Iowa Colony  
FY25-26 PROPOSED BUDGET

**To:** Mayor and City Council  
**From:** Natasha Brooks, Interim City Manager  
**Date:** September 15, 2025  
**Subject:** Fiscal Year 2025-26 Proposed Budget and Tax Rate

I am pleased to present the Proposed Budget and Tax Rate for Fiscal Year 2025–2026. This budget represents more than figures on a page, it outlines a strategic plan to meet current needs while building a strong foundation for Iowa Colony’s future. Guided by the priorities of the City Council and informed by the expectations of our residents, this proposal reflects months of careful analysis, planning, and commitment to responsible governance.

The proposed budget takes a balanced and forward-thinking approach, aligning anticipated revenues with meaningful investments in infrastructure, public services, and community priorities. The proposed property tax rate of \$0.519209 per \$100 of appraised valuation remains unchanged from the previous year. It includes \$0.180000 allocated for debt service and \$0.339209 for maintenance and operations. Based on this rate, we anticipate generating approximately \$1,797,281 million in property tax and related revenue, after accounting for the City’s rebate to MUD 31, MUD 92 and our participation in the TIRZ. Total projected revenue stands at approximately \$13,547,000 million, a 40.85% increase over the prior year, driven by new development, updated franchise agreements, and the establishment of the City’s Utility Enterprise Fund and City’s Utility Debt Funded Capital Projects Fund.

This budget is the result of a remarkable team effort. Every department approached this process with purpose and vision, eager to collaborate and committed to delivering thoughtful, sustainable solutions for a city in motion. Their work reflects not only operational excellence but also a deep understanding of what matters most to our community.

What we have created together is a blueprint for continued growth with a focus on fiscal transparency, service innovation, and responsiveness to our residents. In the pages that follow, you’ll see how we’re investing in the people, places, and priorities that define Iowa Colony, from improved communication and community spaces to technology upgrades and expanded services. This is a budget rooted in action, guided by principle, and inspired by possibility.

We’re not just planning for the future, we’re building it, together. And as always, we remain committed to the promise of making Iowa Colony truly “A City Above the Rest.”

To support this vision, the following priorities, shaped by City Council direction and resident input, serve as the foundation of this year’s proposed budget. Each reflects our commitment to

Iowa Colony  
FY25-26 PROPOSED BUDGET

community, quality of life, and responsible governance, and they represent the areas where strategic investment will have the greatest impact in the year ahead:

- **Sustainable Growth**  
As Iowa Colony grows, so does the need for thoughtful development that supports a strong sense of place. This budget prioritizes investments in parks, public spaces, and neighborhood infrastructure to ensure that growth enhances the daily experience of our residents and maintains the character of our community.
- **Empowering Residents through Transparent Communication**  
Investments in the City's communications capacity will improve how we engage and inform our residents. Through expanded digital outreach, timely updates, and in-person dialogue, we are strengthening trust and ensuring residents have a voice in their local government.
- **Expanding Access to Services and Public Information**  
Enhanced technology and process improvements will provide easier access to city services, records, and updates. These efforts reflect our commitment to openness, convenience, and responsiveness in all areas of community interaction.
- **Creating Safe, Connected Neighborhoods**  
Strategic enhancements to public infrastructure, including lighting, sidewalks, and traffic controls are designed to improve neighborhood safety and connectivity. These investments not only support walkability and stronger ties across the community but also reflect a broader commitment to public safety and shared spaces. As part of this effort, the City will expand education and outreach on scooter and bicycle safety to promote responsible riding, reduce accidents, and encourage respectful, shared use of public areas.
- **Investing in Community Spaces that Bring People Together**  
The proposed budget includes resources to enhance parks and public gathering spaces to better support family-friendly events such as Fourth Fest, the Festival of Lights, and MLK Day celebrations. These improvements are intended to bring the community together, foster meaningful connections among residents, and create welcoming spaces where families can celebrate, reflect, and enjoy shared experiences throughout the year.
- **Workforce Investment and Retention**  
A high-performing city relies on a stable, motivated, and well-compensated workforce. This budget prioritizes targeted pay adjustments, competitive benefits, and professional development opportunities to attract and retain top-tier talent across all departments. By fostering a culture of excellence, we aim to reduce turnover and ensure consistent, high-quality service delivery. The proposed budget is carefully structured to reflect the full scope of anticipated staffing and service needs for the year, minimizing the need for midyear position changes and supporting a more transparent, predictable financial plan.

It remains a privilege to serve alongside our exceptional team here in Iowa Colony. I look forward to bringing this budget to life and continuing the momentum that defines our vision of being "A City Above the Rest."

## Core Values and Governance Philosophy

Our plan is grounded in the following values, which guide every decision and interaction:

- **Integrity and Transparency:** Decision-making rooted in honesty, fiscal responsibility, and openness.
- **Leadership and Communication:** Engaging leadership that listens first, leads by example, and respects diverse perspectives.
- **Professionalism and Respect:** A commitment to civility, mutual respect, and cooperative problem-solving.
- **Service Excellence:** Prioritizing the needs of citizens through responsive, high-quality services and ongoing staff development.

## Implementation and Accountability

We are committed to a clear and accountable implementation process:

- **Assigned Facilitators:** Designated staff lead each strategic focus area.
- **Defined Timelines:** Action steps and milestones developed in partnership with Executive Staff.
- **Routine Monitoring:** Regular progress updates shared with the City Manager.
- **Annual Council Report:** Public-facing status report delivered each fiscal year.

## Strategic Goals and Priorities

*Prepared from the Council/Staff Strategic Planning Retreat, facilitated by Ron Cox Consulting*

### Vision Statement

*"The City of Iowa Colony will be an engaging, safe, full-service, state of the art city."*

This vision serves as a guiding beacon for the city's governance, growth, and community development. It reflects a commitment to excellence, inclusivity, innovation, and public engagement.

### Mission Statement

*The Mission of the City of Iowa Colony and its staff is to continually improve the quality of life by:*

- Creating and providing infrastructure to the extent the city can provide its own services to citizens.
- Promoting economic development.
- Being responsive to service requests.
- Displaying professionalism in all cases.
- Providing adequate staff to provide the services.
- Being fiscally responsible.

## **Strategic Focus Areas and Corresponding Goals**

### **Empowered & Inclusive Community**

The city's primary objective is to foster a more cohesive, informed, and engaged community. Iowa Colony intends to:

Goals:

- Upgrade the City website to improve usability and provide a more user-friendly experience for residents.
- Host city-wide events, town halls, and informal sessions (e.g., coffee chats) to bring citizens and leadership together.
- Maximize the use of existing public facilities and enhance community spaces (e.g., irrigation and amenities for ballfields).
- Improve the efficiency of public meetings.

### **Sustainable Economic Development**

Recognizing the need for diversified revenue and local business growth, Iowa Colony is focused on:

Goals:

- Transitioning from rebate-based to incentive-based economic development models.
- Supporting interlocal cooperation, annexation strategies
- Facilitate the formation of an Economic Development Council.
- Increasing city services and commercial development to improve the local tax base.

### **Future-Ready Infrastructure & Mobility**

We will invest in strategic infrastructure and sustainable mobility options to support connectivity, safety, and long-term resilience.

Goals:

- Encourage a “15-Minute City” concept, ensuring access to essentials within walking or biking distance.
- Upgrade roads, drainage systems, broadband access, and city utilities.
- Promote multimodal transportation networks with pedestrian and bike-friendly design.
- Prepare infrastructure to accommodate AMI meters and smart traffic signals.
- Incorporate climate resilience into all infrastructure planning and maintenance.

### **Transparent & Responsive Government**

Build trust with residents by creating a culture of openness, responsiveness, and integrity in all city functions.

Goals:

- Develop a comprehensive communication plan including multimedia content, social media engagement, and targeted messaging through QR codes and billboards.
- Conduct regular community and business surveys to drive decision-making.
- Strengthen Council/staff dynamics through governance training and collaborative planning.

Iowa Colony  
FY25-26 PROPOSED BUDGET

### **Organizational Excellence & Workforce Capacity**

As our city grows, so must our capacity to serve it. We are committed to building an agile, forward-thinking organization.

Goals:

- Creating a staffing growth plan and hiring critical leadership positions (e.g., Assistant City Manager).
- Establishing a Human Resources function to manage recruitment, onboarding, and professional development.
- Create a professional development pipeline for all staff and implement Council orientation programs.
- Modernize internal systems and technology infrastructure for scalability and efficiency.
- Reviewing and updating outdated policies and ordinances through a structured ad hoc review board.
- Pursuing grants and interlocal partnerships to support service delivery and operational expansion.

## **A Promise to Our Residents**

As Iowa Colony continues to grow, we remain grounded in the values that make our community unique: neighborliness, pride, and a shared vision for the future. This Strategic Plan is more than just a roadmap; it is a reflection of our collective commitment to build a city that works for everyone. From expanding city services and creating vibrant community spaces to strengthening communication and fostering thoughtful economic development, every goal outlined here is rooted in our desire to preserve what we love about Iowa Colony while preparing for what lies ahead. We are investing not just in infrastructure and technology, but in people, our families, our neighborhoods, and our future generations. Together, with transparency, trust, and teamwork, we will uphold our motto and ensure that Iowa Colony truly remains *“A City Above the Rest.”*

## Community Profile

The City of Iowa Colony, located in northern Brazoria County, is one of the fastest-growing communities in the Houston metropolitan area. Situated just 22 miles south of downtown Houston along State Highway 288, the City offers residents the rare combination of a small-town atmosphere with direct access to one of the largest and most dynamic economies in the United States. Iowa Colony's location provides easy access to the Texas Medical Center, Houston's central business district, and major employment corridors, making it an attractive home base for professionals, families, and businesses alike.

Founded in 1908 by the Immigration Land Company of Des Moines, Iowa, the community began as an agricultural settlement established by G.I. Hoffmann and Robert Beard. For decades, growth was modest, with the town maintaining a rural character even after incorporation in 1972. The late 20th century saw incremental change, but it was not until the early 2010s that Iowa Colony began its transformation. The construction of master-planned communities along the SH-288 corridor such as Sterling Lakes, Sierra Vista, and Meridiana, marked a turning point, ushering in sustained residential and commercial investment.

The pace of growth in recent years has been remarkable. According to U.S. Census estimates, Iowa Colony's population surged from 8,579 in 2020 to 14,823 in 2023, a rate that far outpaces both the county and state averages. New housing starts, coupled with rising household incomes and continued annexations, have fueled a dynamic shift in the city's demographics and economy. Today, Iowa Colony is characterized by diverse, family-oriented neighborhoods; high owner-occupancy rates; and an engaged citizenry with a median age of about 34 years.

Economic indicators reflect the community's prosperity and potential. The median household income is approximately \$126,000, with a median home value around \$356,000. Many residents are employed in health care, education, and finance, with a significant number commuting to regional job centers. At the same time, commercial development is gaining momentum locally, with retail, dining, and professional services following the wave of new rooftops. These trends are reinforced by continued investments in education, most notably the opening of Iowa Colony High School in 2022, which has quickly become a hub for community pride and youth achievement.

Iowa Colony's quality of life is supported by a growing network of parks, public spaces, and community events. The City works closely with Alvin Independent School District, developers, and civic organizations to ensure that infrastructure, amenities, and services keep pace with growth. The SH-288 corridor, enhanced by recent transportation improvements, provides the backbone for future mobility, economic expansion, and regional connectivity.

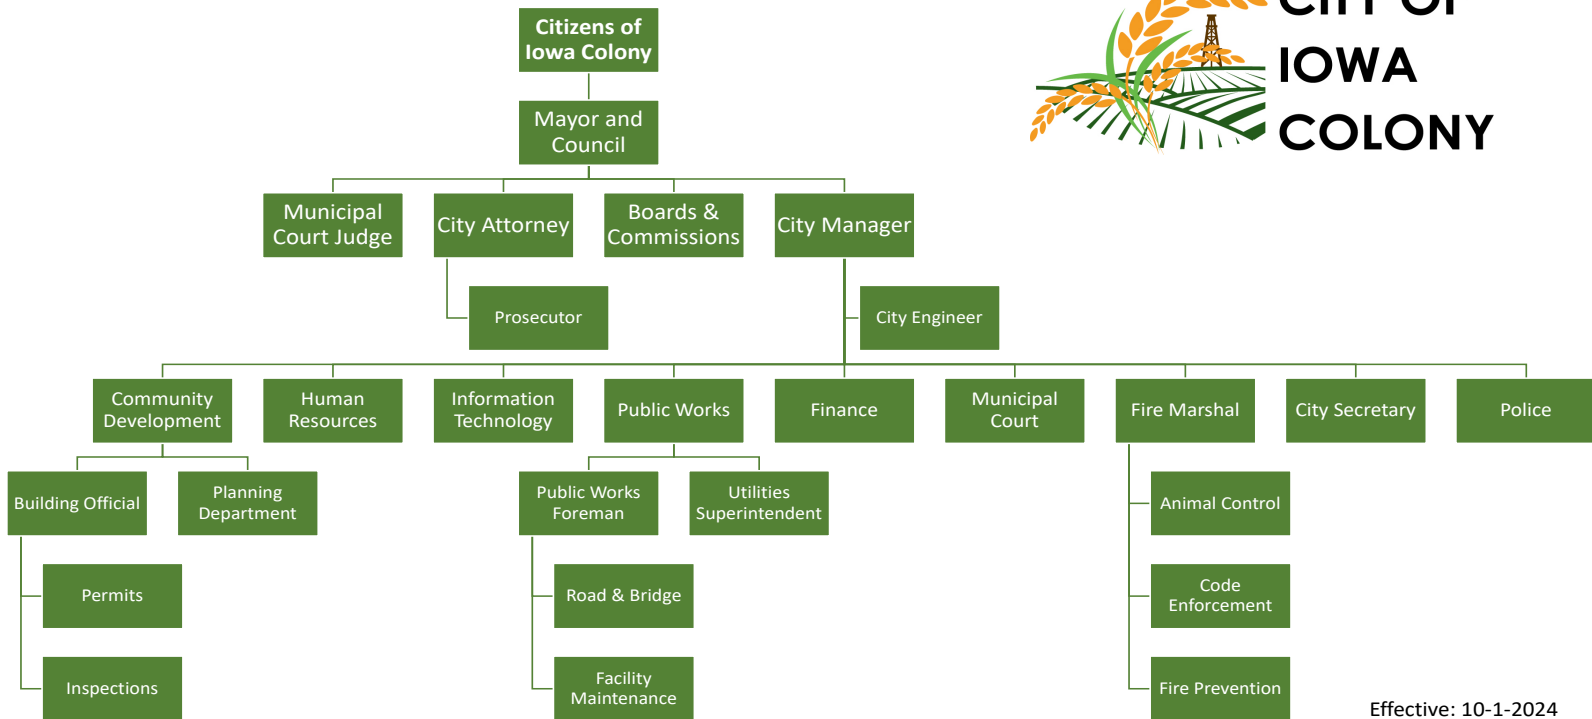

Looking ahead, Iowa Colony's trajectory is one of strategic, intentional growth. Over the next five years, the City plans to manage development through thoughtful land use and infrastructure planning, integrate utility systems for long-term resilience, and diversify the tax base with targeted commercial recruitment. These efforts will be paired with expanded

Iowa Colony  
FY25-26 PROPOSED BUDGET

community facilities, upgraded public spaces, and policies designed to maintain fiscal stability while enhancing the City's distinctive character. In every initiative, Iowa Colony's leadership remains committed to preserving the neighborly spirit that has defined the community for more than a century, while embracing the opportunities that come with being one of the region's most promising cities.

Wil Kennedy	Mayor
Sydney Hargroder	Council District C

Iowa Colony  
FY25-26 PROPOSED BUDGET

## Budget Process & Calendar

The City of Iowa Colony follows a structured and transparent budget process each fiscal year to ensure resources are aligned with community priorities, strategic goals, and statutory requirements. The process begins each spring with a budget kickoff meeting in early April, where staff review the upcoming fiscal year's objectives, timelines, and expectations. In May, the City Council holds an initial budget workshop to receive an overview of the process, while the City Manager meets individually with department heads to review the current year's estimates and discuss requests for the upcoming year. During this time, the Police Department presents its proposed budget to the Crime Control and Prevention District (CCPD) Board, which schedules and notices its public hearing in accordance with state law.

Through June and July, Council and CCPD workshops focus on identifying priorities, refining estimates, and ensuring alignment between service needs and financial capacity. Public hearing notices are published in advance to allow residents an opportunity to participate. In August, the City Manager presents the proposed City budget to Council, files it with the City Secretary, and the Council adopts a proposed tax rate (also known as the not-to-exceed rate). Public hearings for both the budget and tax rate are held in September, after which Council adopts the budget and tax rate in a special meeting before the start of the new fiscal year on October 1. This process ensures compliance with the Texas Local Government Code, promotes public engagement, and provides a clear framework for decision-making.

### FY 2025–2026 Budget Calendar – Key Dates

Date	Time	Description
April 2	3:30 PM	Budget kickoff staff meeting to discuss FY 2025–2026 budget process
May 12	6:00 PM	Budget Workshop – Initial overview
May 12–23	TBD	City Manager meets with department heads for budget review
May 20	7:00 PM	CCPD meeting – PD presents proposed CCPD budget; board schedules public hearing
June 1	-	Notice for CCPD public hearing runs in newspaper
June 9	6:00 PM	Budget Workshop – Priorities
June 17	7:00 PM	CCPD public hearing and budget adoption
July 14	6:00 PM	City Council Budget Workshop – Initial estimates; call for CCPD public hearing
July 27	-	Notice for Council public hearing on CCPD budget runs in newspaper
August 11	7:00 PM	City Manager presents proposed budget; Council adopts proposed tax rate; CCPD budget hearing

Iowa Colony  
FY25-26 PROPOSED BUDGET

Date	Time	Description
August 12	-	City Manager files proposed budget with City Secretary
August 24	-	Notice for Council public hearing on City budget runs in newspaper
September 8	7:00 PM	Public hearings on City budget and tax rate
September 15 (or 22)	6:00 PM	City Council adopts FY 2025–2026 budget, tax rate, and ratification
October 1	-	FY 2025–2026 begins

## **Financial Policies**

The City of Iowa Colony recognizes that strong, clearly defined financial policies are the foundation of sound fiscal management and long-term stability. As one of the fastest-growing cities in the Houston metropolitan area, Iowa Colony faces unique challenges and opportunities that require thoughtful, consistent, and transparent decision-making. Financial policies serve as both a guide and a safeguard, ensuring that budgetary choices align with community priorities, protect the City's financial health, and position it for sustainable growth.

While Iowa Colony already operates with several guiding policies in place, leadership acknowledges that a comprehensive financial policy framework is still in development. This proactive approach reflects the City's commitment to continuous improvement and compliance with Government Finance Officers Association (GFOA) best practices. By formalizing and expanding its policy set, the City will be better equipped to navigate growth, economic shifts, and unforeseen challenges, while maintaining the trust of residents and investors.

### **Key Policy Areas:**

#### **Reserve Policy**

Maintain a minimum unrestricted fund balance equal to 25% of annual General Fund expenditures. This reserve ensures the City can respond to emergencies, revenue shortfalls, or unexpected expenses without compromising service delivery.

#### **Debt Policy**

Limit tax-supported debt to no more than 10% of assessed valuation, and ensure annual debt service does not exceed 20% of operating revenues. This policy protects against over-leveraging and preserves flexibility for future capital needs.

#### **Capital Improvement Policy**

Adopt a multi-year Capital Improvement Program (CIP) directly linked to strategic priorities. The CIP serves as a blueprint for infrastructure investment, helping to align funding sources, project timing, and community needs.

#### **Investment Policy**

Adhere to state law and prioritize safety, liquidity, and yield, in that order, when investing public funds. This conservative approach minimizes risk while ensuring that idle funds are productively managed.

#### **Purchasing Policy**

Establish clear procedures for procurement that promote transparency, fairness, and value for taxpayers. This policy will define competitive bidding thresholds, contract management standards, and ethical guidelines for staff and vendors.

Iowa Colony  
FY25-26 PROPOSED BUDGET

**Comprehensive Financial Policy**

Develop an overarching policy document that integrates the City's reserve, debt, investment, purchasing, and capital planning policies. This consolidated approach will serve as the City's primary fiscal governance framework, updated annually to reflect evolving conditions.

In the coming fiscal year, the City will prioritize the adoption and formalization of its comprehensive financial policy, investment policy, and purchasing policy. These policies will be reviewed annually by the City Council to ensure they remain relevant, measurable, and aligned with both local priorities and nationally recognized best practices. By strengthening its policy framework now, Iowa Colony will be better positioned to manage growth responsibly, safeguard public resources, and sustain a high quality of life for its residents.

Iowa Colony  
FY25-26 PROPOSED BUDGET

## Year-Over-Year Budget Comparison: FY 2024–2025 to FY 2025–2026

The Fiscal Year 2025–2026 budget represents a purposeful step toward long-term sustainability, enhanced community resilience, and operational excellence as Iowa Colony continues to experience unprecedented growth. With a rapidly expanding population and accelerating development activity, this year’s financial plan is designed not only to address immediate service demands but also to reinforce the City’s vision for a thriving, well-prepared future.

Strategic investments focus on **staffing and compensation**, including the recruitment of a City Manager and Human Resources Specialist, the implementation of market-aligned salary adjustments, and the stabilization of staffing levels to ensure consistent, high-quality service delivery. In **water and infrastructure**, priorities include expanding system capacity, enhancing water quality through advanced filtration methods, integrating the water system for greater operational efficiency, and assessing internal capabilities for small-scale roadway projects.

Under **governance and efficiency**, the City will strengthen internal infrastructure capacity, reduce reliance on external disaster recovery resources, and advance key planning initiatives to improve readiness for future challenges. **Capital improvement and beautification projects** will deliver corridor enhancements, new amenities at Lion’s Park, and upgraded public-facing facilities. A targeted **economic development strategy** will include issuing RFQs for development services, producing a City recruitment video, and implementing initiatives to attract and retain commercial investment. In **community engagement and facilities**, the City will broaden its calendar of public events, open the Government District to the public, and repurpose Old City Hall as a hub for local organizations.

Collectively, these priorities align fiscal resources with community needs, laying a solid foundation for responsible growth, stronger infrastructure, and a more connected, vibrant Iowa Colony.

### Utility Fund Realignment

To improve transparency and strengthen long-term planning for water and wastewater services, all utility-related revenues and expenditures have been consolidated into a newly established **Utility Enterprise Fund**. This structure enhances the accuracy of financial reporting and ensures that utility operations are fully supported by their respective revenue streams.

In addition, the City has created a **Utility Debt-Funded Capital Projects Fund** to track future utility-related debt obligations and associated expenditures. This initiative represents a significant step toward improved fiscal oversight and sustainable management of the City’s utility infrastructure.

Iowa Colony  
FY25-26 PROPOSED BUDGET

### **TIRZ & MUD Payment Allocations**

The FY 2025–2026 budget separates all payments related to the **Tax Increment Reinvestment Zone (TIRZ)** and **Municipal Utility Districts (MUDs 31, 55, 87, and 92)** to improve transparency and provide a clearer picture of long-term financial obligations. Allocations are based on figures provided by Brazoria County and will enhance the accuracy of monthly financial reporting.

#### **Summary of MUD Agreement Terms:**

- **MUD 31:** Receives 70% of ad valorem tax collections based on the Maintenance & Operations (M&O) rate only.
- **MUD 55:** Receives 70% of both M&O and Interest & Sinking (I&S) collections, plus 90% of sales tax revenue generated within the district.
- **MUD 92:** Receives 100% of M&O collections, with a step-down feature that gradually reduces payments over time.
- **MUD 87:** No current rebate agreement in place.

### **Full-Year Budget Planning for Transparency**

This budget reflects the City’s commitment to full-year financial planning by incorporating all anticipated staffing and operational needs at the start of the fiscal year. This proactive approach eliminates the need for fragmented midyear adjustments, giving the City Council a complete view of the total financial impact and supporting more strategic, long-term decision-making.

### **Debt Service & Tax Rate Rebalancing**

Under the current tax rate, the City generates approximately \$2,000,000 in **Interest & Sinking (I&S)** revenue, though only \$800,000 is required to meet existing debt obligations. This imbalance creates a shortfall in the **Maintenance & Operations (M&O)** General Fund, limiting available resources for essential services.

Looking ahead, the City anticipates issuing approximately \$1.1 million in new debt for a water treatment facility. Based on guidance from the City’s financial advisor, the I&S rate is proposed to be adjusted to **\$0.18000**, generating about \$1.7 million, sufficient to cover current and planned debt obligations without overburdening the General Fund.

**Long-Term Strategy:** All water and sewer-related debt will ultimately be transitioned to the **Utility Enterprise Fund**, ensuring these obligations are fully supported by utility revenues. This shift will improve alignment between funding sources and expenditures while maintaining the City’s overall tax rate at its current level.

### **Contingency Planning & Reserve Policy**

The FY 2025–2026 budget includes a **\$500,000 contingency** to address unforeseen City-related emergencies. To further strengthen fiscal resilience, it is recommended that the City adopt a **Comprehensive Financial Policy** establishing clear reserve requirements and fund balance

Iowa Colony  
FY25-26 PROPOSED BUDGET

targets. A formal policy will provide a framework for prudent financial management, ensuring the City can respond effectively to emergencies while maintaining service stability.

## Capital Improvement Program (CIP)

The City of Iowa Colony's Capital Improvement Program (CIP) is a rolling, multi-year roadmap that plans, funds, and delivers major infrastructure. It's updated annually to reflect growth trends, community priorities, and available financing. Projects are selected to maintain core services, unlock new development, and enhance quality of life, while staying fiscally disciplined.

### Planning Horizon & Process

- Horizon: Five years, updated every budget cycle.
- Inputs: Comprehensive Plan, engineering studies (water, wastewater, drainage), development activity, condition assessments, and community feedback. (See the Water/Wastewater impact fee study materials and capital plans referenced by the City.
- Coordination: Public Works, Community Development, Finance, and external engineers coordinate schedules, grant windows, and construction sequencing. Periodic project updates are included in council packets.
- Financial discipline: Projects are staged to balance tax rate stability, utility rate affordability, and reserve targets. The City also leverages special districts and developer participation to minimize general-taxpayer burden. (Example: use of the Iowa Colony Development Authority within TIRZ #2.)

### Prioritization Framework

1. Health & Safety / Regulatory compliance (water/wastewater capacity, drainage, mobility safety).
2. System capacity for growth (new connections, redundancy, level of service).
3. Asset condition & risk (streets, facilities, utilities with high failure risk).
4. External funding leverage (grants, developer cost sharing, TIRZ/ICDA).
5. Operating impact (projects that lower lifecycle cost or avoid future premium repairs).

### Funding Toolbox

- ICDA/TIRZ Bonds: Council authorized the Iowa Colony Development Authority to issue up to \$8,000,000 (Series 2024) payable from Tri-Party Agreement/TIRZ revenues, explicitly not a general tax pledge, enabling infrastructure in the Zone with limited impact on the City's I&S rate.
- Certificates of Obligation (COs): Used where appropriate for land/facility acquisition and essential infrastructure. Example: 2020 notice of intent to issue COs for 47.46 acres adjoining City Hall.
- Revenue-backed utility financing: For water/wastewater plant and line work tied to system revenues and impact fees. (See water/wastewater impact fee study page.)

Iowa Colony  
FY25-26 PROPOSED BUDGET

- Grants & State Programs: E.g., the City’s Master Drainage Plan benefitted from Texas Water Development Board (TWDB) funding, an approach we’ll continue to replicate where eligible.
- Developer participation / cost-sharing: Required improvements tied to plats and development agreements, plus off-site upsizing negotiated where feasible. See recent council materials capturing shared infrastructure concepts for the Coogan Tract.
- Pay-as-you-go: Targeted for design, smaller rehab, match dollars, and early right-of-way.

FY 2025–2026 Major Capital Projects (Updated)

- Regional Water Supply / Water Treatment Expansion (Phased):
  - Phase 1: 500 connections (est. \$5.76M)
  - Phase 2: +500 connections to 1,000 total (est. \$846K)These phases expand capacity, improve redundancy, and keep pace with subdivision build-outs.
- Meridiana/Ames Mobility Package (Coogan Tract-related public improvements):
  - Parkway expansion (water, sewer, drainage & pavement), turn lanes, and a new signal to relieve peak congestion and improve safety along key gateways. Preliminary order-of-magnitude \$2.16M(parkway/utility/pavement), \$550K (signal), \$325K (WB left), \$325K (WB right). Project timeline runs 2025 Q3 design start through staged grading/plant work 2026–2028.
- 12” Waterline Extension (Iowa Colony Blvd.) + 8” Kelly Leigh Dr.: Accelerated line work nearing completion (≈90% complete as of the latest council update), supporting near-term connectivity and fire flow.
- Iowa Colony Blvd. Drainage Project: In construction (≈60% complete at last update), addressing localized flooding and conveyance constraints along a critical corridor.
- Roadway Rehabilitation Program (Citywide): Ongoing pavement and spot drainage rehab prioritized by condition/risk and coordinated with utility work to avoid re-cuts. (See “Construction Projects” hub for active/near-term items.)
- Lion’s Park / Park System Enhancements: Incremental amenities and accessibility upgrades aligned with the City’s parks information and user demand, with fee structures already in place for field usage (supporting maintenance).
- Corridor Beautification & Gateways: Landscaping, signage, and lighting that elevate community identity, with dark-sky-compliant elements considered in recent council materials.

# Iowa Colony FY25-26 PROPOSED BUDGET

City of Iowa Colony - CIP Timeline (FY25-FY29)

## Debt Management & Capital Funding Strategy

The City of Iowa Colony maintains a conservative and strategic approach to debt issuance, balancing the need to fund critical infrastructure with the responsibility to safeguard taxpayer resources. Our financing strategy pairs purpose-built debt instruments with diversified revenue sources to protect the citywide Interest & Sinking (I&S) tax rate while aligning repayment with the users and beneficiaries of the projects.

### Purpose-Built Financing

- **Zone-Backed ICDA Bonds:** For Tax Increment Reinvestment Zone (TIRZ)-eligible infrastructure, the City leverages the Iowa Colony Development Authority (ICDA) to issue bonds payable from Zone revenues. This reduces pressure on the citywide I&S rate and ensures growth-related infrastructure is funded by the developments it serves.
- **Certificates of Obligation (COs) & Revenue Bonds:** COs are used for citywide facilities and infrastructure, while revenue bonds finance utility expansions backed by system revenues and impact fees.
- **Developer Participation:** Off-site and upsized infrastructure is often cost-shared with developers through agreements tied to plats and annexations.
- **Grants:** Federal, state, and regional grant programs are pursued aggressively to offset borrowing needs (e.g., TWDB-supported drainage planning).

### Current Debt Portfolio (FY 2025–2026)

- **Certificates of Obligation, Series 2020** – \$870,000 principal outstanding, final maturity FY 2035
- **Combination Tax & Revenue COs, Series 2022** – \$12,240,000 principal outstanding, final maturity FY 2047
- **Combination Tax & Revenue COs, Series 2025 (Preliminary)** – \$27,660,000 principal, final maturity FY 2055, funding major capital investments including the Regional Water Supply & Treatment Facility.

Total Outstanding Principal: \$40.77 million

Total Debt Service (Principal & Interest): \$78.53 million over the repayment horizon.

### Annual Debt Service Profile

- **Total Outstanding Principal: \$40.77 million**
- **Total Debt Service (Principal & Interest): \$78.53 million over the repayment horizon.**
- **Aggregate FY 2025–2026 debt service is \$1.72 million, increasing to a peak of \$2.93 million annually through FY 2047 before tapering.**

Iowa Colony  
FY25-26 PROPOSED BUDGET

Selected Annual Requirements (Aggregate All Issues):

<i>Fiscal Year Ending</i>	<i>Principal</i>	<i>Interest</i>	<i>Total Debt Service</i>
2026	\$355,000	\$1,365,043	\$1,720,043
2030	\$895,000	\$2,014,843	\$2,909,843
2035	\$1,145,000	\$1,767,238	\$2,915,238
2040	\$1,480,000	\$1,435,250	\$2,915,250
2045	\$1,920,000	\$1,000,225	\$2,920,225
2050	\$1,410,000	\$535,975	\$1,945,975
2055	\$1,855,000	\$1,102,025	\$1,975,025

### Tax Rate Allocation & Rebalancing

Historically, the City's I&S tax rate generated about **\$2.0 million annually**, well above current debt service needs, while creating a shortfall in the Maintenance & Operations (M&O) Fund. For FY 2025–2026, the I&S rate is proposed at **\$0.180000**, generating ~\$1.7 million, closely matching debt obligations, while reallocating tax capacity to the M&O Fund for essential services.

### Long-Term Debt Strategy

The City intends to shift **all water and wastewater-related debt** to be fully serviced by the **Utility Enterprise Fund**, which will:

- Align repayment directly with utility customers benefiting from improvements.
- Reduce General Fund reliance for utility capital.
- Maintain overall tax rate stability and improve transparency in financial reporting.

### Operating & Rate Impacts

- **Utilities:** Expansions increase O&M costs, but phasing and developer-funded connections help mitigate sudden rate pressure. Impact fees and new customer revenues offset debt tied to utility assets.
- **Streets/Drainage:** Rehabilitation reduces reactive maintenance costs and flood response expenses.
- **Parks/Beautification:** Modest ongoing costs; user fees offset field maintenance.

### Delivery Schedule – Snapshot

- **2025 Q3–Q4:** Design starts and plan approvals for growth-area improvements.
- **2026:** Mass grading/detention begins; Regional Water Supply Plant mobilizes late year.
- **2027–2028:** Site work continues; plant completion in 2028 Q2; housing sections begin delivery in 2028 Q3.

Iowa Colony  
FY25-26 PROPOSED BUDGET

- **Parallel Projects:** 12" Waterline Extension (≈90% complete) and Iowa Colony Blvd. Drainage (≈60% complete) advance to substantial completion.

**Accountability & Transparency**

- **Public Tracking:** Active projects and updates are posted on the City website and presented in council meetings.
- **Ordinance & Policy Trail:** All funding and debt actions are documented via ordinances, bond covenants, and budget documents.
- **Reserve Management:** Adequate I&S reserves are maintained to ensure timely debt service without short-term borrowing.
- **Bond Ratings:** The City seeks to maintain strong credit ratings through adherence to fiscal policies and structurally balanced budgets.

## Performance Measures

To ensure accountability, transparency, and continuous improvement in service delivery, the City of Iowa Colony has established clear performance measures for each department. These measures are designed to align with the City's strategic goals, reflect industry best practices, and provide Council, staff, and residents with meaningful indicators of operational effectiveness. By tracking outcomes in areas such as service timeliness, regulatory compliance, community engagement, and infrastructure quality, the City can evaluate progress, identify areas for enhancement, and allocate resources more effectively. The following performance measures will be monitored and reported annually, forming a critical link between strategic planning, budgeting, and results-driven governance.

### Administrative & Governance

#### Administration

1. **Council Agenda Preparation Timeliness** – Percentage of agenda packets delivered to Council and posted to the public at least 72 hours prior to meetings.
2. **Policy Implementation Rate** – Percentage of adopted Council policies fully implemented within established timelines.
3. **Citizen Satisfaction Index** – Annual survey score measuring resident satisfaction with overall City services and communication.

#### Finance

1. **Budget Accuracy** – Percentage variance between budgeted and actual General Fund expenditures at year-end (target:  $\leq 5\%$ ).
2. **GFOA Award Achievement** – Maintain GFOA Distinguished Budget Presentation Award and Certificate of Achievement for Excellence in Financial Reporting annually.
3. **Accounts Payable Processing Time** – Average days from invoice receipt to payment issuance.

#### Information Technology

1. **System Uptime** – Percentage of critical City systems operational during business hours (target:  $\geq 99\%$ ).
2. **Help Desk Response Time** – Average time to resolve user-submitted IT support requests.
3. **Cybersecurity Training Compliance** – Percentage of employees completing annual cybersecurity training.

Iowa Colony  
FY25-26 PROPOSED BUDGET

## Public Safety

### Police Department

1. **Response Time** – Average time from dispatch to arrival for priority calls.
2. **Case Clearance Rate** – Percentage of criminal cases cleared through arrest or exceptional means.
3. **Community Engagement Events** – Number of public safety education or outreach events conducted annually.

### Fire Marshal

1. **Inspection Compliance Rate** – Percentage of scheduled fire and life safety inspections completed within required timeframes.
2. **Plan Review Turnaround Time** – Average days to complete fire protection system plan reviews.
3. **Public Education Sessions** – Number of fire safety education events conducted for businesses and schools.

### Animal Control

1. **Animal Intake Live Release Rate** – Percentage of animals adopted, transferred, or returned to owner.
2. **Response Time to Priority Calls** – Average minutes from report to on-scene arrival for urgent animal control cases.
3. **Licensing Compliance Rate** – Percentage of registered/licensed pets compared to estimated pet population.

## Judicial & Regulatory

### Municipal Court

1. **Case Disposition Rate** – Percentage of cases resolved within 90 days of filing.
2. **Collection Rate on Fines and Fees** – Percentage of assessed fines and fees collected within the fiscal year.
3. **Warrant Clearance Rate** – Percentage of outstanding warrants resolved annually.

### Permitting

1. **Permit Turnaround Time** – Average days to issue residential and commercial permits.
2. **Inspection Pass Rate** – Percentage of inspections passed on first visit.
3. **Online Application Utilization** – Percentage of permit applications submitted electronically.

### Code Enforcement

Iowa Colony  
FY25-26 PROPOSED BUDGET

1. **Case Resolution Time** – Average days from code violation report to resolution.
2. **Voluntary Compliance Rate** – Percentage of cases resolved without formal citation.
3. **Repeat Violation Rate** – Percentage of properties cited more than once in a 12-month period.

## Infrastructure & Development

### Public Works

1. **Work Order Completion Rate** – Percentage of assigned work orders completed within scheduled timeframes.
2. **Pavement Condition Index (PCI) Score** – Average PCI rating of City streets.
3. **Stormwater System Maintenance** – Percentage of drainage structures cleaned/maintained annually.

### Water / Utilities

1. **Water Loss Percentage** – Percentage of unaccounted-for water relative to total water produced (target:  $\leq 12\%$ ).
2. **Compliance with TCEQ Standards** – Percentage of water quality samples meeting all state regulatory requirements.
3. **Service Interruption Duration** – Average downtime per service interruption event.

### Community Development

1. **Development Review Turnaround Time** – Average days from development application submittal to initial staff review comments.
2. **Planned vs. Actual Development Compliance** – Percentage of approved projects completed as approved in plans.
3. **Economic Development Project Conversion Rate** – Percentage of targeted business prospects that commit to locating in Iowa Colony.

## Community Services & Preparedness

### Emergency Management

1. **Emergency Plan Updates** – Percentage of required emergency operations plan annexes updated annually.
2. **Training & Exercise Completion** – Number of staff and partner agencies participating in emergency drills per year.
3. **Notification System Reach** – Percentage of residents enrolled in the City's emergency notification system.

### Parks & Recreation

Iowa Colony  
FY25-26 PROPOSED BUDGET

1. **Park Maintenance Compliance** – Percentage of parks meeting established maintenance standards during monthly inspections.
2. **Program Participation** – Number of participants in City-sponsored recreation programs and events.
3. **Park Acreage per 1,000 Residents** – Maintain or increase ratio as population grows.

Iowa Colony  
FY25-26 PROPOSED BUDGET

## Glossary

- **Abatement:** A reduction or elimination of a real or personal property tax, excise, fee, or special assessment imposed by a governmental unit. Typically granted upon application and approval by the assessing authority.
- **Accounting System:** The full framework of records, procedures, and controls used to record, classify, and report the financial activities and status of a governmental unit.
- **Accrued Interest:** Interest that has accumulated on a debt since the last payment date up to, but not including, the date of settlement.
- **Amortization:** The process of gradually paying off a debt over time through scheduled payments of principal and interest.
- **Appropriation:** A legal authorization to expend funds and incur obligations for specific purposes, usually with time and amount limitations.
- **Arbitrage:** The practice of investing proceeds from tax-exempt bonds in higher-yielding taxable securities. The IRS restricts this and requires excess earnings to be rebated.
- **Assessed Valuation:** The value assigned to property for tax purposes by a governmental entity.
- **Audit:** A formal examination of financial records by an independent auditor to assess accuracy, compliance, and internal control effectiveness.
- **Audit Report:** A document summarizing audit findings, scope, and opinions, often accompanied by a management letter with recommendations.
- **Available Funds:** Non-recurring revenues or fund balances typically used for one-time expenditures or unforeseen costs.
- **Balance Sheet:** A statement showing assets, liabilities, and fund equity at a specific point in time.
- **Betterments (Special Assessments):** Charges levied on properties that benefit from public improvements, which may be paid in full or apportioned over time.
- **Bond:** A debt instrument through which a government borrows money, agreeing to repay the principal with interest on a specified schedule.
- **Bond and Interest Record (Bond Register):** The official record maintained for each bond issue, tracking principal and interest payment obligations.
- **Bonds Authorized and Unissued:** Bonds approved but not yet sold. Unused authorizations must be rescinded if no longer needed.
- **Bond Issue:** The process of offering bonds for sale to investors.
- **Bond Rating:** A credit rating assigned to a bond issuer to reflect its ability to repay debt. Ratings range from high (e.g., AAA) to low (e.g., C).
- **Budget:** A financial plan outlining expenditures and anticipated revenues for a specific period.
- **Capital Assets:** Long-term physical assets used in operations, such as land, buildings, infrastructure, and equipment.
- **Capital Budget:** A plan for funding major infrastructure or equipment purchases, often through borrowing or dedicated funding sources.
- **Cash:** Readily available money, including currency, checks, and bank deposits.

Iowa Colony  
FY25-26 PROPOSED BUDGET

- **Cash Management:** The monitoring and handling of a government's cash flow to ensure timely payments and efficient investment of surplus funds.
- **Certificate of Deposit (CD):** A bank-issued savings instrument with a fixed interest rate and maturity date.
- **Classification of Real Property:** Categorization of property by use, residential, open space, commercial, or industrial, for taxation purposes.
- **Collective Bargaining:** The negotiation process between employers and employees (or unions) regarding wages, benefits, and working conditions.
- **Consumer Price Index (CPI):** A measure of inflation that tracks changes in the price of a basket of consumer goods and services.
- **Cost-Benefit Analysis:** An evaluation tool that compares the benefits and costs of various options to support decision-making.
- **Debt Burden:** The total amount of outstanding debt, often expressed relative to assessed value or population.
- **Debt Service:** Annual payments on debt, including principal and interest.
- **Encumbrance:** Funds reserved to cover future obligations or commitments not yet paid.
- **Enterprise Fund:** A self-sustaining fund for services provided on a user-fee basis, such as water or sewer systems, which tracks full-service costs.
- **Equalized Valuations (EQVs):** The assessed value of all taxable property adjusted to reflect full and fair cash value.
- **Estimated Receipts:** Anticipated revenues used in budgeting, often based on prior-year collections.
- **Exemptions:** Legal releases from tax obligations for certain individuals or properties, such as veterans, seniors, or nonprofit institutions.
- **Expenditure:** The outlay of funds to support operations, services, or capital improvements.
- **Fiduciary Funds:** Funds held by a municipality in trust for others, such as pensions or scholarships.
- **Fixed Assets:** Long-lived tangible assets used in operations, including buildings, equipment, and land.
- **Fixed Costs:** Obligations that must be paid regardless of budgetary flexibility, such as debt payments or insurance premiums.
- **Float:** The difference between book balance and bank balance due to check clearing times.
- **Full Faith and Credit:** A government's pledge to repay debt using all available revenue sources, typically tied to general obligation bonds.
- **Fund:** A self-balancing set of accounts segregated to carry out specific activities or objectives.
- **Fund Accounting:** A method of accounting where resources are divided into separate funds to ensure compliance with legal or contractual requirements.
- **GASB 34:** A government accounting standard requiring broader and more transparent reporting of financial condition and infrastructure assets.
- **GASB 45:** A government accounting standard requiring disclosure of other post-employment benefits (OPEB) liabilities.

Iowa Colony  
FY25-26 PROPOSED BUDGET

- General Fund: The primary fund used to account for a municipality's core services and operations.
- General Obligation Bonds: Bonds backed by the full faith and credit of the issuing government.
- Governing Body: The elected or appointed group responsible for policy and budgetary decisions, such as a city council or board of aldermen.
- Indirect Cost: Expenses not directly linked to a specific program or service, such as administrative support or shared facilities.
- Interest: The cost of borrowing money, typically expressed as a percentage of principal.
- Interest Rate: The percentage charged or earned on a principal amount over time.
- Investments: Financial instruments held to generate income, such as bonds or real estate.
- Line Item Budget: A budget format that itemizes specific expenditures within each department or program.
- Local Aid: Revenue distributed by the state or county governments to support municipal budgets.
- Maturity Date: The date when a bond's principal is due to be repaid.
- Municipal: Refers to any unit of local government, such as a city, town, or special district.
- Note: A short-term debt instrument, typically repaid within a year.
- Objects of Expenditures: Categories for budgeted spending such as salaries, supplies, or capital expenses.
- Official Statement: A disclosure document prepared for investors detailing the specifics of a bond issue.
- Operating Budget: The annual plan for funding day-to-day municipal operations.
- Overlapping Debt: A municipality's share of debt incurred by another jurisdiction that encompasses it (e.g., regional schools).
- Performance Budget: A budgeting approach that links expenditures to program outcomes.
- Principal: The original amount borrowed through a bond or loan.
- Program: A group of related activities aimed at achieving specific outcomes.
- Program Budget: A budget format organized around services or goals rather than categories.
- Purchased Services: Expenditures for services provided by external vendors.
- Refunding of Debt: Reissuing debt at more favorable terms to replace existing obligations.
- Reserve Fund: A contingency fund for unanticipated or emergency expenditures.
- Revaluation: A process of reassessing property values to reflect fair market value for taxation.
- Revenue Anticipation Note (RAN): A short-term borrowing against expected revenues, such as taxes or state aid.
- Revenue Bond: Bonds repaid solely from specific revenue sources, not backed by general taxation.
- Revolving Fund: A self-supporting fund where revenues generated are used to support the same program without further appropriation.
- Sale of Real Estate Fund: A fund to track proceeds from the sale of municipal property, excluding tax-foreclosed properties.

Iowa Colony  
FY25-26 PROPOSED BUDGET

- Stabilization Fund: A savings fund intended to provide financial stability for future capital or emergency needs.
- Surplus Revenue: The amount by which assets exceed liabilities at fiscal year-end.
- Tax Rate: The amount of tax levied per \$1,000 of assessed property value.
- Tax Title Foreclosure: The legal process by which a municipality acquires property due to unpaid taxes.
- Trust Fund: Funds held for specific purposes under donor or legal restrictions.
- Uncollected Funds: Deposited checks not yet credited by the bank and unavailable for use.
- Undesignated Fund Balance: Year-end funds not reserved or encumbered, available once certified.
- Unreserved Fund Balance: The difference between a fund's assets and liabilities not legally restricted, sometimes called "free cash."
- Valuation (100 Percent): The legal standard requiring property assessments to reflect full and fair market value.
