CALL TO ORDER

Chairman Hurst called the meeting to order at 6:30 P.M.

CITIZEN COMMENTS

Dr. John Okewunmi stated that he has not heard from anyone regarding his concerns. He reported that the recent rainfall has caused flooding on his property, which he believes is a result of drainage issues associated with the Ellwood property located behind his property. He also expressed opposition to the proposed annexation of County Road 758. According to the resident, a swell has been created between his property and the Ellwood property, preventing stormwater from draining properly and causing water to accumulate on his property.

Erika Luna stated that they are in favor of the proposed rezoning because they believe it will benefit the community. They commented that this is a type of development the community currently does not have, and that many residents are excited about the proposed plan. They said that they believe it is a great idea and will be a positive addition to the area.

Jean Meyerson thanked the City of Iowa Colony for mowing the ditches and expressed appreciation for the City's efforts in maintaining the area.

Ibrahim and Jennifer Kamara, the property owners, addressed the Commission regarding their request for a zoning change. The proposed development would be a multi-use space featuring a small library, kid-friendly activities, and a meeting area for small groups.
