Re: Huntington's Disease Presentation

Kim Loos Landewee is here to share information about Huntington's Disease and the Team Hope Walk Southeast Missouri. Kim is a full-time volunteer with the Missouri chapter of the Huntington's Disease Society of America, where she serves as chapter president and Southeast Missouri Team Hope Walk coordinator. Her volunteer efforts focus on raising awareness, advocating for individuals and families affected by Huntington's Disease, and educating the community about HD.

Kim is especially passionate about this cause because her godmother passed away from Huntington's Disease at the age of 55.

Last month, Mayor Hahs presented Kim with a proclamation declaring the month of May as Huntington's Disease Awareness Month.
