A portion of the bed of the Mississippi River approximately 600 feet in frontage and 400 feet in depth with an appendage of 50 feet in depth and 70 feet in frontage at river mile 660.0 in Sections 2 & 3, Township 98 North, Range 3 East of the 5th P.M. in Allamakee County, Iowa as depicted in the attached map labeled Exhibit "A", which is hereby incorporated herein.

The Tenant, in consideration of the agreements below, leases from the State of Iowa the Leased Premises, according to the following conditions:

If the IAC571- Chapter 18 Fee Schedule is amended during the term of this lease, the fee shall be adjusted to meet the revised schedule.
- 3. TENANT'S USE OF THE PREMISES.** Consistent with the limitations described herein, the Tenant agrees during the term of this lease to use and occupy the Leased Premises only for piling of coal and remediating the parcel. Other uses are prohibited unless authorized by a written amendment to this lease.

4. STRUCTURES.

- a. Only those structures or fills existing on the Leased Premises at the time of execution of this lease are authorized under this lease. The following structures and fills exist on the premises at the time of execution of this lease:
 - i. Two (2) Conveyors
- b. The Tenant shall not materially modify, alter or add to those structures or fills identified herein without first obtaining permission from the DNR, which may require the issuance of a Sovereign Lands construction permit pursuant to Iowa Code section 461A.4 and 571 IAC chapter 13 depending on the extent of such modification or addition. The Tenant also agrees to obtain all necessary permits from other governmental agencies prior to performing any construction on the Leased Premises and comply with any zoning requirements that may apply to their adjacent property.
- c. If the structures described herein deteriorate beyond repair or are otherwise destroyed, regardless of cause, the Tenant must reconstruct, repair or remove such structures, but only after consultation with and written approval by DNR, which may require the issuance of a Sovereign Lands construction permit pursuant to Iowa Code section 461A.4 and 571 IAC chapter 13 depending on the extent of such modification or addition.

8. PUBLIC USE OF THE PREMISES. This lease shall not be construed to give the Tenant exclusive use of the Leased Premises. The right to enter upon the Leased Premises for any lawful purpose is hereby specifically reserved to the public of the state of Iowa. However, this lease is not intended to deny the Tenant the right to exclude the public from using the Leased Premises, or portions thereof, in a manner that poses risk to the public health, safety or welfare by virtue of the Tenant's authorized use or that unreasonably interferes with the Tenant's authorized use.

9. SURRENDER OF PREMISES AT END OF TERM. At the expiration of the term of this lease and any renewal periods, the Tenant will yield possession of the Leased Premises to the DNR and will restore the Leased Premises to a condition as laid out in a DNR approved decommissioning plan (Sovereign Lands Permit 2022-0482SL-01).

However, the DNR may terminate this lease for material violation of any condition of this lease. Notice of such termination by the DNR shall be given in writing, and the Tenant shall have 30 days after service thereof to remove themselves from the Leased Premises unless a longer period is specified in the notice. If the Tenant, after termination, fails to remove any structure or fill placed on state land under authority of a DNR permit or this lease, the DNR, with assistance from the Attorney General, may bring an action for a court order compelling removal at the Tenant's expense.

13. NOTICES. All notices provided to be given, or which may be given, by either party to the other shall be deemed to have been fully given when made in writing and deposited in the United States mail, postage prepaid, addressed to the parties as provided above.
