RE: TEAP Agreement with the State of Missouri Highways and Transportation Commission

---

Attached to this memo is an ordinance authorizing the Mayor to execute a Traffic Engineering Assistance Program (TEAP) Agreement with the State of Missouri Highways and Transportation Commission. The City was awarded a TEAP grant for the study of Main Street from West Jackson Boulevard to Hope Street. The purpose of the study would be to identify possible solutions to improve the safety of pedestrians traveling along and crossing Main Street.

TEAP funds allow local public agencies to receive engineering assistance for studying traffic engineering problems such as pedestrian safety. TEAP funds can cover up to 80% of a project cost, up to \$12,000.
