PETITION OVERVIEW

SITE PLAN AND DESIGN

This property comprised of two parcels is the subject of two pending petitions: one is a variance case that was approved to allow for (among other items) the creation of lots with deficient square footage, and the other is a rezoning case that will be heard on November 20th by the Metropolitan Development Commission to rezone the property to the D-8 zoning district. Approval of this plat would divide 1.2 acres into 23 single-family attached lots and one block. The proposed plat meets the standards of the D-8 zoning district other than the grant provided by 2024-CVR-837.

STREETS

The property is bordered by 22nd Street to the north and Illinois Street to the west. One new private street (Herald Drive) would be created with three access points to the existing alley. Herald Drive would also be accessible by 22nd Street from the north.

SIDEWALKS

Sidewalks are required and existing along both Illinois Street and West 22nd Street. Internal walkways would also be required to allow for pedestrian access by townhomes that do not front on either existing street. All required sidewalks will be installed and affixed to the final plat prior to recording.
