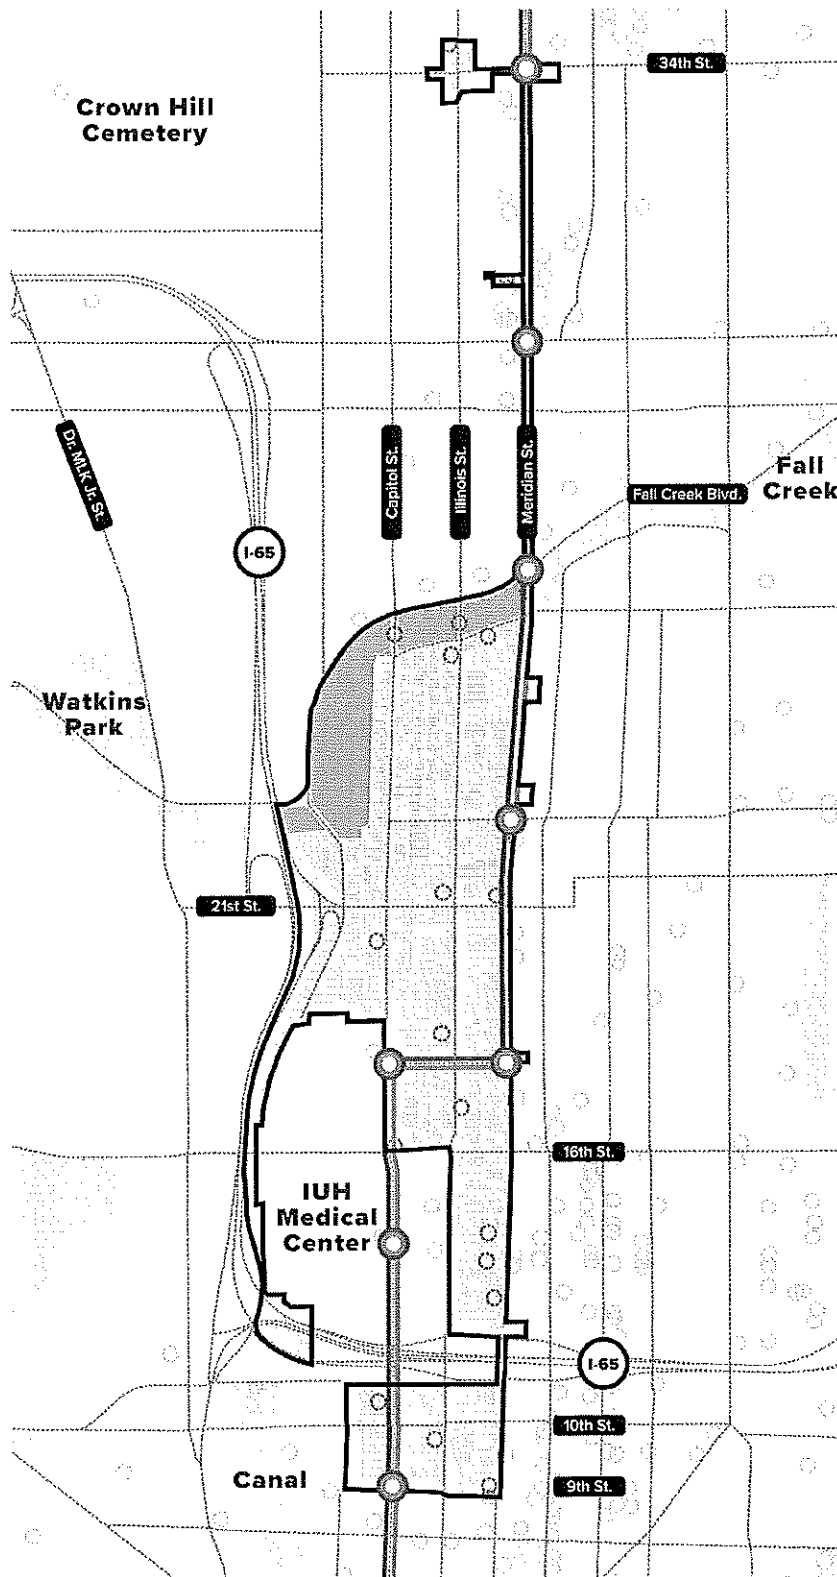

Interstate 65 is elevated as it runs east to west between 11th and 12th Streets. While pedestrians can physically pass under the elevated highway, the structure still acts as a major barrier from the North Meridian area and the core of Downtown Indianapolis to the south.

Auto-Oriented Property Edges

The north-south rights-of-way through this area have served as a series of high-capacity auto routes into downtown from Binford Boulevard for decades. Over time, the properties along these corridors have been redeveloped for easy auto access and clear views of buildings and signage. Unfortunately, this has come at the expense of the streetscape experience for pedestrians, the city's tree canopy, and the front entry experience to the buildings along the corridor.

TOWARDS THE FUTURE

Mapping: City of Indianapolis GIS

The following section provides a framework for future development in the North Meridian Economic Development Area.

The map on the left shows important historic sites, parks, and opportunity zones in the vicinity of the EDA.

There are dense clusters of structures that contribute to the historic nature of the area east of Meridian Street and sporadically west of it. Over time, however, the growth of surface parking lots and vacation of public rights of way has made the area near Methodist Hospital feel uninviting and disconnected from the surrounding neighborhoods.

Parcels south of 21st Street are located in an Opportunity Zone. Opportunity Zones are federally-designated areas eligible for certain federal capital gains tax benefits under the Tax Cuts and Jobs Act of 2017, and they are intended to attract capital investment into areas that are economically distressed.

AREA ASSETS

NORTH MERIDIAN AREA

Stutz Redevelopment

A \$60 million redevelopment of 7 historic buildings into office, retail, events, art gallery, co-working, and restaurant space.

Gregory and Appel Building

The Gregory and Appel Building is a beautiful facility along Capitol Avenue. It was originally built in 1919 by Henry Stutz to house his follow up to the Stutz - the HCS Motor Car Company.

The Canal

The upper portion of the Canal Walk is a regional family-friendly attraction that is beloved and well-used by visitors, nearby office workers, and local residents.

Medical Center Campus

The new IU Health facility will be a state of the art campus with green spaces throughout. The facility will be a major employment center within the region.

Mosaic Center

The Mosaic Center will help to provide job training and jobs to unemployed and underemployed people from the community, former foster care youth, students in the IU Health Fellowship Program at Crispus Attucks High School, and entry-level IU Health employees looking to increase their opportunities and earning potential. The center will provide career, financial and personal coaching to individuals as well as direction to resources for food access, transportation, housing, addiction and mental health services, and more. The center is expected to provide services to 800 to 1,000 individuals each year.

Red Line

IndyGo's Bus Rapid Transit line runs every 15 minutes, 20 hours a day, 7 days a week, within a quarter mile of 50,000 residents and 150,000 jobs in Marion County. Four stations serve the EDA along Meridian Street and Capitol Avenue.

TIF OBJECTIVE

FOR ECONOMIC DEVELOPMENT AREA

Support district-wide infrastructure investments needed to improve the economics and feasibility of individual developments, allow for higher intensity development, and implement a holistic approach to addressing district-wide and broader community needs.

District Infrastructure Priorities

- Strategic infrastructure to support mixed-income, affordable and workforce housing: comprehensive approach to addressing district-wide parking needs will support feasibility of mixed-income, mixed-use district.

- District Parks and Open Space: focus on providing parks and open space access to each and every user of the Health District within a 10-minute walk as outlined in the Health District Framework Plan.
- Pedestrian Infrastructure and Safety Upgrades: focus on enhancing off-street pedestrian amenities that facilitate safe and convenient walking, biking, and scooter(ing) for neighbors, visitors, and employees.

RELATIONSHIP

TO LOCAL OBJECTIVES

Plans for this district are the result of a 5 year planning process involving IU Health, Near North Development Corporation, and the City of Indianapolis incorporating findings and objectives from numerous previous and concurrent efforts including IU Health's Community Health Needs

Assessment, the Near North Future Development Plan, INHP's Equitable TOD Plan, Indy Chamber's Accelerate Indy, The City of Indianapolis Neighborhood Investment Strategy, among others.

PROPOSED ACTIVITIES

Proposed Activities - In addition to the policies and guidelines outlined in the Comprehensive Plan for Indianapolis and Marion County, the following activities are planned or are likely necessary to support economic development.

1. Public Infrastructure: This may include street, curb, sidewalk, trail, bridge, public transportation, and utility construction or reconstruction within the public rights-of-way or within or necessary to serve private development projects.

2. Rezoning

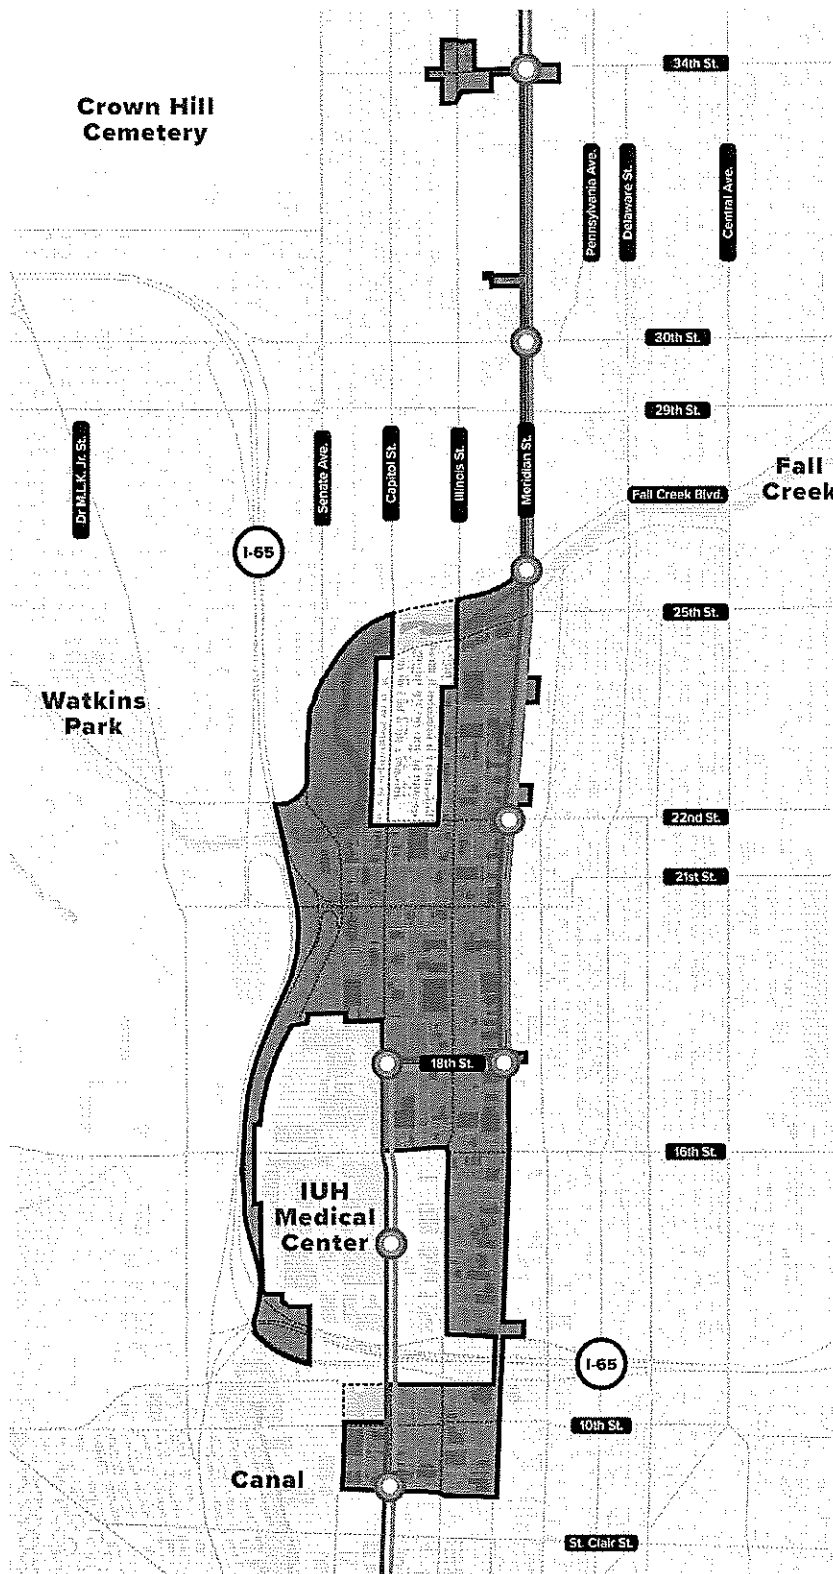

3. Site Preparation Necessary for Economic Development

4. Environmental Remediation

5. Public Park or Public Facility Development

6. Establishment of a Tax Increment Financing District (or Districts)

TIF ALLOCATION AREA

Mapping: City of Indianapolis GIS

TIF (TAX INCREMENT FINANCING)

In order to help facilitate the funding of infrastructure and other projects that will further the goals set forth in various local plans and in this plan for the North Meridian EDA, the (Insert Name) Tax Increment Financing (TIF) District will be established.

LEGEND

- Existing Consolidated TIF
- North Meridian Allocation Area
- EDA Boundary Extents

Statutory Findings

The Plan for the Area meets the following required findings under Section 29(b) of the Act:

1. The Plan for the Area promotes significant opportunities for the gainful employment of the citizens of the City, attracts a major new business enterprise to the City, retains or expands a significant business enterprise existing in the City, or meets other purposes of Sections 28 and 30 of the Act.

Implementing the N Meridian EDA Plan involves making improvements to local transportation infrastructure, affordable housing in mixed-use centers around the IndyGo Red Line, and workforce development efforts targeted at minority-owned, woman-owned, veteran-owned and disadvantaged business enterprises. The district-wide scale of these investments will support higher-intensity development, resulting in higher assessed values, and more access to opportunity for more residents and workers in the area.

2. The Plan for the Area cannot be achieved by regulatory processes or by the ordinary operation of private enterprise without resort to the powers allowed under Sections 28 and 30 of the Act because of a lack of local public improvements, the existence of improvements or conditions that lower the value of the land below that of nearby land, multiple ownership of land, or other similar conditions.

The use of tax increment financing from the Allocation Area is necessary to complete the projects of the EDA Plan. The plan could not be implemented without the availability of tax increment revenues. TIF allocation to the area will allow higher-intensity mixed-income and workforce housing developments due to the restrictive cost of on-site parking for individual development projects. The improved viability and scale of these mixed-income and workforce housing developments will further be supported by pedestrian and bike-friendly infrastructure that is currently lacking in the area.

3. The public health and welfare of the citizens of the City will be benefited by accomplishment of the Plan for the Area.

Public health and welfare of the citizens of the City will be positively impacted through strategic health-focused physical and programmatic investments intended to improve health outcomes of neighbors, employees, and visitors to the district. The investments align with Marion County's greatest health needs, as identified through the collaborative Health Needs Assessment for the County.

Numerous Social Determinants of Health-related investments, which impact health outcomes, will benefit the public health and welfare of the area's citizens. Improved walking and biking infrastructure will support active modes of transportation. New greenspace and exercise facilities will support physical activity. Improved childcare access support working parents' quality of life and children's access to stable care.

Workforce development programs can improve access to opportunity and economic stability.

4. The accomplishment of the Plan for the Area will be a public utility and benefit as measured by the attraction or retention of permanent jobs, an increase in the property tax base, improved diversity of the economic base, or other similar public benefits.

As noted above, implementing the N Meridian TIF EDA Plan involves making improvements to local transportation infrastructure, affordable housing in mixed-use centers around the IndyGo Red Line, and workforce development efforts targeted at minority-owned, woman-owned, veteran-owned and disadvantaged business enterprises. The district-wide scale of these investments will support higher-intensity development than would otherwise not be possible, resulting in higher assessed values, and more access to opportunity for more residents and workers in the area. Much of the proposed development would occur on highly underutilized land.

5. The Plan for the Area conforms to the comprehensive plan of development for the consolidated city.

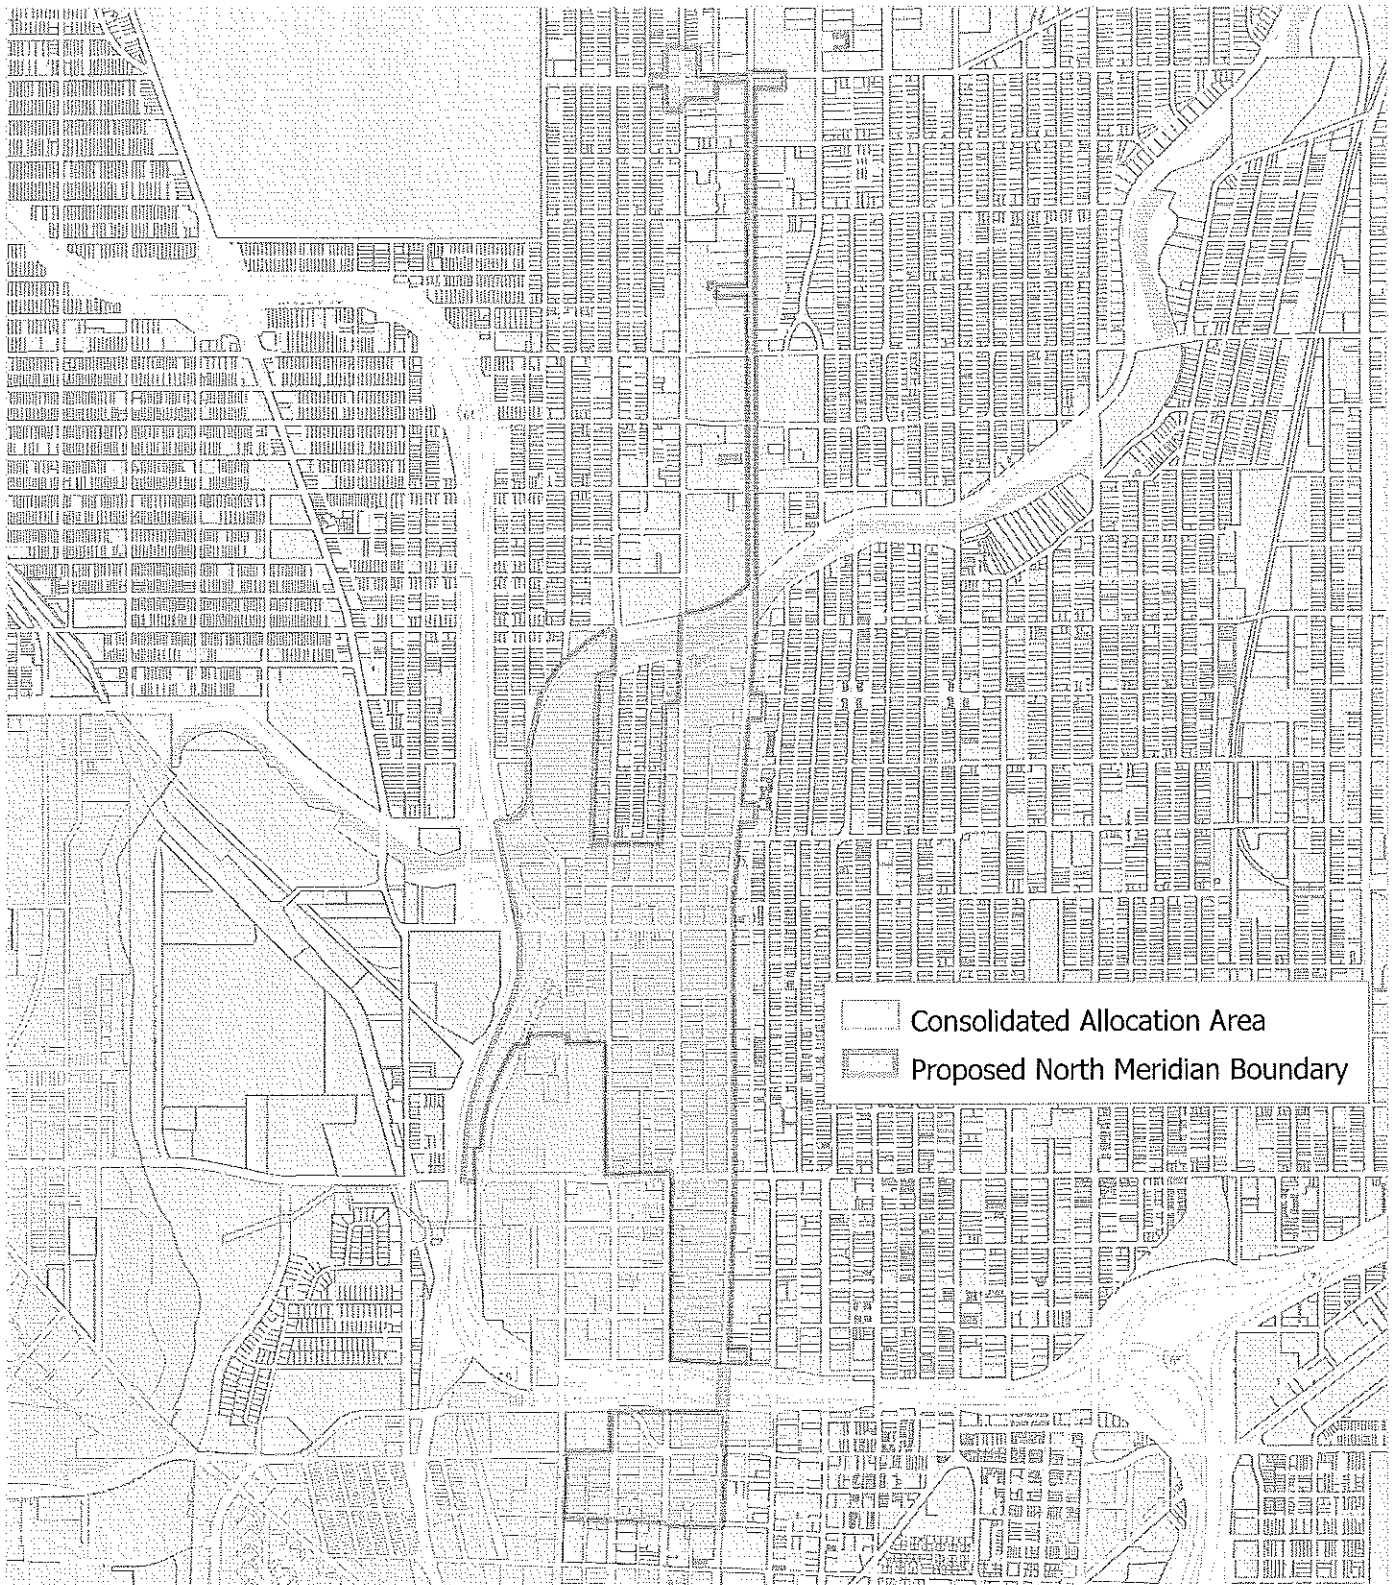

The Plan conforms to the goals of the comprehensive plan, as well as numerous other strategic initiatives including the Near North Future Development Plan, Accelerate Indy, The Neighborhood Investment Strategy, and the TOD Strategic Plan.
