AON 29C.20 allocation request ref. a broken antenna on the Franklin ISICS communication tower.

State of Iowa Executive Council:

On 8-17-26, Motorola personnel discovered damage to a radio antenna on the Franklin ISCS tower. High winds from severe storms are believed to have caused this damage.

Motorola Warranty Representative Dave Gordon was able to provide the DPS Interoperability Communications Bureau with an estimate of $8,500 for repairs to the tower. Repairs will commence once a tower crew becomes available.

The DPS Interoperability Communications Bureau is respectfully submitting a 29C.20 allocation request for $8,500 regarding this act of nature damage.

Thank you for your consideration.

Sincerely,

Joshua Duden

Sorry for the delay.

Here are the estimates:

Lourdes Radome - $9,800
Mitchellville tower lights -$7,500
Van Wert lightning damage - $30,000
Van Wert radome (3rd dish) - $9,800
Franklin antenna - $8,500

Emmet dish damage? - I do not think there is damage but the picture was not the best. If you want to estimate just in case please use $10,000. We need someone to stop by and get a better pic of said dish.

Please let me know if you have any questions.

Thanks,

Dave
