Re: Telephone and Internet Services Agreement

In response to the City's Request for Qualifications for the provision of telephone and internet services for various city-owned locations, Big River Communications, with their Circle Fiber division, was the only respondent to our request. As the main telecommunications provider for the City of Jackson since 2011, Big River has a reliable record in their commitment to the City's operations.

We recommend that the Board approve the selection of Big River Communications/Circle Fiber as the vendor to provide both existing and upgraded telecommunication services to City operations, as deemed necessary by staff.
