## Storm Lake Site Storm Damage Report

On April 21<sup>st</sup>, 2022 there was a report of a broken dish cover at the ISICS Storm Lake Site. There were winds storms in the area on 4-12-22.

### Storm Lake Tower Damage

1 of the dishes on the tower sustained damage from the storm. This is the primary 6ft dish facing the Calhoun site.

### *Facing Calhoun Site*

The primary dish facing the Calhoun site had to have the dish radome cover replaced.

The dish had to be removed from the tower and lowered to the ground. Then a new cover was installed on the dish. The dish then had to be raised back up the tower and re mounted. The dish was aligned back into specifications towards the Calhoun site.

Ref. AON 29C20 Allocation Request ref. 4-12-22 broken radome cover on the Storm Lake ISICS Communication Tower.

State of Iowa Executive Council:

On 4-12-22, Strong winds in the Buena Vista County area had blown debris into the radome cover on the Storm Lake ISICS Tower causing it to break. On 4-21-22, a Motorola Tower Repair crew noticed the damage and reported it. A 29C20 Initial Notification was made on 4-21-22 and sent to the Executive Council regarding this AON Event (See attached email).

On 5-31-22, Motorola provided an estimate to repair the radome cover on the Storm Lake ISICS Tower. The repair is estimated at \$8,722.00. Due to supply chain delays and other Motorola towers repair commitments the repairs to the tower had been delayed; however, they are now in progress and we should be receiving an invoice soon.

The DPS Interoperability and Communications Bureau is respectfully submitting a 29C20 Allocation Request for \$8,722.00 for this AON damage

Thank you for your consideration.

Captain Richard Pierce

**Attachments:** 4-12-22 Initial 29C20 Notification of Storm Damage to ISICS Towers - Mason City and Franklin

Executive Council and Tammy,

On 4-21-22, Motorola was conducting tower inspections and noticed a radome cover on the **Storm Lake ISICS Tower in Buena Vista County** was cracked (broken). Due to Motorola's last inspection being just days before the 4-12-22 storm it is suspected the damage occurred during that event. I will be receiving a repair estimate from Motorola and photos within a few days. Please accept this email as the required notification regarding act of nature damage. For reference, I have attached the 4-12-22 notification regarding the damage to Mason City and Franklin ISICS towers that occurred during the same event.
