RE: Amendment 8 to Horner & Shifrin Task Order 19-04 for Water System Facility Plan Improvements Phase 2

Attached is a proposed amendment to Task Order 19-04 for Horner & Shifrin's work on the Water System Facility Plan Improvements Phase 2. This amendment would increase the existing task order by \$30,600.00 and is related to additional work performed outside the original task order related to design changes to accommodate easement locations acceptable to Aldi and McDonalds.

It also addresses Horner & Shifrin's rate increases into 2025-26 when they will be completing the bidding and construction phases of the East Jackson Boulevard Water Main Upgrade (Phase 2E) Phases 1 and 2.

As always, if you have questions, please contact me at jsanders@jacksonmo.org or 573-243-2300 x 2031.
