FYI,

I am sending this email as my 24 hour notification regarding my state vehicle coming in contact with a deer (Nice Buck), while returning from a Level-1 Background Investigation in Wisconsin. I was traveling west on US Hwy 18 about two miles west of Mt. Ida, WI, at approximately 9:40pm on 9/29/22, when a deer came out of the south ditch and came running across the road. I hit my breaks and turned my vehicle towards the north shoulder of the road, when the deer hit my driver's side, front light and quarter panel. There were no injuries and no other vehicles involved in the accident. I checked the road for debris, and found none, and I was unable to locate the deer. I notified my supervisor, SAC Wayne McGlaughlin, and was able to drive the car away from the accident.

Vehicle Number: 634

2015 Ford Taurus

I plan to get an estimate for repair from an approved shop. Please let me know if there is anything else I need to do.

Thanks!

Jason
