regular meeting minutes)

The minutes of the previous meeting were unanimously approved on a motion by Commissioner Bill Fadler, seconded by Commissioner Tony Koeller.

PUBLIC HEARINGS

Consider a request for rezoning the)
southwest corner of E Main Street and)
S Shawnee Boulevard)
(county parcel number)
15-113-00-16-001.00-0000). Currently)
known as the Penrod William J Trust)
from an R-4 General Residential District)
to a C-2 General Commercial District as)
submitted by William J. Penrod Trust.)

Chairman Dryer opened the hearing. Mr. Miller read a report detailing the dates of the application and notifications for this request.

Mr. Penrod, from 307 County Road 533 Jackson, MO 63755, came forward and was sworn in. Mr. Penrod explained to the Commission that he wants the property rezoned to C-2 (General Commercial) because he has someone interested in putting a small business inside one of the buildings on E Main Street.

Commissioner Tina Weber asked if he was considering selling the property, and Mr. Penrod said he was in about a year and a half.

Commissioner Tony Koeller asked if he would leave them as residential buildings, allowing the potential buyer to turn them into office spaces. Mr. Penrod said yes, he was going to leave them as residential.

Commissioner Tony Koeller clarified that this request allows the potential buyer to use the property commercially. Mr. Penrod said yes, he has yet to make plans for turning the building into commercial use. He said he wanted to sell it with the option to do so.

Chairman Dryer asked if anyone else wanted to speak in favor of this request. Seeing no one come forward, he asked if anyone was there to speak in opposition to the request.

Mr. Kirchherr from 105 N Donald Street came forward and was sworn in. Mr. Kirchherr had a prepared statement he read in opposition to the request. He said he has lived at his address for 44 years and doesn't want it to be commercial. He said it would lower his property value, create more traffic, and alter the neighborhood's appearance with signage. Mr. Kirchherr said it is his opinion that Mr. Penrod only wants to change the zoning so he can make money. Mr. Kirchherr requested that the rezoning request be denied.

A letter of opposition from Brittany Moore, that lives at 106 N Donald Street, was given to Mr. Miller by Mr. Kirchherr. Mr. Kirchherr said Ms. Moore couldn't be there because she was working. Mr. Miller read the letter to the Commission, stating she opposed the request because it would affect the property value of her property, increase traffic in the area, and alter the neighborhood's appearance with signage. Ms. Moore wrote that the rezoning would only benefit Mr. Penrod and not the other properties in the neighborhood.

Ms. Laura Richardson from 111 N Donald Street came forward and was sworn in. Ms. Richardson said her parents owned the house in the seventies, and she doesn't want the property to be zoned as commercial. She said that once it's zoned commercial, it can become any of the several businesses allowed in a C-2 General Commercial district. She said that would cause more traffic in the area with a high traffic flow. Ms. Richardson said she does oppose the rezoning change.

Seeing no one else wanting to speak in opposition Chairman asked the Commission if they had any questions.

The Commission then discussed what could go next to a Residential district and how much worse the traffic would be with a business on the property.

After their discussion, a motion was made by Commissioner Tony Koeller to approve the rezoning of an R-4 (General Residential) into a C-2 (General Commercial) district. Commissioner Heather Harrison seconded it, and it was unanimously denied.

of .45 Acres from a 6.4 Acre Parcel)
(Parcel #14-318-00-02-004.01) to)
798 Hillcrest Drive Submitted by)
Jackson Ridge Development, LLC.)

Mr. Miller reported that the land exchange is on a section of land with a pond, and the owners of 798 Hillcrest Drive want their property to go to the pond.

Lori Blount, the applicant from 798 Hillcrest Drive, came forward and said there was a large pond on the property, and she wanted to extend their property to the edge of the pond. She said there would be an easement around the pond so Jackson Ridge Development, LLC, could maintain it.

Chairman Dryer asked if there was a motion to approve the land exchange.

Commissioner Beth Emmendorfer made a motion to approve the land exchange. The request was seconded by Tina Weber and was unanimously approved.

Timothy and Edna Estes.)

Mr. Miller reported that the land exchange is from an empty lot that belongs to 509 Forest Street, owned by Timothy and Edna Estes. The section of land going to 520 Greensferry will be the southern section of the empty lot shown on the plat.

Mr. Richard Raymond from 520 Greensferry Road came forward and said he wanted to buy the tract from Timothy and Edna Estes.

Commissioner Tony Koeller asked if the lot was big enough to build on, and Mr. Miller said it wasn't and reminded the Commission that the lot belongs to 509 Forest Street.

Chairman Dryer asked if there was a motion to approve the land exchange.

Commissioner Tina Weber made a motion to approve the land exchange. Commissioner Tony Koeller seconded the request, and it was unanimously approved.

Staff Report

ACTION ITEM: Consider a request on behalf of the City of Jackson, Missouri, for a text amendment to Chapter 65 (Zoning) of the Code of Ordinances relative to attached or painted signs.

APPLICANT: City of Jackson

APPLICANT STATUS: Municipal Governing Authority

PURPOSE: This text amendment will do away with the special use permit for attached or painted signs over fifty (50) square feet and develop a standard comparable to other cities.

APPLICABLE REGULATIONS: Land Subdivision Regulations (Chapter 57); Zoning Code (Chapter 65)

COMMENTS: Currently, the City Code Sec. 65-21. - Sign uses and regulations (2) state that an attached or painted sign containing not more than fifty (50) square feet in sign face area shall be permitted on any building or structure in any office, commercial, or industrial district. An attached sign shall not project more than twelve (12) inches from the building if mounted parallel to the wall, or four (4) feet, if mounted perpendicular to the wall, and shall not project above the principal roof of a building, except that a sign may be attached flat against or painted on a parapet wall extending not more than three (3) feet above such roof line. Attached signs in excess of these requirements shall require a special use permit.

Changing this ordinance will make Jackson a more business-friendly community by not requiring business and property owners to undergo the often time-consuming process of obtaining a special use permit for these signs.

ACTION REQUIRED: The Commission and City Staff will need to compare ordinances from other cities and develop an ordinance that simplifies the process without compromising aesthetics or safety. Once an ordinance is created, a public hearing is optional at the P&Z level but required for the Board of Alderman.

Staff Report

ACTION ITEM: Consider a request on behalf of the City of Jackson, Missouri, for a text amendment to Chapter 65 (Zoning) of the Code of Ordinances relative to tow companies.

APPLICANT: City of Jackson

APPLICANT STATUS: Municipal Governing Authority

PURPOSE: This text amendment will define a tow company and establish what zoning districts they can be allowed in.

APPLICABLE REGULATIONS: Zoning Code (Chapter 65)

COMMENTS: This amendment will do away with the need to classify tow companies under the following similar or generic categories:

- Residential Districts, Mobile Home District, and Professional Office Districts provide no categories under which a tow company can be classified.
- C-1 Local Commercial District: Any other type of business, institutional, governmental, professional, or medical use, retail store, or service use not specifically permitted herein when authorized by the board of aldermen after receipt of review and recommendations from the planning and zoning commission, and only when such use is consistent with the intent and purpose of the C-1 Local commercial district regulations.
- C-2 General Commercial District: Any other type of business, institutional, governmental, professional, or medical use, retail store, or service use not specifically permitted herein, when authorized by the board of aldermen after receipt of review and recommendations from the planning and zoning commission, and only when such use is consistent with the intent and purpose of the C-2 General commercial district regulations.
- C-3 Central Business District: Any other retail or service use of similar character which is not specifically permitted herein, with a special use permit only and only when such use is consistent with the intent and purpose of the C-3 Central business district regulations. (When located at least 50' from a residential district and separated by a privacy fence.)
- C-4 Planned Commercial District: All planned commercial developments in this district require a special use permit. (This district is solely for "modern retail shopping facilities of integrated design in appropriate locations to serve residential neighborhoods). There is currently no property zoned C-4.
- I-1 Light Industrial District: Any other light industrial use of a similar character which is not specifically permitted herein, with a special use permit only, and only when such use is consistent with the intent and purpose of the I-1 Light Industrial District. (When located at least 50' from a residential district and separated by a privacy fence.)
- I-2 Heavy Industrial District: Motor vehicle wrecking, salvage, storage, and sale, with a special use permit only.

- I-3 Planned Industrial District: Allows all uses in all other commercial and industrial districts, except residential uses, with the same conditions stipulated in each district.

ACTION REQUIRED: The Commission and City Staff will need to compare ordinances from other cities and develop an ordinance defining a tow company and establishing what zoning districts they will be allowed. Once an ordinance is created, a public hearing is optional at the P&Z level but required for the Board of Alderman.
