

**METROPOLITAN DEVELOPMENT COMMISSION OF
MARION COUNTY, INDIANA
FINAL ECONOMIC REVITALIZATION AREA RESOLUTION**

Resolution No. 2026-A-001

PERSONAL PROPERTY TAX ABATEMENT

Waste Management of Indiana, LLC
2025 Stout Field West Drive

WHEREAS, I.C. 6-1.1-12.1 allows a partial abatement of property taxes attributable to the installation of new equipment (hereinafter the "Project") in Economic Revitalization Areas; and

WHEREAS, I.C. 6-1.1-12.1 empowers the Metropolitan Development Commission (hereinafter "Commission") to designate Economic Revitalization Areas and determine the length of the abatement period and annual deduction schedule during the term of the abatement for such property, and to limit the dollar amount of the deduction that will be allowed with respect to a project, by following a procedure involving adoption of a preliminary resolution, provision of public notice, conducting of a public hearing, and adoption of a resolution confirming the preliminary resolution or a modified version of the preliminary resolution; and

WHEREAS, the Commission has established in Resolution No. 01-A-041, 2001, certain standards and procedures for the designation of Economic Revitalization Areas for the partial abatement of property taxes attributable to the installation of new equipment; and

WHEREAS, I.C. 6-1.1-12.1 requires an applicant for Economic Revitalization Area designation to provide a Statement of Benefits and requires the Commission, before it makes a decision to designate such an areas as an Economic Revitalization Area, to determine that the Project can be reasonably expected to yield the benefits identified in the Statement of Benefits and determine that the totality of benefits arising from the project is sufficient to justify Economic Revitalization Area designation; and

WHEREAS, a business (hereinafter "Applicant") named in the attachment to this Resolution, which attachment is hereby incorporated by reference, has a leasehold interest in the geographical area (hereinafter "Subject Real Estate") described in such attachment; and

WHEREAS, the Applicant has requested that the Subject Real Estate be designated as an Economic Revitalization Area for the purpose of achieving property tax savings in connection with the installation on the Subject Real Estate of certain new manufacturing, logistical distribution, information technology, and/or research and development equipment (hereinafter "Specified New Equipment"); and

WHEREAS, during a preliminary hearing at 1:00 p.m. on Wednesday, **December 17, 2025**, the Commission received evidence about whether the Subject Real Estate should be designated as an Economic Revitalization Area and the Commission adopted **Preliminary Resolution No. 2025-A-044 ("Preliminary Resolution")**, preliminarily designating the Subject Real Estate as an Economic Revitalization Area, and subject to the adoption of a confirming resolution by the Commission and subject to limiting conditions, and it fixed 1:00 p.m. on Wednesday, **January 7, 2026**, in the Public Assembly Room of the City-County Building for the public hearing of remonstrances and objections from persons interested in whether the Subject Real Estate should be

designated as an Economic Revitalization Area to allow for the installation of the Specified New Equipment;
and

WHEREAS, a copy of such Preliminary Resolution was properly filed with the Marion County Assessor and proper legal notices were published indicating the adoption and substance of such Preliminary Resolution and stating when and where such final hearing would be held; and

WHEREAS, pursuant to Commission Resolution No. 01-A-041, 2001, the Applicant and City have entered into a Memorandum of Agreement which shall be utilized to measure compliance with the proposed Project described in the attachment to this resolution; and

WHEREAS, the Applicant previously requested, pursuant to the provisions of I.C. 6-1.1-12.1-11.3, that the Commission waive the requirement that an area be designated as an economic revitalization area before the installation of the new equipment (the "Waiver"); and

WHEREAS, the Commission held a public hearing upon the Waiver on Wednesday, January 7, 2026, in the Public Assembly Room of the City-County Building for the receiving of remonstrances and objections from persons interested in or affected by the Waiver; and

WHEREAS, the Commission finds the Waiver justified and in the public interest, hereby affirms its approval of the Waiver under the terms and conditions as set forth in this resolution; and

WHEREAS, at such final Hearing, evidence and testimony, and Factual Assertions 1 through 6 stated on the attachment to the Preliminary Resolution,) were considered by the Commission.

NOW, THEREFORE, IT IS RESOLVED:

1. The Commission now confirms, adopts, amends, and approves such Preliminary Resolution and thereby designates, finds, and establishes the Subject Real Estate to be an Economic Revitalization Area. This designation is subject to the conditions that designation allows abatement of property taxes only relative to the installation of the Specified New Equipment on the Subject Real Estate. However, on the written request of the Applicant, the Director of the Department of Metropolitan Development is allowed to authorize in writing, substitutions, modifications, and additions which are not substantial in nature to the Specified New Equipment, prior to March 1 of the year in which the initial certified deduction application for the Specified New Equipment is filed with the County Assessor.
2. **The Economic Revitalization Area designation terminates December 31, 2027. Accordingly, partial abatement of property taxes is allowed relative to Specified New Equipment installed and in operation on the Subject Real Estate during the period from January 7, 2026, to December 31, 2027.** However, termination of this designation does not limit the time the Applicant or successor owner is entitled to receive a partial abatement of property taxes, relative to Specified New Equipment installed on the Subject Real Estate before termination of such designation, to a period of less than six (6) years.
3. The partial abatement of property taxes attributable to the installation of the Specified New Equipment is subject to limitations contained in I.C. 6-1.1-12.1-4.5 (c) and (d).
4. This Economic Revitalization Area designation is limited to allowing partial abatement of property taxes attributable to the installation of the Specified New Equipment on the Subject Real Estate and does not allow the abatement of real property taxes attributable to redevelopment or rehabilitation activities under I.C. 6-1.1-12.1-3. Pursuant to IC 6-1.1-12.1-2 (i), the Commission hereby limits the dollar amount of the deduction that

will be allowed, with respect to installation of specified new equipment in the ERA, to those respective tax savings attributable to an equipment investment of not greater than **\$40,000,000.00**.

5. The Commission has determined that the Project can reasonably be expected to yield the benefits identified in the attached personal property statement of benefits (the "Statement of Benefits") and that the Statement of Benefits is sufficient to justify the partial abatement of property taxes requested, based on the following findings:
 - A. The estimate of the cost of the Specified New Equipment is reasonable for equipment of that type.
 - B. The estimate of the number of individuals who will be employed or whose employment will be retained can reasonably be expected to result from the proposed installation of the Specified New Equipment.
 - C. The estimate of the annual salaries of those individuals who will be employed or whose employment will be retained can reasonably be expected to result from the proposed installation of the Specified New Equipment.
 - D. Other benefits about which information was requested are benefits which can reasonably be expected to result from the proposed installation of the Specified New Equipment.
 - E. The "Totality of Benefits" is sufficient to justify the deduction.
6. Under the authority of I.C. 6-1.1-12.1, the Commission directs the Department of Metropolitan Development to survey projects receiving Economic Revitalization Area designation for compliance with job creation/retention figures, salaries associated with these figures and investment figures contained in the Applicant's approved Final Economic Revitalization Area Resolution, the Memorandum of Agreement executed by and between the Applicant and the City, and/or the Statement of Benefits form. The Commission may reduce the dollar amount, or rescind the deduction in its entirety, and/or require repayment of all or a portion of the deductions received by the applicant for failure to achieve the benefits identified in the attached Memorandum of Agreement and/or "Statement of Benefits" or failure to respond to the mandatory survey.
7. The Commission directs the Department of Metropolitan Development to survey the Project described in the attachment to this resolution annually for not less than eight (8) years. The dates of the initial eight (8) surveys shall be on or about the following dates: **2028, 2029, 2030, 2031, 2032, 2033, 2034, and 2035**.
8. The Statement of Benefits is approved, and the Subject Real Estate area and Applicant's Specified New Equipment are approved for an abatement deduction period of **six (6) years**.
9. The six (6) year personal property tax abatement shall utilize the following standard deduction schedule:

YEAR OF DEDUCTION	PERCENTAGE
1 st	100%
2 nd	85%
3 rd	66%
4 th	50%
5 th	34%
6 th	25%

10. A copy of this Resolution shall be filed with the Marion County Auditor.

METROPOLITAN DEVELOPMENT COMMISSION

John J. Dillon III, President

Date

Approved as to Legal Form
and Adequacy this 17th day
of December 2025.

Estimated Cost of Equipment: \$39,460,480.00

STAFF ANALYSIS

Waste Management of Indiana, LLC, a subsidiary of WM (formerly Waste Management, Inc.), has long been a leader in advancing sustainable waste solutions across the state. Headquartered in Houston, Texas, WM serves millions of residential, commercial, industrial, and municipal customers throughout North America. In Indiana, the company provides comprehensive services including waste collection, recycling, landfill management, and environmental consulting. Building on its legacy of innovation and environmental stewardship, WM initiated plans in 2023 to construct a state-of-the-art recycling facility in Indianapolis, marking one of its most significant investments in the region to date.

The proposed Indianapolis Recycling Facility is designed to process 40 tons per hour of single-stream recyclables and will be capable of accepting approximately 187,200 tons of source-separated and single-stream feedstock annually. With an estimated total investment of \$63 million, in the facility, \$39.4 million in personal property will feature advanced optical sorting technology, enhanced fire safety systems, and a dedicated public education center focused on sustainability. This expansion will significantly increase recycling capacity for both residential and commercial customers in central Indiana, supporting the region's transition toward a circular economy through the reuse and repurposing of materials.

Construction of the facility is expected to begin in late 2025, with full operational capacity targeted for 2027. In addition to processing curbside and industrial recycling streams, the project includes a \$500,000 grant from Indiana's Recycling Market Development Program to expand glass recovery efforts. This initiative aims to clean and repurpose over 23,000 tons of glass annually for use by local manufacturers. The facility will also serve as a cornerstone for Indianapolis's universal curbside recycling program, scheduled to launch in 2028, positioning WM as a key processor and long-term partner in the city's sustainability goals.

Through this expansion, WM will retain 10 employees at an average wage of \$28.10/hr. and create 39 new jobs with an average wage of \$27.11/hr. by December 31, 2028, which reinforces its commitment to economic development, and workforce development and training. 5% of WM's tax savings will be committed to partnering with IndyGo for bus stop construction near the project site.

The applicant is requesting tax abatement to assist in off-setting the high costs of investment associated with this proposed project. The granting of property tax abatement will assist the petitioner in making this project more economically feasible by phasing in the increased tax liability resulting from the investments. In staff's opinion, a project such as this would not be economically feasible without the tax abatement incentive. Staff believes that the use of tax abatement is an appropriate tool to assist with this project and support continued development within Marion County. For these reasons, staff believes tax abatement to be an appropriate tool for development.

Staff believes this project does comply with the requirements of Metropolitan Development Commission Resolution No. 01-A-041, 2001 concerning the granting of property tax abatement.

RECOMMENDATION: Staff recommends approval of six (6) years personal property tax abatement.

TOTALITY OF BENEFITS

PETITIONER: Waste Management of Indiana, LLC

INVESTMENT: Staff estimates that the proposed investment of \$39,460,480.00 should result in an increase to the tax base of approximately \$15,784,192.00 of assessed value in the first year of operation. Staff estimates that over the six (6) year personal property tax abatement period the petitioner will realize savings of approximately \$1,668,085.91 (a 63.1% savings). During the abatement period, the petitioner is expected to pay an estimated \$975,766.25 in personal property taxes related to the new equipment. After the tax abatement expires, the petitioner can be expected to pay an estimated \$396,577.82 in personal property taxes annually related to the new equipment.

EMPLOYMENT: The petitioner estimates that this project will retain ten (10) current positions at an average hourly wage of \$28.10/hr. and will create thirty-nine (39) new positions at an average wage of \$27.11/hr. Staff finds these figures to be reasonable for a project of this nature.

OTHER BENEFITS: Staff believes this project is significant for Wayne Township in terms of new taxes and potential job creation and retention. Furthermore, staff believes the petitioner's project will lead to continued future investment in Marion County.

STAFF COMMENT: Staff believes the "Totality of Benefits" arising from the project are sufficient to justify the granting of the tax abatement.

PROJECT SUMMARY

Applicant: Waste Management of Indiana, LLC

Subject Real Estate: 2025 Stout Field West Drive

Wayne Township Parcel Number: 9043961 and 9048246

Project Description:

As one of North America's leading providers of comprehensive environmental services, WM is committed to advancing sustainability through innovative infrastructure and strategic partnerships. In alignment with this mission, WM is investing \$39,460,480.00 of personal property equipment into a cutting-edge recycling facility in Indianapolis.

This state-of-the-art facility will be capable of processing 40 tons per hour of single-stream recyclables, with an annual capacity of approximately 187,200 tons. Designed to serve both residential and commercial customers across central Indiana, the facility will significantly expand recycling access and efficiency, supporting the region's transition toward a circular economy.

New Jobs Created: 39 at \$27.11/hr.

Job Retained: 10 at \$28.10/hr.

Estimated Cost of Project: \$39,460,480.00

RECOMMENDATION: Staff recommends approval of six (6) years personal property tax abatement.
