

## PUBLIC WORKS MEMORANDUM

# City of Jackson

---

**TO:** Mayor and Board of Aldermen

**FROM:** Janet Sanders, Director of Public Works

**DATE:** June 25, 2024

**RE:** Greensferry Road Rumble Strip Removal

---

During a previous study meeting, the Board has informally expressed the desire to remove the rumble strip installed along the centerline of Greensferry Road due to residents' complaints of noise created by frequent traffic crossing the rumble strip. A map of the rumble strip location is attached.

Installation of this rumble strip was previously approved by the Board of Aldermen on August 21, 2023 and completed under the Main Street and Greensferry Road Striping Project contract under Ordinance #23-67. Removal of the rumble strip should therefore also be documented as approved by the Board.

This removal, if approved, will be completed this summer as part of the 2024 Asphalt Street Program.
