

## STAFF REPORT

### Department of Metropolitan Development Division of Planning Current Planning Section

**Case Number:** 2023-DV2-022  
**Address:** 5000 Nowland Avenue (approximate address)  
**Location:** Center Township, Council District #12  
**Zoning:** SU-2 / D-5  
**Petitioner:** Roman Catholic Archdiocese of Indpl Properties Inc., by Leslie Steinert  
**Request:** Variance of Development Standards of the Consolidated Zoning and Subdivision Ordinance to provide for the expansion of an existing parking lot resulting in 220 total parking spaces (maximum of 197 parking spaces permitted).

### **RECOMMENDATIONS**

Staff **recommends denial** of this request.

### **SUMMARY OF ISSUES**

#### **LAND USE**

##### EXISTING ZONING AND LAND USE

SU-2 and	High School educational facility and associated recreational and
D-5	competitive athletic fields

##### SURROUNDING ZONING AND LAND USE

North -	D-5	Single-Family Dwellings
South -	D-5	Single-Family Dwellings
East -	D-5	Single-Family Dwellings
West -	D-5	Single-Family Dwellings

COMPREHENSIVE PLAN	The Comprehensive Plan recommends regional special uses for the site.
--------------------	---

- ◇ The site is primarily zoned SU-2 which permits educational uses, and recreational and competitive fields as accessory uses. A small portion in the southwest corner of the site is zoned D-5.

### **VARIANCE OF USE & DEVELOPMENT STANDARDS**

- ◇ The request would allow for 220 parking spaces to be provided on site, an 11.67 percent increase of the maximum 197 permitted by-right.

## **STAFF REPORT 2023-DV2-022 (Continued)**

- ◇ Parking maximums were implemented as part of the adoption of Indy Rezone in order to limit the amount of hardscaping on site to reduce the urban heat island effect and the potential for water runoff on adjacent properties.
- ◇ The application indicates that the requested increase is to allow for the current construction on site to be completed and in anticipation of potential future expansions that may result in the removal of parking near the main building. It is Staff's position that this reasoning is insufficient, and that any parking expansion be done in accordance with future construction activity. Furthermore, Staff is unsure how the denial of this request would result in the inability of the current expansion project to be completed. Therefore, Staff does not believe there to be sufficient practical difficulty warranting a favorable recommendation.
