PETITION OVERVIEW

SITE PLAN AND DESIGN

The subject site is zoned D-8 and developed with a two-family dwelling. This proposed plat would divide the existing parcel into two lots. Lots 24A and 24B would each contain half of the two-family dwelling with the lot line following the common wall and continuing through the rear of the lot. This replat would allow the property owner to sell each of the parcels individually, rather than as one parcel, with minimal impact on the surrounding property owners.

STREETS

Lots 24A and 28B would front on Carrollton Avenue. No new streets are proposed.

PROCEDURE

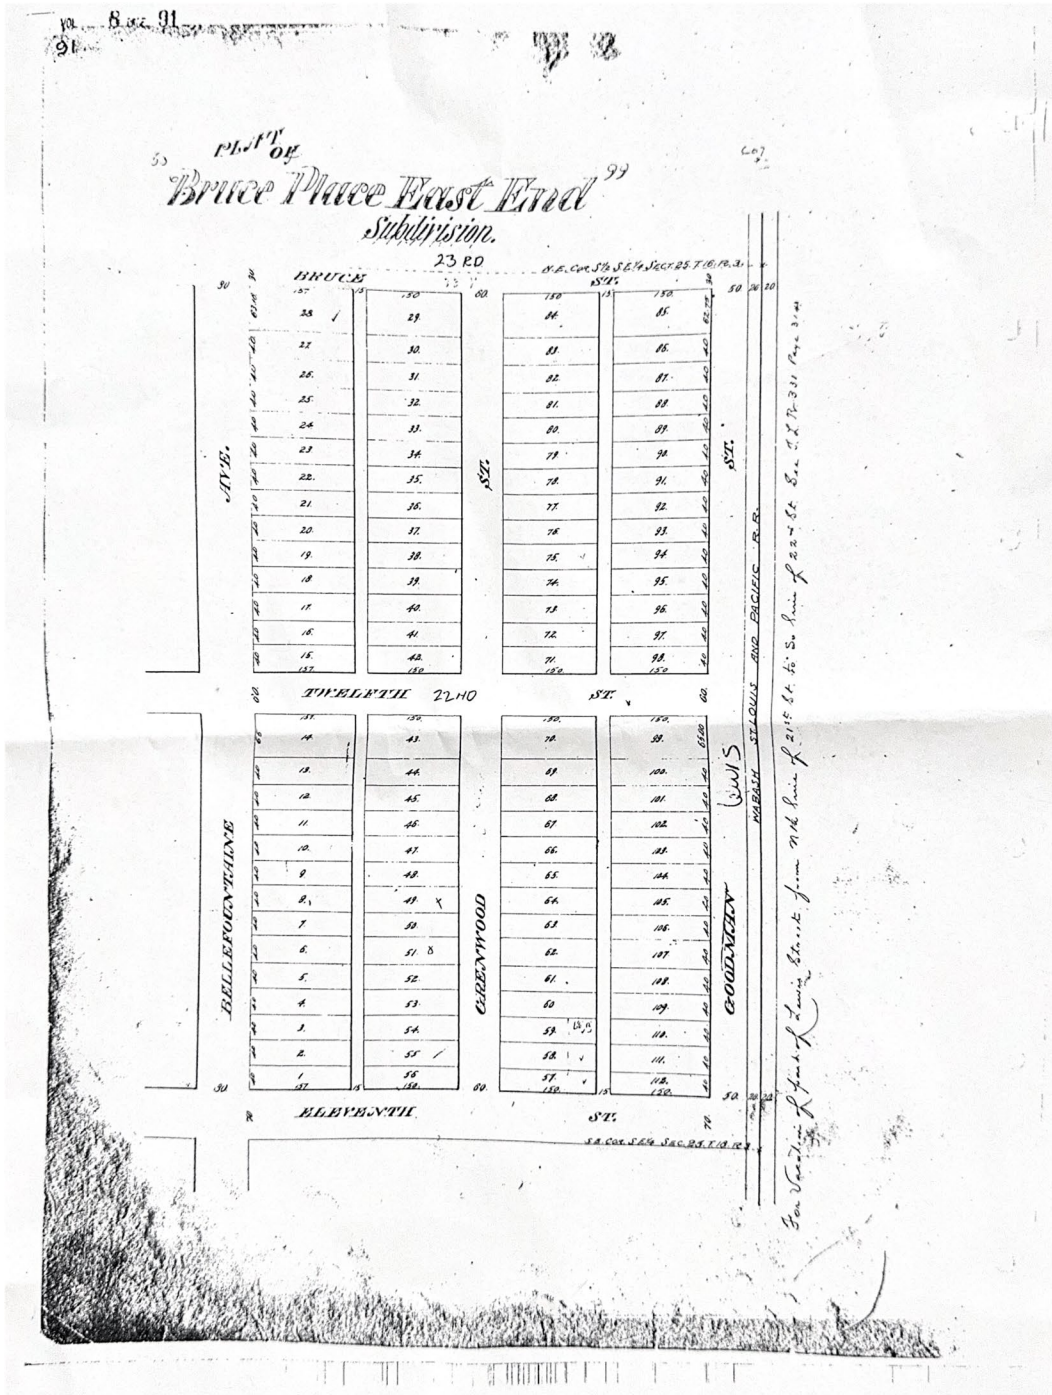

This plat petition, if approved, only legally establishes the division of land. In the event that the existing duplex were to be removed, any new construction that does not conform to the site plan approved by variance would be required to meet all development standards of the D-8 Dwelling District, including, but not limited to, setbacks, minimum lot width and frontage, and minimum open space.
