WHEREAS, I.C. 6-1.1-12.1 requires an applicant for Economic Revitalization Area designation to provide a Statement of Benefits and requires the Commission, before it makes a decision to designate such an areas as an Economic Revitalization Area, to determine that the Project can be reasonably expected to yield the benefits identified in the Statement of Benefits and determine that the totality of benefits arising from the project is sufficient to justify Economic Revitalization Area designation; and

WHEREAS, a business (hereinafter "Applicant") named in the attachment to this Resolution, which attachment is hereby incorporated by reference, has a leasehold interest in the geographical area (hereinafter "Subject Real Estate") described in such attachment; and

WHEREAS, at such final Hearing, evidence and testimony, and Factual Assertions 1 through 6 stated on the attachment to the Preliminary Resolution,) were considered by the Commission.

NOW, THEREFORE, IT IS RESOLVED:

1. The Commission now confirms, adopts and approves such Preliminary Resolution and thereby designates, finds and establishes the Subject Real Estate to be an Economic Revitalization Area. This designation is subject to the conditions that designation allows abatement of property taxes only relative to the installation of the Specified New Equipment on the Subject Real Estate. However, on the written request of the Applicant, the Director of the Department of Metropolitan Development is allowed to authorize in writing, substitutions, modifications and additions which are not substantial in nature to the Specified New Equipment, prior to March 1 of the year in which the initial certified deduction application for the Specified New Equipment is filed with the County Assessor.
2. **The Economic Revitalization Area designation terminates December 31, 2028. Accordingly, partial abatement of property taxes is allowed relative to Specified New Equipment installed and in operation on the Subject Real Estate during the period from March 20, 2024, to December 31, 2028.** However, termination of this designation does not limit the time the Applicant or successor owner is entitled to receive a partial abatement of property taxes, relative to Specified New Equipment installed on the Subject Real Estate before termination of such designation, to a period of less than five (5) years.
3. The partial abatement of property taxes attributable to the installation of the Specified New Equipment is subject to limitations contained in I.C. 6-1.1-12.1-4.5 (c) and (d).
4. This Economic Revitalization Area designation is limited to allowing partial abatement of property taxes attributable to the installation of the Specified New Equipment on the Subject Real Estate and does not allow the abatement of real property taxes attributable to redevelopment or rehabilitation activities under I.C. 6-1.1-12.1-3. Pursuant to IC 6-1.1-12.1-2 (i), the Commission hereby limits the dollar amount of the deduction that will be allowed, with respect to installation of specified new equipment in the ERA, to those respective tax savings attributable to an equipment investment of not greater than \$3,200,000.00.
5. The Commission has determined that the Project can reasonably be expected to yield the benefits identified in the attached personal property statement of benefits (the "Statement of Benefits") and that the Statement of Benefits is sufficient to justify the partial abatement of property taxes requested, based on the following findings:
 - A. The estimate of the cost of the Specified New Equipment is reasonable for equipment of that type.

- B. The estimate of the number of individuals who will be employed or whose employment will be retained can reasonably be expected to result from the proposed installation of the Specified New Equipment.
 - C. The estimate of the annual salaries of those individuals who will be employed or whose employment will be retained can reasonably be expected to result from the proposed installation of the Specified New Equipment.
 - D. Other benefits about which information was requested are benefits which can reasonably be expected to result from the proposed installation of the Specified New Equipment.
 - E. The "Totality of Benefits" is sufficient to justify the deduction.
6. Under the authority of I.C. 6-1.1-12.1, the Commission directs the Department of Metropolitan Development to survey projects receiving Economic Revitalization Area designation for compliance with job creation/retention figures, salaries associated with these figures and investment figures contained in the Applicant's approved Final Economic Revitalization Area Resolution, the Memorandum of Agreement executed by and between the Applicant and the City, and/or the Statement of Benefits form. The Commission may reduce the dollar amount, or rescind the deduction in its entirety, and/or require repayment of all or a portion of the deductions received by the applicant for failure to achieve the benefits identified in the attached Memorandum of Agreement and/or "Statement of Benefits" or failure to respond to the mandatory survey.
 7. The Commission directs the Department of Metropolitan Development to survey the Project described in the attachment to this resolution annually for not less than eleven (11) years. The dates of the initial eleven (11) surveys shall be on or about the following dates: 2025, 2026, 2027, 2028, 2029, 2030, 2031, 2032, 2033, 2034, and 2035.
 8. The Statement of Benefits is approved, and the Subject Real Estate area and Applicant's Specified New Equipment are approved for an abatement deduction period of **five (5) years**.

STAFF ANALYSIS

Edwards Electrical & Mechanical, Inc. is an Indianapolis-based electrical/mechanical contracting firm, offering new system installation and service for clients throughout the Midwest. E Solutions is a division of Edwards that is focused on environmentally sustainable projects. E Solutions specializes in installing and integrating many kinds of industrial systems to provide highly capable, cost-efficient, and easy-to-use controls for customers, such as aircraft de-icing, nuclear medicine, clean rooms, and security, as well as providing preventative maintenance and alert monitoring services.

The companies plan to relocate operations to a leased facility at 3233 North Post Road. The leased building is an 82,744-square foot industrial building, owned by Southern Avenue Partnership, LLC. For the first three years, the firms would lease and occupy 81% of the total building, with an expansion to occupy 100% of the building by 2027. The proposed project will require a real property investment of \$2,500,000 and a collective \$3,130,000 investment in eligible personal property (equipment). As a result of the project, Edwards and E Solutions would commit to the retention and relocation of their existing 401 jobs to the new facility, as well as the creation of 250 net new jobs by 2028.

The proposed use and the planned real estate investments will result in net benefits for the area and the County. The petitioner will be donating five percent of its estimated abatement savings to support workforce development projects through Employ Indy.

The applicant is requesting tax abatement to assist in off-setting the high costs of investment associated with this proposed project. The granting of property tax abatement will assist the petitioner in making this project more economically feasible by phasing in the increased tax liability resulting from the investments. In staff's opinion, a project such as this would not be economically feasible without the tax abatement incentive. Staff believes that the use of tax abatement is an appropriate tool to assist with this project and support continued development within Marion County. For these reasons, staff believes tax abatement to be an appropriate tool for development.

Staff believes this project does comply with the requirements of Metropolitan Development Commission Resolution No. 01-A-041, 2001 concerning the granting of property tax abatement.

RECOMMENDATION: Staff recommends approval of five (5) years personal property tax abatement.

TOTALITY OF BENEFITS

PETITIONER: E Solutions, LLC and Edwards Electrical & Mechanical, Inc.

INVESTMENT: Staff estimates that the proposed investment of \$3,130,000.00 should result in an increase to the tax base of approximately \$1,252,000.00 of assessed value in the first year of operation. Staff estimates that over the five (5) year personal property tax abatement period the petitioner will realize savings of approximately \$108,139.72 (a 61.8% savings). During the abatement period, the petitioner is expected to pay an estimated \$66,720.86 in personal property taxes related to the new equipment. After the tax abatement expires, the petitioner can be expected to pay an estimated \$26,229.09 in personal property taxes annually related to the new equipment.

QUALIFIED EMPLOYMENT: The petitioner estimates that this project retain four hundred and one (401) positions at an average hourly wage of \$33.00/hr and will create two hundred and fifty (250) new positions at an average wage of \$37.00/hr. Staff finds these figures to be reasonable for a project of this nature.

OTHER BENEFITS: Staff believes this project is significant for Warren Township in terms of new taxes and potential job creation and retention. Furthermore, staff believes the petitioner's project will lead to continued future investment in Marion County.

STAFF COMMENT: Staff believes the "Totality of Benefits" arising from the project are sufficient to justify the granting of the tax abatement.
