Executive Secretary
Executive Council of Iowa
State Capitol
LOCAL

Re: Emergency Allocations of Funds

Dear Ms. Newton,

On or about April 28, 2021 the Iowa Communications Network (ICN) received physical damage to ICN Communications equipment in Des Moines, Iowa. An email was sent to the Office of the Auditor of State and the Executive Council. This letter represents a claim for \$32,155.80 in accordance with Chapter 29C.20 of the Code of Iowa for an emergency allocation of funds to repair damages sustained. Paid invoices will be included upon completion of repairs.

It was determined ICN equipment will need to be relocated due to continued and excessive erosion along the north right-of-way of US Highway 34 in Wapello County, IA. Enclosed are the damage assessment and cost estimate to restore that damaged equipment to normal operating condition.

If you have any questions regarding this claim, please call my office at 515-725-4666 located in the Grimes State Office Building.

Sincerely,

Randy Goddard
Executive Director

June 19, 2021

To Whom It May Concern:

Due to my absence from the office beginning June 19, 2021 through June 28, 2021, Deb Evans has signature and operational authority on my behalf. The authorization is applicable as needed during the time of my absence.

Ms. Evans agrees that she understands and accepts a fiduciary duty to the ICN, the State of Iowa, and the citizens of Iowa in executing this authority. If Mrs. Evans determines that she has a conflict of interest in any matter too which the ICN or State is to be committed, she should decline to sign or act on my behalf.

Signed and effective this 19th day of June, 2021.

Randy Goddard
Executive Director

Estimate for ICN Fiber Cable Damage: Outside Plant Log #90210207

This estimate is for the relocation of an exposed ICN cable and conduit along US Highway 34 west of Ridge Road in Wapello County. Field investigation determined the exposure was the result of excessive erosion and the Executive Council was notified of ICN's intent to submit this as a claim for reimbursement on April 28, 2021. Relocation will require placement of approximately 1700 feet of new conduit and cable and introduction of two new maintenance splices.

No FNS Tech hours services have been included in this estimate nor will they be included in final invoice (incident occurred within the monthly contracted 1500 hours of technical labor).

Estimated costs for this project are listed below:

Construction Labor	\$26,944.24
Splicing Labor	\$1,987.76
Materials	\$3,223.80
Fiber Network Service Hours	\$0.00
 Grand Total	 \$32,155.80

Please feel free to contact me if you have any questions.

To: "Dana [AOS] Davis" <Dana.Davis@aos.iowa.gov>, Executive Council group email <ExecutiveCouncil@tos.iowa.gov>, "Harris, Victoria [ICN]" <victoria.harris@iowa.gov>, "Hollingsworth, Tammy [AOS]" <tammy.hollingsworth@aos.iowa.gov>, Kammy Mchone <kammy.mchone@iowa.gov>, Scott Pappan <scott.pappan@iowa.gov>, Ryan Mulhall <ryan.mulhall@iowa.gov>, "Harris, Chris [ICN]" <chris.harris@iowa.gov>

Good afternoon,

An ICN field technician discovered exposed ICN cable today at a culvert along the north right-of-way of US Highway 34 in Wapello County just west of Ridge Rd between Ottumwa and Albia. Exposure is the result of continued and excessive erosion of the bank and will require relocation via directional bore of the river and placement of maintenance splices. The ICN would like to submit this as a claim for reimbursement for damages due to natural causes (erosion). Please let me know of any questions.

Respectfully,

Dave Augspurger
