Department of Metropolitan Development Division of Planning Current Planning Section

Case Number: 2023-DV1-048
Address: 1305 South Biltmore Avenue (approximate address)
Location: Wayne Township, Council District #22
Zoning: D-3
Petitioner: Virinia Morfin
Request: Variance of Development Standards of the Consolidated Zoning and Subdivision Ordinance to provide for the location of a masonry fence with a height varying between 32 inches and 6.2 feet tall, with 6.5-foot tall columns within the front yards of Biltmore Avenue and Chelsea Road (maximum height of 3.5 feet permitted, fence posts may only be one-foot taller than maximum permitted height of the fence), encroaching within the clear sight triangle and encroaching in the right-of-way of Biltmore Avenue and Chelsea Road (encroachment of clear sight triangles not permitted, encroachment of right-of-way not permitted).

November 14, 2023

The petitioner requested a continuance from the October 3, 2023 hearing to the November 14, 2023 hearing to amend the site plan. No new information has been received, so staff is requesting a continuance to the December 5, 2023 for an amended site plan.

STAFF REPORT 2023-DV1-048 (Continued)

- ◇ The subject site is a corner lot containing approximately 14,600 square feet and developed with a single-family dwelling and an accessory structure. The site is within McConnal and Clark's Chelsea Heights Subdivision, located southeast of the interchange at Interstate-465 and Washington Street, just south of the Transit Oriented Development Overlay for the IndyGo Blue Line.

VARIANCE OF DEVELOPMENT STANDARDS

- ◇ This request would provide for a masonry fence in the front yards of Biltmore Avenue and Chelsea Road with a height varying between 32 inches and 6.2 feet tall where a maximum of 3.5 feet is permitted; with 6.5-foot-tall columns where fence posts may only be one-foot taller than maximum permitted height of the fence; and encroaching within the clear sight triangle and encroaching in the right-of-way of Biltmore Avenue and Chelsea Road where encroachment is not permitted.
- ◇ This site is a corner lot in the Compact Context Area, so the front yard would be Biltmore Avenue. The maximum height of a fence in a front yard is 3.5 feet. Posts in a front yard may be up to 4.5 feet per the provision in Section 744-510.C.3. Staff would recommend that the existing fence and posts could be modified to meet the maximum permitted heights and would not support the request for increased height.
- ◇ Chelsea Road is a considered a side yard and may have six-foot fence. Staff would suggest that the fence can be lowered from 6.2 feet to meet this requirement and would not support this request.
- ◇ The fence is currently encroaching in the right-of-way of Biltmore Avenue and Chelsea Road. The property line on the northeast portion of the site is curved, but the fence meets in a corner that is outside the property line. Staff would not support any encroachment into the right-of-way. The fence should be moved to be entirely within the property lines.
- ◇ The fence is currently encroaching approximately 28 feet into the clear sight triangle of Biltmore Avenue and Chelsea Road. Fences over 2.5 feet tall are prohibited in the clear sight triangle. This provision is intended for the safety of motorists and pedestrians so that oncoming traffic can be seen when approaching an intersection. The existing fence could be shortened to 2.5 feet to be outside the clear sight triangle, or the fence could be moved outside the clear sight triangle and be permitted the maximum height for residential fences.
- ◇ All the requests in this variance could be resolved by modifying the height or location of the fence—therefore staff is recommending denial of the request.

PETITION FOR VARIANCE OF DEVELOPMENT STANDARDS

FINDINGS OF FACT

1. The grant will not be injurious to the public health, safety, morals, and general welfare of the community because:

The view of the road is not obstructed due to the fence. Both sides of the road are still visible at the stop sign by the fence, oncoming traffic is still visible.

2. The use or value of the area adjacent to the property included in the variance will not be affected in a substantially adverse manner because:

The fence is not interfering with the area adjacent to the property, it can still be used without any disturbance.

3. The strict application of the terms of the zoning ordinance will result in practical difficulties in the use of the property because:

It would cause monetary difficulties to to property owner due to expenses, if approval was not granted.
