AON 29C.20 allocation request ref. lightning damage on the Atlantic ISICS communication tower. AOS #4150

State of Iowa Executive Council:

On 8-18-25, Motorola personnel discovered damage on the Atlantic ISCS tower. It appears the site was hit by lightning due to severe storms in the area. This strike disrupted various parts of the microwave system.

Motorola Warranty Representative Dave Gordon was able to provide the DPS Interoperability Communications Bureau an estimate of \$16,500 for repairs to the tower. Repairs will commence once a tower crew becomes available.

The DPS Interoperability Communications Bureau is respectfully submitting a 29C.20 allocation request for \$16,500 regarding this act of nature damage.

Thank you for your consideration.

Sincerely,

Sergeant Joshua Duden

Good Morning Lt.,

Here are two of the estimates I owe you.

Atlantic Lightning Repairs - \$16,500
Lourdes Lightning Repairs - \$14,500

I am still working on the Brooklyn lightning damage. This one is taking longer than I had planned. I am still working on what it will cost to replaced that site with Version 2 ODU's and RAC70 cards since we cannot get the Version 1 ODU's and RAC60 Cards.

Please let me know if you have any questions.

Thanks,
