PETITION OVERVIEW

SITE PLAN AND DESIGN

The subject site is zoned D-8 and is undeveloped. The site was rezoned to the D-8 classification via the petitions 2020-ZON-59 and 2023-CZN-852, to provide for the proposed single-family residential development. The property was also granted variances 2020-VAR-004 and 2023-CVR-852 to provide for reduced lot sizes, setbacks, and main floor areas. The proposed plat meets the standards of the D-8 zoning classification, the zoning commitments, and the subdivision regulations.

The plat petition 2023-PLT-096 was approved in 2023 for this subdivision, but revisions were proposed by the applicant after that approval by the Plat Committee that would result in the same number of lots but an alternate internal layout. These changes couldn't be approved administratively via 741-501.A (only applicable for correcting errors) and are the reason that approval of a new plat petition would be required.

STREETS

The townhomes will front on Alvord Street to the east and the Monon Trail to the west. A common area private drive (Rosette Way) would provide vehicle access to the properties in addition to on-street parking along Alvord Street.

SIDEWALKS

Sidewalks have existed along 19th Street, Alvord Street, and 20th Street and any sidewalks impacted by construction would be replaced.
