Dr. Steve Hoffman reminded the Commission about the upcoming Missouri Main Street Connection Quarterly Workshop on November 9, 2023, from 9 a.m. to 5 p.m. He said it would be at the Montgomery Bank training facility in Jackson. Dr. Hoffman told the Commission that May is Historic Preservation Month, and it would be a good idea to maybe have a workshop for an activity as a way for the community to get involved.

Dr. Hoffman discussed different ways to become a landmark or a district with the Commission. He said if the commission has a list of houses that need to be researched, they could send it to him, and he could have his students look into them as possible landmarks.

Dr. Hoffman discussed several other topics and gave the Commission a lot of good information about historic preservation. He told the Commission to contact him with any questions they may have.
