## PETITION OVERVIEW

### SITE PLAN AND DESIGN

The subject site is zoned D-P and is undeveloped. It was rezoned to the D-P classification in 2003 (2003-ZON-085) to provide for the proposed single-family residential development. The proposed plat generally meets the standards of the zoning classification and the zoning commitments.

### STREETS

The plat would provide for three new streets: Sebastian Place, Brahms Way, and Franz Way. Sebastian Place runs east to west and connects Section One to Hanover North Subdivision to the east. Brahms Way runs northeast to southwest and intersects Sebastian Place, and Strauss Lane—a street in Section One. Franz Way is a stub street that would provide for future development to connect to this subdivision.

### SIDEWALKS

Sidewalks are required along East Troy Avenue and all proposed interior streets.
